

'PRE-BAKED' -- Every Sack of Flour Before Delivery to You.

A remarkable statement, but nevertheless the truth. Our chemists in their laboratory baking and oven-testing samples from every bushel of wheat before its acceptance as equal to the standard set for ROYAL STANDARD FLOUR. And that STANDARD is without equal in Canada today.

ROYAL STANDARD FLOUR

Food License No. 139-12-195.

Thus you will see how every sack of flour is really "pre-baked"—o.k'd by our chemists and guaranteed to produce the greatest possible "oven-spring"; the finest of textures; the goldenest of crusts, and uniformly above all things. It is the result of such consistent chemical analysis that has entrenched Royal Standard Flour so firmly in the homes of B. C. housewives.

IS LOOKING TO PRINCE RUPERT AS AN OUTLET

The Financial Post Speaks of Opportunities of Trade by the Short Route.

BIG CORPORATION IS FORMED TO SELL GOODS

As an illustration of how people are looking to Prince Rupert as the outlet to the Orient and especially to Siberia is seen in a recent article published in "The Financial Post" of Toronto. This journal says that the connection with China and Siberia from Canada was shorter than from the United States and it was hoped that Prince Rupert as well as Vancouver would develop as a port for Eastern trade.

The article in part is as follows:

"A strong Canadian organization has been placed in the field to develop trade between Canada and the Far East, more particularly China, Manchuria and Siberia. This is called the Sino-North American Company, headed by Sir Herbert Holt as president, with other directors, Sir Charles Gordon, president of the Dominion Textile Company; J. E. Aldred, president of the Shawinigan Water & Power Company, and connected with a number of other Canadian industrial concerns; W. A. Black, vice-president and general manager of Ogilvie Flour Mills Company; and G. M. Gest, who is managing director, and has had a wide experience in the East. The company is capitalized at \$1,000,000, and acts as selling agents for a number of Canadian manufacturers, and is arranging to perform a similar service for Eastern producers for whom it is hoped to secure a market in Canada.

Develop Market.

This would be the double function of the company, Mr. Gest told The Financial Post. Not only would every effort be made to develop a market for Canadian goods, but the interests of exchange, if nothing else, Mr. Gest said, would be a motive for the company looking after lines that could be sold in Canada. This description of trading corporation, Mr. Gest pointed out, was more familiar in the old country than in America. China and Siberia, he believed, held out bright hopes for Canadian trade. As to whether the company would ultimately own their own steamers he could not say; this would be some time in the future, if ever. In any case the connection with China and Siberia from Canada was shorter than via the United States, and it was hoped that Prince Rupert as well as Vancouver would develop as a port for Eastern trade.

Companies Represented.

Some of the Canadian companies which the Sino-North American Co. will represent are: Dominion Textile Co., Steel Company of Canada, Ogilvie Flour Mills Co., Dominion Bridge Co., Thomas Davidson Co., Brandram-Henderson Co., Warden, King & Co., Empire Typewriter Co., Canada Carbide Co., and others. Offices have been opened in Peking, Hong Kong and Shanghai, and a representative will shortly reach Vladivostok. It was planned in the future to cover India as well.

Looking to Russia.

The entrance of the Allied forces into Siberia and the effort to apply some economic laws to the chaos of Russia, would result in good business developing in each of these countries, Mr. Gest believed. Among the lines that Canada could import were coffees and spices. There was a favorable sentiment in the East toward Canadian goods.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not timber land. Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption, with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 2 years, and has made proportionate improvements, the Minister, because of ill-health or other cause, he granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same yearly. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on claims less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained on satisfactory residential and improvement conditions. For grazing and industrial purposes, areas exceeding 20 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEAU, Deputy Minister of Lands, Victoria, B. C.

Many of the Best Families of British Columbia and Vancouver

Barred influenza from their homes altogether. Others banished it quickly as it did appear, by following the example of the Argentine Republic, South America, where thousands of cases developed, but not a single death occurred.

These people use a simple but very effective remedy grown in South America, Cinchona or Peruvian Tree Bark steeped in pure wine by which process the powerful tonic properties of the Bark are extracted and held in suspension in the wine.

Cinchona Tree Bark imported from Peru, South America, steeped or macerated in pure wine for sixty days, then carefully filtered and bottled is sold under the Proprietary or Patent Medicine Act of Canada No. 3095 as KENNEDY'S TONIC PORT at Drug Stores only.

Testimonials from the very best people of Vancouver, Victoria and throughout British Columbia and Western Canada are voluntarily coming in. Many of them state that it saved their lives. Others that it restored them to vigorous health quickly after the Flu.

It is a reliable restorative in all cases of general and nervous debility and is enjoyed when other medicines disagree.

You who are nervous, rundown or anaemic will find it of special value.

Oh say! The News Print Shop does its work about as cheap as most shops and quite as well, gives you the work on time whenever possible and hands it out with a pleasant "Thank you." What do you say to giving them a trial on your next job?

LAND ACT
