Are Huns Using Bolsheviki TRYING TO DESTROY ALLIES' UNITY AND CAUSE TROUBLE AT HOME

GERMAN ACTIVITIES HAVE NOT YET CEASED SAYS SIR GEORGE CAVE IN LONDON

WORKING IN HOUSE OF LORDS HE SAYS CLOSE ALLIANCE
EXISTS BETWEEN GERMANY AND BOLSHEVIKI;
PROPAGANDA MATERIAL IS
BEING SENT OUT

(Special to The News via G. T. P. Telegraphs.)
London, November 20.—Sir George Cave who recently resigned from the position of Secretary of State for the Home Department in Lloyd George's Cabinet and was elevated to the peerage, in speaking in the House of Lords last night said that although there was a pause in hostilities the enemy's activities had not ceased.
"Germany has already begun to try to destroy the unity of the Allies and our unity at home," he said. "I believe there is a close alliance between the Bolsheviki and Germany. I have had evidence of this during the last week." Regarding the press bureau Sir George said he saw no reason why it should be abolished. He said he saw only the other day press cables from Russia which were "Obviously false and intended for propaganda purposes."
"We ought not to relinquish weapons provided by the Defence of the Realm Act for dealing with the Bolsheviki," he said, "a bill continuing the Aliens Act of 1914 should be introduced in the next Parliament enabling the Government to impose restrictions upon the landing of enemy aliens," he concluded.

sheviki Government.

(Special by G. T. P. Telegraphs.)
Copenhagen, Nov. 20.—A great communistic plot has been uncovered in Vienna, according to reports received here today. Plans had been laid to seize all public buildings and to proclaim a Bolsheviki Government. The authorities, however, got wind of the proposed uprising, and made several hundred arrests.

SIR WILFRID TO CALL NATIONAL CONVENTION FOR PEACE PROBLEMS

(Special via G. T. P. Telegraphs.)
Ottawa, Nov. 20.—Sir Wilfrid Laurier, the veteran chief of the Liberal party in Canada, while speaking at a banquet given here to celebrate his seventy-seventh birthday, announced his intention of calling a National Convention of Liberals in order to discuss the problems placed before Canada and the Empire with the coming of peace.

MINING NOTES FROM HAZELTON DISTRICT

That an eastern concern has taken options on practically the whole of Nine Mile mountain and that if the present plans work out successfully there will be very considerable activity in that neighborhood in the spring is the most recent word from Hazelton. There has been a good deal of stripping and other work done during the summer and autumn and those in a position to know say they think the options will be taken up and in all probability work will be going ahead soon.

It is pointed out that in order to overcome the handicaps of transportation the only method is to co-operate or to unite. In either case the cost of working is lessened very considerably. Co-operative work in mining has not been a success. There is too much possibility of overreaching each other that owners are always more or less suspicious. If the new owners take working leases or purchase the properties included in the group on Nine Mile they should be able to make the production profitable.

W. J. Smithers, late manager of the Bank of British North America here, is leaving the city tomorrow evening to report at Vancouver. Mr. Smithers is not aware yet to which branch of the bank he will be transferred. Mrs. Smithers will remain here meantime. The many friends of Mr. and Mrs. Smithers in Prince Rupert will regret their departure exceedingly. Both Mr. and Mrs. Smithers rank with the old timers here, and are deservedly popular.

NO MORE INDIVIDUAL PRISONERS' PARCELS

Needs Being Attended to By the
Canadian Red Cross, or
Similar Society.

(Special by G. T. P. Telegraphs.)
Ottawa, Nov. 20.—A telegraphic advice has been received by the Canadian High Commissioner in London to the effect that on account of the repatriation of allied prisoners of war all individual parcels for the use and comfort of prisoners of war have been stopped. The needs of the prisoners are being attended to by the Canadian Red Cross Society or a similar society.

NAVAL INVESTIGATION INTO GALIANO LOSS

While on the way north the Malaspina passed the whaling tender Gray, which will be here about Sunday, said Saturday's Daily Colonist. Capt. Billington, of the Gray, as he passed the naval craft noticed the skylight, and states that the one picked up off Cape St. James is identical with that on the fore-castle of the Malaspina, showing that it was evidently that of the Galiano. It was first believed that the skylight was off the engine room, then officials later claimed that it could not be off the Galiano at all, as the iron bands holding it down to the deck would have caused it to break to pieces instead of floating off in one piece. The naval investigation into the loss of the Galiano will proceed as soon as the Gray reaches Victoria.

Eli Pavich, a Montenegrin, was this morning charged at the police court before Magistrate Carrs under the Idlers' Act. His case was adjourned for five days to enable him to secure some occupation.

VICTORIA CROSS WON BY LIEUT.-COL. PECK WHO DID BRILLIANT WORK AT FRONT

MEMBER FOR THIS DISTRICT WILL LIKELY TAKE HIS SEAT
IN HOUSE OF COMMONS AT COMING SESSION;
WAS SLIGHTLY GASSES RECENTLY
AND IN CASUALTY CLEARING
STATION

Lieut.-Col. C. W. Peck has been awarded the Victoria Cross, the highest honor in the gift of the nation. That is the word that was received yesterday. The award had been gazetted but unfortunately in sending out the report the name was wrongly spelled and the wrong place of residence was given, hence a delay in publishing here.

Colonel Peck left here right after the outbreak of war and has been in the fighting or as near it as he could get practically all the time since. He was acting captain when he left here, but his ability was soon recognized and he became a major when in England.

Once the Colonel was wounded, in February, 1915, at Festubert, and only recently there was a report to the effect that he had been again wounded but it was later found that he had been slightly gassed and was still at his post. It seems probable that since that he was in action.

A recent letter received by J. McCutcheon from Lieut. Wilfrid Macdonald says that he recently heard from Colonel Peck, who had been in the casualty clearing station slightly gassed, but he added that he thought he was back with the old battalion. Lieut.-Col. Peck is the member for the Dominion Parliament for

FIRST BATCH OF SUBMARINES REACH ENGLAND

They Will Proceed to Harwich in
Charge of Own Crews Who
Will Return to Ger-
many.

(Special via G. T. P. Telegraphs.)
London, Nov. 20.—Twenty German submarines surrendered to Rear Admiral Reginald W. Tyrwhitt, thirty miles off Harwich this morning at sunrise, according to the Press Association despatch. These are the first U-Boats to be turned over to the Allies by Germany. Admiral Tyrwhitt received the surrender of the German craft on board the Flagship British cruiser. The surrendered submarines will proceed to Harwich in charge of their own crews. The U-Boats will then be boarded by British crews and interpreters and proceed to Parkstone quay nearby. The Germans will leave the submarines there and embark on transports for their return to Germany.

Twenty additional submarines will be surrendered on Thursday, and twenty more on Friday. The remainder of the U-Boats to be handed over in accordance with the armistice terms will be given up later.

FREEDOM IS AGAIN COMING TO CANADA

(Special via G. T. P. Telegraphs.)
Ottawa, Nov. 20.—The passport order for the Dominion of Canada has been annulled, and passports are now no longer necessary for travellers coming into and going out of the Dominion. People are now as free to leave the Dominion as they were before the war.

ALARMING RUMORS PROVE UNFOUNDED

No New Cases of Influenza in City
Except Where it is Passing
Through Whole
Family.

There have been some alarming rumors going the rounds for the last day or two regarding a recurrence of the epidemic of influenza, which according to the medical health officer, Dr. Cade, are absolutely without foundation. There have been absolutely no fresh cases reported in the city since last week. One or two new patients have been attended by one of the doctors, but in each case the patient had been ill for some time before calling for medical attention, and every such case has occurred in families where the influenza is simply going round them all.

The fact of the King Edward School being closed again after being open for only one day is apparently regarded as justification for the truth of the rumors, which, as usual, become inflated and enlarged as they pass along. There is every reason to believe that the epidemic has run its course, according to the authorities, although its effects are still apparent. With the continuation of the necessary precautions and strict attention to hygiene which ought never to be relaxed in any case, in either public or personal affairs, the public mind may be reassured of their safety.

FARMERS URGED TO PRODUCE MORE BEEF

(Special via G. T. P. Telegraphs.)
Ottawa, Nov. 20.—Canadian farmers are being urged by the Canada Food Board to make every endeavor to increase the supply of livestock throughout the Dominion.

After four years of fighting there is a great scarcity of cattle the world over, and particularly in Europe, where herds had to be killed off as much because of the lack of fodder as for food.

PRINCE GEORGE

The order forbidding public gatherings has been rescinded here and the place is once more back to normal. There are still 42 cases of influenza in the hospitals but all are becoming convalescent.

The name of Wallace McMullen of Prince George recently appeared in the casualty list. His wife here has received word that his injuries were very slight and he is once more on duty.

Myles Andrews has been killed in France. His is the latest casualty reported and it is hoped it will prove to be the last.

The death occurred here a few days ago from influenza of Mrs. Unruh. She leaves a husband and two children.

Otto Gross who recently arrived from Alberta died here from influenza. He was 24 years of age. A younger brother at the hospital is recovering.

Two draft evaders, J. O. Essen and J. Jobson have been arrested here and fined. Essen paid \$5 and Jobson \$20 and costs in each case.

KING AND QUEEN OF BELGIANS ENTER ANTWERP

Crowds Flock Through Streets
To Welcome Sovereigns
Amid Clamor of Bells
of Cathedral.

LITTLE DAMAGE DONE TO THE GREAT PORT

(Special by G. T. P. Telegraphs.)
Antwerp, Nov. 20.—King Albert and Queen Elizabeth entered the city of Antwerp yesterday morning amid a clamor of Cathedral bells and the shouts of the liberated people. The streets were thronged with the gay crowds. People packed the windows and sat on hastily improvised galleries on the streets despite the rain and the city was gaily decorated with the Belgian and allied flags. The property in the city itself has been damaged but little. The inhabitants have been comparatively well fed, and the shops are filled with great varieties of food and sweetmeats.

With the re-assumption of the civil authority, arrangements are being carried out for the re-establishment of manufactures of the pre-war days, and the work of rebuilding the trade and commerce of Belgium's great port is already commenced. While the destruction of property and requisitioning by the Germans in Antwerp has not been carried out to the same extent as in other places in Belgium, there is still great work to be done in getting rid of the effect of the German occupation.

VIGILENCE UNRELAXED BY THE ALLIED TROOPS

(Special via G. T. P. Telegraphs.)
With the American Army of Occupation, Nov. 20.—The United States troops continue to advance into the territory evacuated by the retreating German forces, and are now nearing the German border. The troops will continue to advance over the border and into Germany, until they reach the bank of the Rhine.

So far there has been little fear of German treachery, but the vigilance of the Allies never relaxes, and no chances are being taken for the safety of the troops.
