FRESHNESS

IT PAYS to say "Kellogg's" before you say "corn flakes." That's the way to be sure of delicious, crisp, really fresh flakes. For more than 25 years Kellogg's have been the standard of value in corn flakes.

These twenty-five years' experience, plus modern factories and expert workers, make the Kellogg's you get today the finest corn flakes that have ever been produced.

Each package is sold with the personal guarantee of W. K. Kellogg: "If you do not think Kellogg's Corn Flakes the finest and freshest flakes you ever tasted, return the empty package and we will refund your money."

Kellogg's Corn Flakes always reach you as fresh as when they left the toasting ovens. That's because of the special inside WAXTITE bag which is sealed top and bottom. It's a patented Kellogg feature.

Taste Kellogg's. Compare the flavor, crispness and freshness . . . even the tempting aroma. When substitutes are offered, remember it is seldom in the spirit of service. Insist on the red-and-green package. Made by Kellogg in London, Ontario.
