

Fire Insurance

Winter is approaching. This means that the fire risk to your property is increasing through the hotter fires in your stoves and in your neighbors' stoves. Buildings are getting older, many have settled more or less on their foundations. In some instances this has caused the chimneys to crack and become dangerous when winter fires are lit. Would it not be well to protect yourself now against loss by insuring your property?

We Write Fire Insurance.

JACK PICKFORD AS FAMOUS TOM SAWYER

Jack Pickford in some of the most interesting incidents taken from the adventures of Huckleberry Finn and Tom Sawyer, the immortal work of Mark Twain, America's greatest humorist, will undoubtedly be a great attraction tonight at the Westholme. It is a great play with a great actor in the leading part.

Young and old delight in the adventures of Tom Sawyer. His adventures, although they have nothing to do with war or travel, are very real and appealing and Mark Twain made them live in the realm of fiction.

Jim Prillo was charged at the police court this morning with being drunk. He pleaded guilty. It was pointed out by the city prosecutor that the police made every allowance yesterday, in consideration of the day, and only arrested drunks who made themselves objectionable. Quiet drunks were apparently passed over, but in this case, there were aggravating circumstances. It was alleged that he created a disturbance and knocked a woman down twice. In the magistrate's opinion a man who could not control himself had no right to drink even a little. The accused was fined \$15.

Then We Meet Some Like This

A lady told one of our girls last week that she liked Pacific Milk well enough for cooking but that fresh milk is what she uses mostly.

"But," she added, "my husband insists I have it in the house for his coffee and porridge."

We find a great many homes like this. Some frankly admit they are prejudiced against tinned milk and do not use it.

Others, like this lady, get it because the family prefers it for coffee, etc. But the bulk of our output is used for cooking—as we prove by house to house investigation.

HARVEY'S ORCHESTRA

Let Music Brighten the Lives of Your Children

Let them grow up in an atmosphere of good music. Let their appreciation of the beautiful things of life be developed by good music.

Let them receive the indelible imprint of culture and refinement through the medium of good music.

While the young minds are open to receive such impressions, begin their musical, and higher, education with

The NEW EDISON "The Phonograph with a Soul"

This wonderful instrument brings the world of music into your home; re-created by the world's greatest artists. No matter where you live, your children can have the same musical advantages as though living in the great cities during the height of the musical season.

The New Edison does not merely imitate. It re-creates. No human ear can distinguish artist from phonograph. The famous Edison tone tests have proved this, not once, but more than 1500 times.

Start the Children's musical education to-day, by bringing them here, and letting us play a program of charming music that will be as enjoyable for you as it will be delightful for the little ones.
