BADEN GIVEN TO
ALLIES IN PLACE OF
THE MACKENZIE

London, Jan. 13.—The German superdreadnought Baden has arrived in Scapa Flo and been interned with other vessels of the German fleet. Surrender of this ship was demanded in exchange for the Mackenzie which was not able to leave Germany. The Baden is a vessel of about 27,000 tons similar to the Queen Elizabeth class, mounting eight 15-inch guns and steaming 23 knots. Another flotilla of German submarines numbering 16 is to leave Germany tomorrow for surrender to the Allies.

REPORT THAT
TARIFF WILL
BE REDUCEDWar Duties to be Removed and
Agricultural Machinery to
Be Reduced.

(Special via G. T. P. Telegraphs.)

Ottawa, Jan. 13.—That important tariff revisions will feature in the budget at the coming session of Parliament is freely rumored in more or less authoritative circles at the capital. It is stated that tractors of the class on which duty is now rebated will be placed on the free list, that the war tariff increase of 7½ per cent and 5 per cent, put into force during the early days of the war, will be removed, and that the duty on agricultural implements generally will be reduced to 12½ per cent. This to meet the demands of farmers especially in the west. New means of raising revenue are being considered. After making high profits during the war it is thought that the manufacturers can now look after themselves.

ARMY AND NAVY
VETERANS ARE
ORGANIZINGApplication for Charter Has Gone
Forward—Major McMullin
Presides at Meeting

There was an enthusiastic gathering yesterday afternoon in the Court House, at the organization meeting of the Northern British Columbia unit of the Army and Navy Veterans. There was a good attendance of veterans, and the Court House was comfortably filled. Major J. H. McMullin was called to the chair, and more than sufficient members were enrolled to meet the requirements of the Dominion Incorporation. The application for a Charter for the local branch will go forward immediately to headquarters.

There were veterans from many campaigns present yesterday, including many who had seen service in India and in South Africa, as well as in France. Major McMullin, the chairman of the meeting, is an old member of the 3rd Hussars, and later of Strathcona's Horse, and was present in every general engagement with his regiment in the Boer War.

The territory to be served by this new unit of the Army and Navy Veterans extends from the 51st parallel to the Yukon boundary, and as far east as Prince George. There are many more men known to be eligible for membership in this association in the district, and a large roll is expected.

NEW YORK HARBOR
STRIKE IS ENDED

New York, Jan. 13.—The harbor strike here ended yesterday, pending arbitration by the National War Labor Board, whose decision will be accepted by all parties.

FINDLAY HOPES TO GET HIS RELEASE
IF COMMISSION IS DECLARED ILLEGAL

(Special to The News via G. T. P. Telegraphs.)

Vancouver, January 13.—W. C. Findlay, former prohibition commissioner, has been obliged to make a choice between H. S. Taylor and Alex Henderson as his counsel, because of divergent advice they were giving him, and he has cast his lot with Mr. Henderson. The hopes to which prohibitionists were clinging that Findlay would appear before Mr. Justice Clement today must be abandoned because Henderson's advice to him has been that he should await the decision of Chief Justice Hunter on the legality of the commission. Both counsel saw Findlay at Okalla on Saturday.

It is held that if the Chief Justice's decision is that the commission is illegal, Findlay's contempt of court, for which he is now in prison, will be automatically purged and he will secure his release on that charge.

BOLSHEVIKI ARE AT WORK IN
SOUTH AMERICAN REPUBLICSPLOT DISCOVERED IN WHICH PARTICIPANTS WERE TO
OVERTHROW URUGUAYAN AND ARGENTINE
GOVERNMENTS AND ESTABLISH
SOVIETS IN THEIR PLACE

(Special to The News via G. T. P. Telegraphs.)

Montevideo, January 13.—The police have uncovered a plot on the part of Russians to instigate a Bolsheviki movement here and in Buenos Ayres. Four of the leaders in the movement are said to have confessed participation in a plan to overthrow the Uruguayan and Argentine governments and institute soviets in both countries.

Buenos Ayres, January 13.—Although the iron workers strike was settled Saturday and the general strike which had been declared by the Regional Federation was called off last night, there was only a slight decrease in the acts of anarchy during Saturday night and yesterday.

TWO SEIZURES
OF INTOXICANTS
BY THE POLICEChinese Find Novel Methods of
Hiding Illicitly Held Liquor
But Police Find It.

About 130 bottles of whisky, labelled House of Lords Scotch, and corked with corks marked "Oporto" were brought to the police office on Saturday, as the result of a short visit paid by Constables Adams and Slocum to the Wong Laundry on 9th Ave.

When the constables visited the premises there were three or four Celestials present. Constable Adams cast a hurried glance around the room and noticed that the newspaper covering the wall was slightly cracked at one place. On a further examination of this spot he pried off one of the wall boards and there was disclosed to his view the bottles, neatly stacked in the studding, behind the boards. Laundry baskets, boxes and any receptacles available were commandeered and transferred to the police office at once.

There was a big bound on the premises which bristled with suppressed rage when he saw the policemen, but this guard was insufficient.

Wong Yong, the laundry keeper, appeared in court this morning and was fined \$50.50 for having liquor in possession in a place other than that specified in the Act.

Mule Ku Liue.

Later in the day Chief Vickers and Constable Slocum paid a visit to the Kwong Sun grocery store on Third Avenue. Chief Vickers' experienced eye took in the stock on the shelves, most of which was in the original Chinese packages. "That seems to be a good brand of ginger you keep," remarked the chief, idly fingering an open case. "I like this label. Are all the labels the same?" he asked innocently. Him no good," hurriedly interjected the storekeeper. "Here real good ginger," offering another brand from elsewhere. Chief Vickers, however, stayed with the case he was at, and on removing the top layer of cans, found underneath some seventeen bottles of Mule Ku Liue, a favorite Chinese intoxicant. Kwong was also fined \$50.50 this morning in the police court.

REAR END COLLISION.

(Special via G. T. P. Telegraphs.)

Batavia, N. Y., Jan. 13.—Twenty-one persons were killed and several injured, three seriously, in a rear end collision on the New York Central Railroad near South Byron yesterday. Every person in the rear Pullman coach was killed.

PROHIBITED LITERATURE

(Special via G. T. P. Telegraphs.)

Ottawa, Jan. 13.—It is expected that modifications will be made shortly to the Order-in-Council respecting prohibited literature. The cabinet has the matter under consideration.

Early yesterday the rioters set fire to the central market, in which several million pounds of River Plata wool was stored. The market, which is the largest wool market in the world, has been closed since the withdrawal of buying.

Yesterday afternoon the mob set fire to a large print paper warehouse. Commanders of the Government troops officially report 250 dead and 700 wounded as a result of the strike riots.

JIMMIE GILCHRIST
SUCCUMBS, RESULT
OF SLEIGH ACCIDENT

The death occurred yesterday of Jimmie Gilchrist, son of Mr. and Mrs. William Gilchrist, of Fifth Avenue, West. The little fellow, who was about eleven years old, was out sleighing on New Year's Day and had the misfortune to be thrown off his bobsleigh. He did not appear to be very badly hurt at the time, but later spinal meningitis developed, which proved fatal.

The little one has been in bed since a day or two after his accident and every attention has proved unavailing. The funeral will take place on Wednesday afternoon at Fairview Cemetery and will be in charge of the B. C. Undertakers.

John Hill was fined this morning in the Police Court for being drunk.
