

All woollens are safe with Lux

If you have always dreaded to wash the children's sweaters and woollens for fear they'd shrink and thicken—you'll be delighted to know about Lux.

You can wash them as often as necessary—just dip them up and down in the thick, creamy, cleansing Lux lather—no rubbing or twisting—no shrinking or matting of the wool fibers.

They'll always come out of the Lux wash as soft, fleecy and brightly colored as when new.

All silks and dainty fabrics can be safely washed with the pure Lux flakes—they harm nothing that pure water itself may touch.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption, with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

MANY SETTLERS ARE GOING TO TELKWA

J. J. McNeill Tells of Prosperity of Valley; Killing Beef Cattle For Winter Supply.

That settlers are going into the Telkwa district very fast and taking their outfits with them is the word brought from that district by J. J. McNeill. Just within the last few days two families with their stock and everything necessary for farming operations arrived and this sort of thing has been going on for some time. They buy lands and are permanent settlers.

Besides these the Rattenbury organization is getting a lot of people into the country to settle on their lands. These are said to be the best lands in the country and are being taken up with considerable rapidity.

The past summer has been a very prosperous one for the farmers of the Telkwa district. The people have had the best year since construction days. There was a large crop and while some of it has not been saved in good condition, it all makes excellent feed for stock.

Mr. McNeill says that he has been killing a large amount of Bulkley Valley beef and it will practically all be cleared up this month. There is a great deal of beef raised in that country and every year it is expected to increase.

Speaking of the Telkwa Collieries, in which Mr. McNeill is interested, he says that they are now shipping regularly. The coming of snow makes the hauling easy and regular shipments will be made all winter.

The vein from which this coal is taken is about six feet thick. It is an outcropping on the side of the mountain and is very easily mined. Mr. McNeill says he thinks they have a large quantity of it, but there have been no tests made to show just how much there is or whether it is free from faults. Both above and below the six-foot vein there are smaller veins which in time will probably be worked.

The prisoner elected to serve the extra terms in jail, being financially embarrassed at the present time.
