PRINCE RUPERT, B. C., TUESDAY, NOVEMBER 19, 1918. PRICE FIVE CENTS

Big Sum Has Been Subscribed EXCESS SUBSCRIPTION IS ANNOUNCED AS THIRTY-FIVE PER CENT.

**VICTORY LOAN SURPASSES
HIGHEST EXPECTATIONS;
TOTAL NOW \$676,027,217**

**PROVINCE SURPASSES ITS OBJECTIVE AND BRITISH
COLUMBIA STANDS VERY HIGH IN AMOUNT
SUBSCRIBED CONSIDERING THE
POPULATION**

(Special to The News via G. T. P. Telegraphs.)
Toronto, November 19.—None of the most sanguine estimates of the success of the 1918 Victory Loan came anywhere near the realization, as expressed in an official despatch of an announcement at a great meeting in Massey Hall here last night.
In three weeks' drive Canada subscribed the great sum of \$676,027,217 which means that the loan is over subscribed by more than 35 per cent. The Dominion total for the whole campaign last year was \$420,000,000.
Every province in the Dominion went over its objective, most of them by substantial margins. The totals are: British Columbia, \$3,306,667; Alberta, \$18,189,600; Saskatchewan, \$23,889,000; Manitoba, \$43,639,900; Montreal (city and island), \$143,433,050; Quebec (outside Montreal), \$32,000,000; New Brunswick, \$16,000,000; Nova Scotia, \$30,000,000; Prince Edward Island, \$2,000,000, and Ontario, \$329,679,000.

**TELEPHONE RATES
ARE INCREASED BY
REDUCING DISCOUNT**

A slight adjustment of the amount it is going to be possible to make the telephone pay running expenses another year. That adjustment was made last night at the meeting of the City Council when a bylaw was passed through all its stages reducing the discount from one dollar a month to five and a half per cent. or less per cent. if paid six months in advance.
Alderman Kirkpatrick put up a fight for cheaper residence phones and higher business rates, where he contended that most of the saving was done. She particularly asked for a cheaper rate for those whose husbands were away with the military forces.
The mayor pointed out that many of the residence phones were used just as much as the business phones. Last year there was a profit of only \$52 on the telephone service and advances in the rate had absorbed that and they were going behind, a condition that could not be allowed. It was impossible to increase wages and at the same time increase the cost of the telephone service. By making this change they hoped to break even.
In addition to the reduction of the discount rate the deposit of three dollars on the installation of a new service becomes a fixed charge.

**SCHOLARS GET
A WEEK MORE**

**School Board Closes Down Schools
For Another Week, Till Last
Germ of Influenza
Is Killed.**

**SCHOOL BOYS ENJOYING
ENFORCED HOLIDAY**

At the meeting of the School Board held last evening, it was decided, in view of the widespread feeling of insecurity among the parents of the children, that the schools will be closed for another week, until the epidemic of influenza has entirely disappeared. While influenza may be said to have gone, even at this date, still there are many patients not yet fully recovered, and it was considered that it would be well not to take any chances whatever. The King Edward School, therefore, did not open today, and neither did Borden Street School, and the youngsters are having a week of fine hard weather for sleighing.

Dr. McNeill was in attendance at the meeting last evening, and recommended, in order to satisfy public opinion to the fullest, that the Borden Street School be Kalsomined again from top to bottom, even although it was done but recently. The school building has already been fumigated, and this course, he considered, ought to be followed with regard to the school books as well. Desks and all the other appurtenances of the school will be cleansed with carbolic, under medical supervision, so that there will not be the slightest chance of any germs surviving within the walls of the late emergency hospital.

The Board of trustees concurred in this view, and the work will be pushed forward with all speed, so as to enable the scholars to take their accustomed places next week.
Mrs. W. C. Orchard, Miss Orchard and Fred Orchard all arrived early this morning from Edmonton where they have been down with influenza.

**CANADIANS RETURN
AT 20,000 A MONTH.**

Ottawa, Nov. 19.—Canadian troops it is expected will be brought back from overseas at the rate of about 20,000 a month. That would make it something like a year, before they all reach home.

**COMMENDATION FOR
ALL GOOD WORKERS**

**Vote of Thanks Passed by Council
To All Who Helped During
Influenza Troubles.**

At the Council meeting last night a vote of thanks was passed to all who in any way helped to look after the sick or, in any way to relieve the suffering during the recent influenza scourge.

Alderman McTae said that while much had been made of the work of those at the Borden St. Hospital, nothing had been said of those who gave their services freely at the General Hospital. The mayor mentioned the good work done in the early stages by Mrs. Vickers and Miss Davies. Mr. Peters said the clergy had mentioned with commendation the services rendered by Henry Smith, the caretaker at the cemetery. Alderman Kirkpatrick spoke of the splendid work done by women in their private capacity in looking after neighbors. She thought the women of Prince Rupert had shown up in a grand manner.

**TOMO MUNIZABE WAS
WELL KNOWN AT MILL**

**Funeral Took Place This Afternoon,
Rev. Canon Rix Officiating—
Wife and Two
Children Left.**

The death occurred at the family residence, Eighth Ave., on Saturday of Tomo Munizabe, craneman at the Prince Rupert mill, one of the best known and most popular of the employees of the company. He leaves a wife and two children.
The funeral took place this afternoon from the Haynor chapel with Rev. Canon Rix officiating. There was a large attendance and a good many floral emblems were sent by friends.

**CANNERS TAKE ISSUE WITH
CANADA FOOD BOARD OVER
DISPOSITION OF THE PACK**

**ONLY FOUR PER CENT USED SO FAR; REMAINDER VALUED
AT \$8,000,000 IS STILL ON THE COAST
WAITING SHIPMENT**

(Special to The News via G. T. P. Telegraphs.)

Vancouver, November 19.—The salmon canners of British Columbia are making strenuous efforts to have a fully authorized representative of the Food Board sent here to investigate a state of affairs alleged to exist on account of the requisitioning of the salmon pack, which, it is contended, is not only deplorable with regard to the present pack, but inimical to the prospects of the industry in future.

It is declared that in spite of the claims that the salmon of British Columbia is needed for the civilian population of the old country, and was commandeered, only four per cent of the commandeered salmon has been shipped, while the remainder, valued at nearly \$8,000,000 is still here.

It is pointed out that it is not so much a matter of price, but the manner in which the business is being delayed, at which canners complain.

**MARSHAL FOCH
TO HEAD ENTRY
TO STRASSBURG**

**Allied Troops Steadily Moving
Into Evacuated Territory as
Germans Withdraw;
Turks Loot Before
Leaving Baku.**

(Special via G. T. P. Telegraphs.)

London, Nov. 19.—The Allied forces are moving gradually into the territory which is being gradually evacuated by the German troops under the terms of the armistice.

Field Marshal Haig reports:—“The second and fourth armies continue their march today. Our advanced troops reached the general line of Florrens, Clarlenoy, Senefle and Hal.”

It is officially announced that the French troops led by General Pain will enter Metz today. Subsequently Generals Cateleau and Magin will follow with their armies.

The entry into Strassburg, which will be headed by Marshal Foch, will take place Sunday or Monday.

The Russian seaport of Baku on the west coast of the Caspian Sea was recaptured by British and Russian forces on Sunday, it is officially announced. The Turks before evacuating the port looted it. This has already been brought to the attention of the Turkish Government as a violation of the armistice and reparation will have to be made.

**DUTCH GOVERNMENT
SURVIVES THE STORM**

(Special by G. T. P. Telegraphs.)

New York, Nov. 19.—The Dutch Government seems to have survived the storm. The revolutionary party took advantage of the presence of the Kaiser in that country to try to cause a movement against the Government of Queen Wilhelmina. This morning W. H. DeBeaufort, Charge d'Affaires at the Dutch Legation here, received the following cable message from The Hague:

“The means taken by the Netherlands Government to preserve order have been entirely successful, and the people of the country have proven their loyalty and patriotism in the present situation.”

**S. S. PRINCESS MARY
ON HER INITIAL TRIP**

**Captain Slater Speaks Appreciatively of His Reception at
Juneau at Trying
Time.**

The C. P. R. Princess Mary arrived in port yesterday, bringing a very small list of passengers and not much cargo. Those disembarking here were A. Smith, R. Barnes, Mrs. R. Brown, S. N. May, and Mr. Stevenson.

Captain Slater who was in command had command of the Alice on her recent trip as a death ship from Juneau to Victoria with the bodies of those picked up from the wrecked Sophia.

Speaking of the trip, Captain Slater said it had been an exceedingly trying one, but he found the customs and other officers at Juneau most helpful, everyone doing all they could under the circumstances. He also said that it was generally understood there that everything possible had been done. He received none but the most cordial treatment from everyone.

**WOULD MAKE
PRINCE RUPERT
MINING CENTRE**

**D. B. Morkill Proposes Opening
Office Here in the Spring;
Hazelton View Mine.**

That Prince Rupert should be a most important mining centre is the view of D. B. Morkill, mining engineer and surveyor, who is in the city for a few days before proceeding to Vancouver for the winter. So impressed has Mr. Morkill become with the desirability of this city from the mining point of view that he is talking of opening an office here next spring and making it his base of operations for the north country. He says that not only is the great interior tributary to this city from a mining point of view but the Stewart revival will be operated largely from here. The Observatory Inlet Mines and the various island operations all can be served from this one centre.

Has Location.

There has to be a converging point in all mining districts where the mining men can get the latest mining news and where prospectors and miners will compare notes and swap yarns. Such a place should be the city of Prince Rupert. It has the location, and its growing commercial importance makes it desirable as a centre.

Mr. Morkill has been in charge of the development work on the Hazelton View mine, but has turned the work over to “Duke” Harris, who is also well known in the district. Work will be continued throughout the winter, supplies having been ordered until June next. By that time the work will have shown what the next step will be.

Ore Bodies.

There are two ore bodies on the property, one a gold-cobalt and the other molybdenite. A car load of the molybdenite was shipped during the summer but no returns from it have been received yet. There is also at the mine ready for shipment a carload of the gold-cobalt ore. These high-grade ores are being shipped more or less as tests.

Two tunnels are to be driven during the winter and on the result of this work will depend the future plans of the owners.

**QUEBEC CITY
FLOODED BY
A GREAT TIDE**

**Easterly Gale Sweeps Waters
Through the Lower City;
Contents of Business
Houses Ruined.**

**DAMAGE ESTIMATED
AT MILLION DOLLARS**

(Special by G. T. P. Telegraphs.)

Quebec City, Nov. 19.—Damage which may reach to a total of over a million dollars was caused here within the space of an hour last evening, when a huge flood tide, swept in by an easterly gale, blowing at the rate of over seventy miles an hour, flooded the streets of the lower town, as well as the basements of the wholesale flour, grain, provision and other merchants' stores.

Great damage was also caused along the river front at other points, as well as in the streets of the city. The inundation of the river in the lower town was greater than has been experienced in many years. The waters continued to rise long after the high water mark was reached, and the waterfront streets were quickly submerged, with every basement filled with water. For a whole hour, the waters continued to rise higher and higher, as the river was dammed back by the force of the gale.
So far no loss of life has been reported.

**FORMER VANCOUVER
PASTOR FOR OTTAWA**

(Special by G. T. P. Telegraphs.)

Toronto, Nov. 19.—Rev. J. W. Woodside, pastor of Chalmers Presbyterian Church, Toronto, has received and accepted a call to Chalmers Church, Ottawa. Mr. Woodside came to Toronto from Vancouver four years ago. He will receive a salary of \$4,500 a year, with six weeks' vacation.

**TELEGRAPH OPERATORS
WIN IN WAGE FIGHT**

(Special by G. T. P. Telegraphs.)

Montreal, Nov. 19.—The operators for the Great North West Telegraph Co. have won out in their struggle with the Railway War Board. They have been placed on the same basis as the C. P. R. operators by the Wage Board. The increases in salary they will receive will date back to September 1.
