

Answer This!

When you have indigestion you never take a lung medicine. Why, then, when you have a cough, a cold or bronchitis (lung troubles) do you swallow things down into your stomach? It is a mistake, and the Peps treatment for colds, bronchitis and asthma, etc., corrects this mistake. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing.

On the face of it, is not this treatment of coughs and colds more rational than the old-fashioned way? Peps are recommended by doctors, by nurses, by people in authority everywhere, who once having tried this new treatment will never go back to the old form. We could send you books of testimonials, if you would like to read them, but one trial of Peps will give you more personal satisfaction than lots of reading about what others say. 50c. box, at drugists and stores. Then We Meet Some Like This

A lady told one of our girls last week that she liked Pacific Milk well enough for cooking but that fresh milk is what she uses mostly.

"But," she added, "my husband insists I have it in the house for his coffee and porridge."

"We find a great many homes like this. Some frankly admit they are prejudiced against tinmed milk and do not use it.

Others, like this lady, get it because the family prefers it for coffee, etc.

But the bulk of our output is used for cooking—as we prove by house to house investigation.

NEW GROCERY OPENING END OF NEXT WEEK

About the end of next week there will be a new grocery open in town. There is a good combination of provision men opening up on Third Ave. close to the News office. L. Murray Fuller is the general manager, Edwin Smart, store manager, and Howard Steen, service manager. The store has a double front, is large and airy and being centrally located will be particularly convenient for those who call at the post office.

A new auto delivery wagon is on its way here and every modern convenience is being installed in order that patrons may have the best of service. All three of the new proprietors are well and favorably known here and doubtless will secure a good share of business.

SARDINE PACKING IS BIG INDUSTRY IN CALIFORNIA

San Pedro, Cal., Nov. 21.—Sardine packing and canning, for years controlled by the Norwegians and the Danes, and only of recent years an industry of the United States, is rapidly taking on major proportions here, twenty-one companies having entered the field of preparing the fish for the domestic as well as the foreign market.

The method of preparing the sea-food presents an interesting sight. More than 380 fishing boats are required to keep the concerns here operating at normal output.

INFLUENZA GERMS CAN BE SWALLOWED BY WHOLESALE

No Danger of Contracting Influenza.

So states a well known Vancouver doctor who offers to swallow a capsuleful every day for a week.

The Doctor is right. With plenty of fresh air, good nourishing food and a table-spoonful of KENNEDY'S TONIC PORT four times daily you can keep your body strong and thoroughly fortified against the ravages of influenza, asthma, bronchitis, colds or coughs.
