

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont. "For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

WAR FINANCING WILL CONTINUE

Will Have to Be More Loans to Cover Period Following Signing of Peace

DEMobilIZATION AFTER OTHER GREAT WARS

(Special by G. T. P. Telegraphs.)

Ottawa, Nov. 29.—The end of the war does not by any means mean the end of war financing. Further national bond issues on a war scale basis may be expected for some time to come. In Canada it is a pretty safe prediction that next year will see another Victory Loan for the purposes of reconstruction; Secretary McAdoo has stated that so far as the United States is concerned one more, and possibly two more, Liberty Loans may be expected; other Allied nations will have similar problems, while Germany and the other defeated States will face a still more difficult situation from the financial standpoint. The gigantic operations which have been involved in this great war cannot be brought to an end suddenly; we must expect to readjust gradually and deflate as we go. Nothing, of course, approaching the present necessities has occurred before in history, but there are two instances in modern times when large demands had to be met by public financing after the war was over.

Dr. John R. Mott has compiled a table of demobilization periods of several wars from which it will be seen that large armies were kept under arms for some time after the conflict actually ceased. The approximate periods elapsing between the last battle or armistice date and the last muster, in the case of the previous six great wars of modern times, are shown herewith:

- Franco-Prussian War—two years, four months.
- Turco-Russian War—eighteen months.
- Spanish-American War—sixteen months.
- South African (Boer War)—ten months.
- Russo-Japanese War—twelve months.
- Civil War—seventeen months.

THAT BOY OF YOURS

He is not seriously wounded. No! But he never tells you of the pain he sometimes suffers because of a blistered foot after marching. He said not a word of how the ground near where he is billeted reeks with old gas which irritates cuts and sores and makes them ten-fold more painful and serious. He considers these the "little things."

For just such serious "little things" Zam-Buk is provided. It soothes the pain, draws the inflammation from cut or blister and heals eruptions and sores. In the homes of Canada, mothers consider it a necessity. How much more necessary is it out yonder where your boy is!

See to it that he has a supply! Perhaps he gave that last box you sent to a comrade, so in your next parcel don't forget to replace it. Put Zam-Buk in every parcel you send, for the boys all say "send us more"

INDEPENDENT SALMON BUYERS LESS NUMEROUS

To a great extent the independent salmon buyer has disappeared from the Vancouver salmon market. This happened right after the Canada Food Board set the price to the salmon fishermen. In most instances the independent buyer chartered his boats to canneries for carriers, as he was sure of some returns on his boat where there was a great question of what he would be able to realize should he go out and get a trip of fish, and then find that he would have to sell at less than what the fish cost him to bring in to the market. In the past the independent buyer kept the fresh fish market supplied by selling to the wholesale houses, and then they in turn sold to the retailer. Although there has been more or less salmon brought in by the independent buyers there has not been the large supply that has been in the market during past years.
