SASKATCHEWAN ORE FOR TRAIL

Huge Copper Deposits in North-
West Saskatchewan Being
Successfully Mined.

ORE BROUGHT TO TRAIL
SMELTER FOR TREATMENT

Some particulars of the mining
activity in Saskatchewan were
given recently in Edmonton by
President Clifton Ross, of the
Ross Navigation Company of Sas-
katchewan regarding the develop-
ment of the copper mining ac-
tivity in Northwest Saskatchewan.

The Ross Navigation Company
operates steamers and barges
which transport the copper ore
mined in the region of Schist lake
through a system of waterways
175 miles long, including Stur-
geon lake, and passing Cumber-
land House, the Hudson's Bay
Co. post to the railway at The Pas,
Manitoba, on the New Hudson's
Bay line.

20,000 Tons in 1919.

The mines are operated by the
Mandy Company, which is the
Canadian organization of a Tona-
pah, Nevada, firm. During the
past year they have mined about
9,000 tons of high-grade copper
ore. In the coming year they ex-
pect to mine 20,000 tons, which
constitutes an immense develop-
ment of the business. The ore is
transported by rail to Trail, B. C.,
where the nearest available Cana-
dian smelter is located. The price
of copper is now 26 cents a pound.

At the outbreak of war it was 15
cents. Mr. Ross says he expects
to see a fall in copper prices now
that hostilities are over, but, even
at that, the proprietorship of a
copper mine is something that is
decidedly worth while.

Millions Marked Out.

In addition to the development
indicated the Diamond drill com-
pany, an eastern syndicate, has
marked out over two million tons
of low grade copper ore in this
same region which they intend to
develop this year.

It would not pay to ship out
this ore but the company is plan-
ning to erect a smelter and build
a connecting railway.

STEAMSHIP CAPTAIN SHOT AT HALIFAX, N.S.

Crew Tried to Rush the Ship's
Stores on New Year's Day.
Accidental Revolver
Shot Hurts Skip-
per.

(Special via G. T. P. Telegraphs.)

Halifax, January 2. — Capt. E.
Craddock of the steamer War
Farus, was accidentally shot in
the back yesterday while attempt-
ing to quell a disturbance on
board his ship. All the crew,
numbering thirty, were taken to
the police station for examina-
tion. During the scuffle, a re-
volver in the hands of the mate
was discharged. The crew tried
to rush the ship's stores.

THE POPE'S NEW YEAR MESSAGE TO AMERICA

Rome, Jan. 2.—In a New Year's
message to America, given to the
Associated Press, Pope Benedict
expressed the hope that the peace
conference might result in a New
World order with a League of
Nations, the abolition of conscrip-
tion and the establishment of
tribunals to adjust international
disputes.

THINK DARDANELLES PROBLEM IS SOLVED

Sofia, Jan. 2.—Bulgarian polit-
ical leaders profess to be gratified
by the entrance of the Entente
fleet into Constantinople and ex-
press the belief that it assures an
equitable and reasonable solution
of the interminable question of
who shall control the straits of the
Dardanelles.

This problem has been the con-
stant nightmare of most of the
Balkan States, particularly of
Bulgaria, Roumania and Greece.
These countries always have con-
sidered the possibility of Russian
occupation of Constantinople to
be a serious menace to their own
national existence.

This fear was one of the causes
which led Bulgaria to take sides
with the Central Powers in the
war. Later when Russia aban-
doned her exclusive claim to Con-
stantinople, Roumania's entrance
into the war on the side of the
Entente was facilitated.

Many of the Best Families of British Columbia and Vancouver

Barred influenza from their
homes altogether. Others banish-
ed it quickly as it did appear, by
following the example of the
Argentine Republic, South Amer-
ica, where thousands of cases de-
veloped, but not a single death
occurred.

These people use a simple but
very effective remedy grown in
South America, Cinchona or Peru-
vian Tree Bark steeped in pure
wine by which process the power-
ful tonic properties of the Bark
are extracted and held in suspen-
sion in the wine.

Cinchona Tree Bark imported
from Peru, South America, steep-
ed or macerated in pure wine for
sixty days, then carefully filtered
and bottled is sold under the Prop-
rietary or Patent Medicine Act of
Canada No. 3095 as KENNEDY'S
TONIC PORT at Drug Stores only.
Testimonials from the very
best people of Vancouver, Victo-
ria and throughout British Col-
umbia and Western Canada are
voluntarily coming in. Many of
them state that it saved their
lives. Others that it restored
them to vigorous health quickly
after the Flu.

It is a reliable restorative in
all cases of general and nervous
debility and is enjoyed when oth-
er medicines disagree.

You who are nervous, rundown
or anaemic will find it of special
value.

RIGHTS OVERHEATING

are responsible for the majority of colds. You cannot always
avoid these winter evils, but you can, by using Peps, stop the
colds and chest troubles they cause. Peps contain absolutely no
harmful drugs and can be taken with perfect safety by elderly
people and young children.

As soon as dissolved in the mouth,
Peps liberate a pleasant, yet highly
medicinal vapor, which mingles with
the breath, and is carried to the remot-
est parts of the nasal passages, breathing
tubes and lungs. These fumes destroy
all the germs of cold, influenza and
bronchitis which otherwise
would develop in consequence
of the body's vitality and
power of resistance having be-
come lowered. Peps strengthen
the delicate membranes and
make your
throat and
breathing
passages
"coldproof."
By being
prepared

with Peps you can save yourself a great
deal of suffering and expense, as well
as time and inconvenience.

Mothers should always keep a supply
of Peps on hand for children's coughs
and colds which should be treated im-
mediately, as neglected colds in child-
hood often lay the foundations of
weak constitutions. Get a box to-day.
It will certainly repay you for the
small expenditure—50c box, all dealers.

Where a cold has been allowed to
develop, Peps will be found equally
effective. Also for coughs, bronchitis,
sore throat, laryngitis and asthma.
