ASK are you logical in your use of medicine ? When your stomach is ailing you take something that reaches the stomach, but when the trouble is in your lungs or breathing passages, do you take something that gets there direct? This is where so many people make a mistake. They swallow remedies into the stomach in a vain attempt to cure an ailment which is of the lungs! Then they wonder why they receive no benefit.

For ailments of the lungs and breathing passages the logical treatment is the use of a remedy that is breatheable and therefore capable of reaching the lungs direct. Peps is that kind of remedy-

breatheable remedy in tablet form. When Peps are dissolved in the mouth medicinal vapor is released and breathed to all parts of the bronchial tubes and the minute air cells of the lungs, soothing the inflammation and consequent irritation, healing the sore places and ending the cough.

"MY FOUR YEARS IN GERMANY" SHOWN

Very few films have had the appeal to a Canadian audience that is contained in "My Four Years in Germany" which was at the Westholme Theatie last night and is to be shown again tonight. The building was packed upstairs and down and the most intense interest was shown throughout.

There were times when the pictures seemed perhaps gruesome, but the knowledge that this was a true picture and only a very small part of the truth at that did away with any idea of morbidity such as might otherwise have accompanied the sight. The portrayal of the leading characters in Gerard's book was excellent and right from first to last there is no break in the continuity and excellence of the film. It will be shown again tonight and coubtless there will be another big crowd out to se it.

BANK CLERK WOULD BE A MOVIE STAR

Herbert Mitchell, until recently employed at the Union Bank in this city, has given up the banking business and gone to California to be a movie actor. He transferred from this city to Vancouver but was there only a week or two when he made an arrangement with the Rainbow Studios at San Francisco to take up the work. He was taken with the flu at the Terminal City and has just recovered and is on his way to California.

Shortly before leaving here Mr Mitchell was given a farewell dance by a number of his friends all of whom will be interested in his new venture.

Gratuity.

Before the Armistice was signed "post discharge pay" was granted to discharged soldiers. Upon the signing of the Armistice it was felt necessary to make certain changes.

A larger grant will now be made to all who have served at the front whether discharged before or after the Armistice. Those who were on active service on the date of the Armistice, but had not served at the front, will also receive a gratuity on a higher scale.

The War Service Gratuity is given over and above any "back pay," pension or clothing allowance to which a man may be entitled.

It is given in addition to all the care, attention and service which the Government will devote in order to restore our fighting men to civil life.

To Whom Awarded.

All soldiers discharged on or after November 11th, 1918, who have served with good conduct will receive War Service Gratuity according to their class.

Soldiers discharged before November 11th, 1918, will receive War Service Gratuity only if they served at the front in any actual theatre of war.

If a soldier discharged before November 11th, 1918, did not serve in an actual theatre of war he will be entitled only to post discharge pay-according to his class on the old scale.

When Payable.

Men who have already been discharged will be given the gratuity to which they are entitled (less any "post discharge pay" they have received) after February 1st, 1919.

Application for an adjustment must be made to the paymaster of the district from which the soldier was discharged. The necessary forms to be filled out in support of each claim for adjustment may be obtained from the military headquarters of each district, from district and unit paymasters and from officers commanding militia units.

Men who are still in the service will receive their first month's gratuity immediately upon their discharge-unless they are "boarded" to receive treatment and full pay and allowances from the Department of Soldiers Civil Re-Estab-
