KEPT THE CITY OUT OF DEBT

Mayor McClymont Modestly Mentions Fact at Final Meeting of the Council Last Night.

NO PUBLIC MEETING FOR ELECTIONEERING

Alderman Dybhavn Retires After Seven Years of Service As Alderman of the City.

"Doubtless there are many things which we did not do during the past year, but we did not run the city into debt. If that is a good thing for an individual it is doubtless good for the city." That was the way in which Mayor McClymont summed up at the close of the meeting of the City Council last night. He said that he thought they had accomplished a good deal. They had not always seen alike as members of the council but he thanked the aldermen for their support.

Alderman Casey spoke of the faithful service of Alderman Dybhavn who was retiring from the council. As chairman of one of the departments he thought the public would be desirous of information in regard to those departments. Extensions to the lighting system were needed, lights had been out, and the public were interested in these things. The citizens were asking if there was to be a meeting to discuss civic affairs. The sewer system had broken down and something had to be done there. They had been charged with being a close corporation and not without reason.

Ask Public Meeting. Alderman Casey said that as the Council was now going out of business after being trustees of the people for a year the people would like some detailed information in regard to their work and he thought they ought to call a public meeting to give an account of their stewardship. He moved that the mayor and aldermen call a meeting for Wednesday night in St. Andrew's Hall. This was seconded by Alderman Kirkpatrick.

Alderman Dybhavn said that so far as he could ascertain the people knew as much about the work of the city as they did. He did not consider a meeting necessary. On a vote being taken it was decided not to call the meeting, the vote being two to four against. Lights Not Obtainable. In answer to the suggestion that the lights had been out a good deal Alderman Dybhavn said that during a storm over three hundred lights had been burned out and every effort had been made to replace them, but owing to present conditions it had been found impossible to get the globes. The department was doing its best to keep the city lighted.

Courtesies. Mrs. Kirkpatrick thanked the members of the Council for their courtesy to a woman, this being the first time there had been a woman on the council.

Alderman Dybhavn also thanked the aldermen and those other colleagues who had worked with him during the past seven years on the council. There had been some lively exchanges at times but he believed that those who had been elected had honestly done their best for the city as they had seen it. In leaving the council he felt that he was leaving friends. He wished the councillors success at the elections.

KEEPA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE NOTICE that Allie E. Burgess, of Bay Point, California, Married Woman, intends to apply for a licence to prospect for coal and petroleum over the following described lands on the West coast of Moresby Island, British Columbia, commencing at a post planted about 200 yards from the southerly shore of Canoe Pass and 4 miles east of the northeast corner of Robert Reid's application for licence; thence north 80 chains; thence east 80 chains; thence south 80 chains to the point of commencement. Located November 17th, 1918. ALLIE E. BURGESS, Applicant.

War to Peace

Article No. 1 Cut out for Reference.

HIS Announcement is made by the Dominion Government—made now because it feels that every Canadian wants to know, and is entitled to know, just what plans it has made to meet the problems that face the country. Only now has it been possible to finish the many plans and policies necessitated.

From day to day the Government will use this space to explain what it is doing to bring back our soldiers, to ensure the comfort of their dependents, to keep the whole nation busy and prosperous.

The problem is to take back our soldiers and war-workers into our social and business life under proper working and living conditions. It has four phases:—

- 1. To bring the soldiers home. 2. To fit those who have suffered overseas for useful employment. 3. To have ready for every soldier and war worker an opportunity for employment. 4. To assure for them proper living and working conditions.

The plans of the Government are such as will help solve these problems. What those plans are will be reported to you in this series of announcements.

(Signed) J. A. CALDER, Chairman.
