

"And You Really Bake Bread Before You 'OK' the Wheat?"

The expression of a lady visitor in our laboratory the other day, when she saw our chemist taking several loaves of bread from his test-oven, and telling her that only the wheat producing the biggest "sprung" loaf would be accepted for milling into—

ROYAL STANDARD FLOUR

Not only size, but color and texture also enter into his analysis of the results produced from different wheat. He grinds, "gluten tests" and bakes samples of all wheat before acceptance at our mill. In this way the uniformity and superiority of ROYAL STANDARD FLOUR is maintained. Of course, it is different—our laboratory makes it so.

We extend a personal invitation to you to call at our laboratory, or write us regarding your baking troubles.

NOTICE TO CONTRACTORS.

COW BAY LAUNCH HARBOR (Protection Work.)

SEALED TENDERS, superscribed "Tender for Cow Bay Launch Harbor Protection Work," will be received by the Honorable the Minister of Public Works up to 12 o'clock Tuesday, the 10th day of December, 1918, for the building and completing of dolphins and floats at Cow Bay, Prince Rupert Harbor, in the Prince Rupert Electoral District.

Plans, specifications, contract and forms of tender may be seen on and after the 25th day of November, 1918, at the office of A. L. Carruthers, District Engineer, Prince Rupert, B. C., Office of District Engineer, Court House, Vancouver, B. C., and Department of Public Works, Victoria, B. C. By application to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars (\$10.00) or a marked cheque, which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 20% (per cent.) of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheque of unsuccessful tenderers will be returned to them upon the execution of the contract. Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished. The lowest or any tender not necessarily accepted.

News in Brief

It is stated in Vancouver that the salmon pack this year is valued at close to ten million dollars.

Work is being pushed on the Thane property at Juneau. Manager Jackson says that just as soon as men can be secured extra shifts will be worked and it is expected the output will be trebled before long.

The Victoria Daily Colonist publishes a picture of the Prince Rupert drydock and shipbuilding site and explains that two government ships are to be built there and that negotiations are on for the establishment of a transpacific steamship service from this port.

At the offices of the Development Association in Victoria a visitor inquired if two people could come over from Washington State and get married without any trouble. "There is no trouble in getting married," was the reply of the spinster secretary, "the trouble comes afterwards."

The Halifax Shipyards Limited has secured contracts from the Dominion Government to build two steel ships of 10,500 tons each for \$197.50 a ton.

The Rossland Miner, which for many years has been published daily, has now reverted to a weekly.

The Provincial Government made an effort to save the Greenwood smelter from closing by offering to guarantee the bonds on a plant to treat the concentrates from Copper Mountain, but the management did not consider they were justified in going ahead. The smelter will close this week.

PAULINE FREDERICK IN "MADAME JEALOUSY"

"Madame Jealousy," which is to be seen tonight at the Westholme, is one of those intensely interesting allegorical morality plays that have had such a vogue. The Paramount people have chosen it as the vehicle for displaying the art of Pauline Frederick and they have made a happy choice.

Added to the big film is a delightful comedy, "Never Lie to Your Wife," which is said to be well worth the price of admission in itself.

ALASKA-JUNEAU TO BE MUCH IMPROVED

The Alaska-Juneau Gold Mining Company will shortly issue \$3,500,000 in bonds for the purpose of raising money to put it on a practical working basis. About \$500,000 of this sum will be used to improve the mill of the property so that the mining cost can be reduced. This is a statement made to the San Francisco Examiner by F. W. Bradley, president of the company.

Mr. Bradley told the Examiner that he believed that Juneau would be one of the first cities in Alaska to feel the impetus of peace conditions, and that he is convinced that the government will do something to stimulate gold mining in the United States.

Your Dainty Things

can be washed over and over again with Lux and still retain the delightful charm of freshness and newness. Very desirable, this, in war time! Lux is so gentle in its cleansing power that it cannot harm the most delicate fabric.

How to wash a silk garment

Use a tablespoonful of Lux to a gallon of water. Dissolve in boiling or very hot water and whisk into a thick, creamy lather. Add cold water until luke warm. Dip your garment through the Lux suds many times. Work it about, gently squeezing the suds through the soiled parts but do not rub! Rinse in three waters—clear and also luke warm. Press the water out—but do not wring. Dry in the shade and when nearly dry press on the wrong side with a warm iron—never a hot one. Press creases from side to side and stretch a very little as you press. They will look just like new!
