ALLIES DECIDE AGAINST FURTHER INTERVENTION IN AFFAIRS OF RUSSIANS

(Special to The News via G. T. P. Telegraphs.)

Paris, December 26.—The Allied governments have decided against further intervention in Russia, at least for the present, according to indications from official sources. Great Britain and the United States, it is reported, while recognizing that Russia should be assisted in every way to permit her getting back to normal conditions, point out that military intervention on a large scale would involve difficulties and dangers of all kinds. Stephen Pichon, the French Foreign Minister, explaining the situation at length to the Committee on Foreign Relations said the solution at present was to guarantee moral support to governments which have sprung up at various points on Russian and Siberian territory.

RUSSIAN PRISONERS FROM GERMANY JOIN BOLSHEVIKS

(Special to The News via G. T. P. Telegraphs.)

Warsaw, December 26.—Flocks of released Russian prisoners who are making their way homeward through Poland, all of whom appear to be tainted with Bolshevism, and are recognized as a danger in this respect by the Polish authorities. They are in fact already causing much trouble by their lawlessness in their search for food. The Bolsheviki are taking advantage of the penniless plight of these first thousands of released prisoners and have picked up several thousand of them for their army by offering to the men clothes, food and money, which there is in plenty since the Bolsheviki control the printing presses for the purpose of making rubles.

The Poles are rapidly organizing their own army around the nucleus of General Pilsudski's Phalanxes. The old Polish legions of home-weary troops which are coming home have no Russian or German sympathies and are merely desiring to be left alone.

(Special via G. T. P. Telegraphs.)
Toronto, Dec. 26.—The Russian Bolsheviki and the Salvation Army working in Russia have had a tooth and nail struggle, and though no loss of life is reported, it was probably with some bloodshed that the pioneer workers of the Salvation Army have at last been driven from the country by the Bolsheviki Red Guards.

Odessa, Dec. 26.—Bolsheviki have arrested American Consul Treadwell at Tashkna in Russian Turkestan, according to a wireless message received here.

MISTOOK INDIANS FOR JAPS AT BAR

Served Two Indians With Near Beer, Thinking They Were Japanese—Even Near Beer Forbidden Indians.

Evidence was taken this morning in the police court for the prosecution in the case of supplying to Indians by the bartender at the Empress Hotel. Constables Watkinson and Bailey had arrested the Indians in the Empress Hotel at the time of taking a glass of near beer, after orders had been issued by the department disallowing this. The main defence consisted that it was hard to distinguish between a Jap and an Indian and that the bartender sold them the beer under the impression that they were Japs.

H. E. Ross, the proprietor of the Empress, was there to testify of the enforcement of the law in connection with the giving of two per cent. to Indians. H. T. Cross of the customs department, who performed the test on the two glasses of liquor seized, stated the alcoholic strength as being 2.9. The case was adjourned until Monday in order to give the defense time to get Arthur Morrison, who was one of the Indians arrested.

"CORINTHIAN" A TOTAL LOSS

Wrecked C. P. R. Liner Expected to Disappear in Forecasted Westerly Gale. Part of Cargo is Saved.

CAPTAIN AND THE FIRST OFFICER SUSPENDED

(Special via G. T. P. Telegraphs.)

Halifax, Dec. 26.—Wrecking steamers returning to Yarmouth report the "Corinthian" ashore in Brier Island, to be settling fast and predict that with the westerly gale now forecasted, she will go to pieces and disappear. Most of the cargo between decks has been salvaged, but that in the lower holds cannot be recovered. The commission enquiry investigating the causes of the accident have suspended for three months the certificate of Captain Tannock, who commanded the vessel when she was lost, and that of Chief Officer Simpson for six months.

The finding states that the loss of the Corinthian was due wholly to indifferent seamanship of the two officers penalized, and dismisses the argument that the Bay of Fundy is an unsafe channel for navigation.

The Corinthian, a C. P. R. liner, ran on a ledge off Brier Island on December 14 and has developed into a total loss.

"FOSTER GETS 17,000 LBS. IN ONE DAY'S FISHING"

The trawler G. E. Foster returned to port on Christmas Eve from her maiden trip with an otter trawl out of this port. The Foster was out after flounders and sole, and returned with a catch of 17,000 lbs. after only one day's fishing. The weather was too bad for fishing during the first day out, and a little difficulty was experienced with the new equipment in getting it running freely. With everything new, the first time the trawl was put out it would not sink properly, but a little perseverance overcame the difficulty. The Foster will make another trip or two before New Year.

SUDDEN DEATH OF MATT BARR

Dies at Calgary on Christmas Eve of Influenza and Pneumonia After Short Illness While on Journey.

WAS MUCH INTERESTED IN SHIPBUILDING HERE

The many friends here of Matthew J. Barr of Vancouver will be shocked to hear of his sudden death in Calgary on Christmas Eve. He was on a journey, and was suddenly taken with influenza, with consequent pneumonia and died after a very short illness.

Matt Barr was one of the well known figures in athletic and business circles throughout this province. Years ago he was one of the strong players of the Vancouver Lacrosse team. He was one of the best centre fielders and one of the squarrest of players. Senior partner of the firm of Barr & Anderson, he had worked his way up to a partnership from the bottom. His firm is now one of the biggest plumbing and general contractors' business houses in Vancouver. They specialize in steel fittings of all kinds. It was his business connection with the Mullen Steel Company which made him the connecting link between that firm and the Prince Rupert drydock, and he was one of the active ones in connection with the getting of the Mullen Company to interest themselves in shipbuilding in Prince Rupert. Matt Barr had many friends in Prince Rupert of very many years' standing. One of the finest and straightest of men, his loss will be much regretted by all who knew him.

COUNT BERNSTORFF GIVES HIS OPINION OF WHAT'S WHAT

(Special to The News via G. T. P. Telegraphs.)

Paris, December 26.—"All belligerents have accepted President Wilson's fourteen points and the only question to be discussed is their interpretation," said Count von Bernstorff, the former German Ambassador to the United States, in giving his opinion of what Germany's attitude would be at the Peace Conference, according to the Geneva correspondent of Le Matin.

"Germany," declared the Count, "will keep to the President's program, which grants to each people of an ethnical group the right to dispose of itself."

Asked if he thought that the President's program would furnish the basis for a lasting peace, Bernstorff shrugged his shoulders.
