

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia
Corrected by "Fruit-a-tives"

ST. MARTIN'S, N.B.
"For two years, I suffered tortures from *Severe Dyspepsia*. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

BUSH MINE AT STEWART WILL SHIP 2,000 TONS

(Continued From Page One.)

Big Missouri from an ore body that had formerly been deemed too low grade to be worth investigation.

These two properties are located upon the same mineralized zone, the boundaries of which have not been determined, but the surface extent of the mineralization may be reckoned in acres, the greenstone forming the country rock has been silicified and mineralized for hundreds of yards and in some instances the oxidation of the ore has stained the surface with brilliant coloring, prominent features of the landscape which the early prospectors were prompt to recognize and locate, and on which extensive development work had been done for years, but without bringing to light ore of sufficiently high grade to warrant the equipment of a mine.

Other Developments.

The discovery of high-grade ore on these two properties of a similar character to that of the Bush mine lying about three miles to the south in a straight line, has given an impetus to the development of other properties throughout the district, and already a number of claims have been bonded that have been lying idle for years.

In the Bear River section the forward movement has not been so marked as on the Salmon, but a number of properties have been examined, several of them already extensively developed, they are now under consideration, and there is every reason to believe some of them will be reopened during the coming season.

A gratifying feature of the present movement is the great interest that is now being taken in the district by prominent mining operators of the East, many mining engineers representing well-known operators in the mining field visited the camp during the past summer, and were favorably impressed with it, judging from the amount of capital now being invested and forthcoming.

Augment Transportation.

Consequent upon the development of the Salmon River area, transportation facilities will have to be greatly augmented to handle the tonnage of ore from the properties now being opened up wagon roads will serve for a time, but to operate them on anything like a large scale will necessitate a railway, this already being considered in a tentative way.

NEW HAZELTON

Dr. Wynch has sent to the authorities at Victoria a report on the extent of the influenza epidemic. It was prepared November 8 and up to that time showed cases here 150 and deaths 5; cases at Smithers, 60, deaths 1; cases at Telkwa 5, deaths 1; cases at Moricetown 1. These figures do not include Indians.

Mr. and Mrs. H. A. Harris have gone to Vancouver for the winter.

The death occurred here a few days ago of Peter C. Dale, an employee at the Silver Standard mine. He leaves a widow and five young children.

Mrs. J. G. Powell and her mother, Mrs. W. Sortwell, have gone to Vancouver, where the funeral of the late Mr. Powell will take place. Mrs. Powell expects to live with her parents at Steveston.

REMEMBER THE LUSITANIA

Efforts are being made to obtain permission to erect a buoy monument off Kinsale Head to mark the grave of the Lusitania, and as a permanent memorial of the foulest crime in history. Another idea is to place in the buoy a casket containing the story of the atrocity and the infamous "Lusitania medal" awarded to the murderers.

Oh say! The News Print Shop does its work about as cheap as most shops and quite as well, gives you the work on time whenever possible and hands it out with a pleasant "Thank you." What do you say to giving them a trial on your next job?

Sunlight dispels the shadow that once hung over wash day

IN fact many women do not say "wash day" any more. They say "Sunlight Day". It's a genuine pleasure to use Sunlight Soap because it means an economical wash, it means a quick wash. Why? Because, Sunlight is absolutely pure—you need only half the quantity as compared with ordinary soaps, nor will Sunlight harm any delicate fabrics, or hurt your hands. And it really takes the labour out of the washing in surprisingly little time as you will see by following the directions.

J. D. ANDERSON.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be pre-empted; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may, at their own request, apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the allotment is made are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to

Deputy Minister of Lands,
Victoria, B. C.

A Song for Every Mood

Music gives expression to every human emotion. All that is happy and beautiful in life, has been expressed in music.

When things seem bright and cheerful because a ray of happiness has come into your life, you need an outlet to give vent to your feelings.

When sorrow or depression comes, the need of consolation is even greater.

It is at such times that you derive the greatest comfort from

The NEW EDISON

"The Phonograph with a Soul"

Then one sweet note of the voice of Anna Case, or one ripple of melody from the bow of Albert Spalding, puts your soul in harmony with the world. Music—real music—is one of life's greatest boons. Edison music is real music because the New Edison does not merely imitate, it re-creates. One never tires of the New Edison, the novelty never wears off, because there is no novelty to wear off. It is not just another "talking machine". It is decidedly different. To appreciate the difference you must hear it.

We will gladly submit the New Edison to your musical judgment either here or in your own home.
