

Fire Insurance

Winter is approaching. This means that the fire risk to your property is increasing through the hotter fires in your stoves and in your neighbors' stoves. Buildings are getting older, many have settled more or less on their foundations. In some instances this has caused the chimneys to crack and become dangerous when winter fires are lit. Would it not be well to protect yourself now against loss by insuring your property?

We Write Fire Insurance.

MANY USES FOR THE AIRPLANE

Lieut. Harry A. Farr Says Will Soon Fly Between England and Canada.

That the aeroplane has come to stay is the opinion of Lieut. Harry A. Farr, one of the original flyers in the Canadian corps, who has just returned to the coast. He says:

"The airplane has come to stay! With the cessation of hostilities and the looked-for slackening off in the manufacture of warplanes, manufacturers are formulating plans for the commercial side of aviation. That this industry will develop into something akin to the automobile industry in the next few years those who are interested financially and from a labor standpoint have no doubt.

A Modest Start.
"No other development in the history of the world has shown such remarkable results as the science of aeronautics in the past ten years. When the Wright brothers built their first successful airplane, the motor, a four-cylinder of their own design, only developed about 25 h. p.

"Today we have engines of 750 h. p. Two, and sometimes three of these powerful motors are installed in the huge weight-carrying airplanes, capable of lifting nearly four tons. It was a revelation to me, who built and flew machines before the outbreak of war, to make a flight lasting over half an hour over the heart of New York recently. The machine a 'Caproni' three-motored and nearly a hundred-foot span, handled like a Packard car, although it was blowing a gale over the city and the machine flying lower than the top of the Woolworth Building. The machine, though capable of carrying ten passen-

THE SECRET OF SAVING

lies in spending to the best advantage—getting the most for your money. That is what you do when you buy Zam-Buk, and that is why Zam-Buk is the choice of the good housekeeper and careful buyer.

When you buy Zam-Buk you get 100% medicine—not 5% medicine and the balance "fill up," as in ordinary ointments. This explains why Zam-Buk goes so much farther than ordinary ointments and why the results are so much better. Zam-Buk is soothing, healing and antiseptic. It ends pain, destroys all germs in a sore or wound—thus preventing any danger of blood-poisoning—and grows new skin. A Zam-Buk cure is permanent because it purifies and heals not only the surface skin, but also the underlying tissues, so that there is no possibility of the disease breaking out again.

Zam-Buk is composed exclusively of vegetable oils and herbal extracts, with absolutely no animal fat or poisonous mineral drugs, which only irritate the parts they are intended to heal. It can, therefore, be used on the most sensitive skin and is the best balm for baby.

It is also best for eczema, ringworm, boils, pimples, ulcers, abscesses, blood poisoning and piles. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

Zam-Buk

gers, had only four, two of whom had never been in an airplane before. They enjoyed themselves immensely, and were not the least bit scared. Airplanes of this type, carrying two pilots and a large quantity of gasoline, will, I predict, make the flight between Canada and England by next summer. Machines capable of this flight have been built both by England and Italy.

Value in Industry.

"For the patrolling of large areas of valuable timber land, for exploration and photographic surveys, a moderate sized machine capable of making a four-hour flight, equipped with a wireless-sending set, and a photographic outfit, could cover a large area of our valuable timber lands. The area could be plotted on the map, and each square designated, like an artillery map. A forest fire, once detected, could be reached quickly by airplane, the location sent by wireless to the fire rangers, who, knowing the locality of the fire, could rush all available help there without loss of time. It is well worthy of a fair trial. The investigation by the Commission on B. C. Forest Resources has just brought to light the fact that approximately 665,000,000,000 feet, board measure, has been lost in this province through forest fires, which can be attributed largely to public carelessness. The cost for protection by airplanes, while probably costing slightly more, would, I believe, be fully justified by the results obtained."

R. M. Thomson of the Fish Oil and Products Co., returned to Vancouver by the Prince Rupert last evening, after a short visit here.

G. Chambers, who has been spending the summer at the Naas River canneries, arrived in town yesterday, and left again this morning for Toronto.

NOTICE TO CONTRACTORS.

SEALED TENDERS, superscribed "Tender for Cow Bay Launch Harbor (Protection Work)," will be received by the Honorable the Minister of Public Works up to 12 o'clock Tuesday, the 10th day of December, 1918, for the building and completing of dolphins and floats at Cow Bay, Prince Rupert Harbor, in the Prince Rupert Electoral District.

Plans, specifications, contract and forms of tender may be seen on and after the 25th day of November, 1918, at the office of A. L. Carruthers, District Engineer, Prince Rupert, B. C., office of District Engineer, Court House, Vancouver, B. C., and Department of Public Works, Victoria, B. C. By application to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars (\$10.00) or a marked cheque, which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 20% (per cent.) of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheque of unsuccessful tenderers will be returned to them upon the execution of the contract. Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished. The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
(Public Works Engineer.)
Victoria, B. C., November 25th, 1918.

Local News Notes

Chopped suet. Atkins, butcher.

The White Lunch has been reopened for business.

E. F. Duby sailed last evening on a visit to Vancouver.

R. H. Shockley left the city last evening for Vancouver.

D. H. Morrison left the city last evening on a trip to Victoria.

Brass Jardiniers, Brass Smoking Sets and Brass Fern Pots at Tites.

C. A. Couture, wife and family returned to town yesterday from Anyox.

S. T. Lewis of Port Clements, arrived in town yesterday from the Islands.

G. Lindau of the Lutheran Church, left the city last evening for Seattle.

E. F. Halliday was among the passengers sailing last evening for Vancouver.

Geo. W. Wilson of Haysport, arrived in the city last evening's train.

Mrs. A. R. Anderson was among the passengers sailing last evening for Vancouver.

The G. P. R. steamer Princess Mary called here yesterday south-bound from Skagway.

The tug Point Ellice arrived yesterday with a barge of lumber for the Imperial Munitions Board.

A. Allett was among the passengers sailing last evening by the "Prince Rupert." Mr. Allett will visit Seattle.

Mr. and Mrs. Guy Mahood arrived in the city yesterday from Stewart. Another Stewart visitor is B. Lawrence.

A special meeting of the G. W. V. A. will be held tonight at 7:30. All members requested to attend. J. F. HUTCHINSON, Secretary.

Miss Kathleen Grant was among the passengers on the Prince Rupert sailing last evening for Vancouver. She will resume her studies at the University of B. C. on its reopening after the influenza epidemic.

Dr. W. T. Kergin received a telegram this morning from Mrs. Kergin to say that her mother, Mrs. Stevenson, died on Saturday at the age of 90. Mrs. Kergin has been visiting her mother at her home near Ottawa all autumn.

The Provincial Assessor's office was a busy place this morning, the occasion being the sale of provincial lands for unpaid taxes. The auctioneer was Mr. Bellamy, deputy assessor, in the absence of C. W. Homer. For certain lots there was quite spirited bidding, and for these good prices were realized.

Mr. and Mrs. O. Bernhoft, late of Prince Rupert, were on the "Princess Mary" on her arrival here yesterday. Mrs. Bernhoft and family went straight south to Seattle. Mr. Bernhoft was the representative of the National Independent Fisheries Co. here, and latterly has been stationed at Ketchikan for his company.

The G. T. P. steamer Prince John arrived in port yesterday from Masset Inlet and left again early this morning for the south Islands and Vancouver. She brought about 140 loggers and others from Graham Island points—the order to stop falling logs having set a number of men free. The steamer also brought 2,000 cases of salmon from Naden Harbor for Vancouver.

Herman H. Hill of the United States Customs Department here, has received intimation that he is to be transferred from Prince Rupert to San Francisco at the end of this month. Mrs. Hill left yesterday on a visit to Seattle and Spokane, and will not return. Mr. Hill's successor is Frank R. Havens, of Seattle, who is expected to arrive here on Saturday. Both Mr. and Mrs. Hill during their stay in Prince Rupert for the last two or three years have a wide circle of friends who will miss them on their departure and Mr. Hill is receiving congratulations on his promotion.

Chopped suet. Atkins, butcher.
