

WHERE COLDS STRIKE

The throat, breathing passages and lungs are the weak spots at which colds strike. And these are the very organs most difficult to treat, because only a breathable remedy is capable of reaching the troublelodged there.

Peps provide a breathable remedy, and their superiority over remedies which are swallowed into the stomach is therefore obvious. For convenience, this breathable remedy is condensed into tablet form. To take the treatment, merely dissolve Peps in your mouth, and the medicinal vapor that is released is carried by the breath to the remotest parts of the breathing passages and lungs, healing, soothing and strengthening every part with which it comes in contact. At the same time, by destroying all disease germs, these medicinal fumes prevent the development of colds, coughs and serious chest trouble.

Carry Peps with you, and when you go from an overheated building to the bitter cold of outdoors, put a pastille in your mouth. Also as a protection against germs, keep a Peps in your mouth, when breathing the impure air of a crowded theatre or store.

For colds, asthma, or chest troubles, which have already developed, Peps are equally invaluable; also for bronchitis, sore throat, laryngitis, etc. All dealers, 50c. box.

ICE QUESTION AGAIN IS BEING DISCUSSED

Fish Committee of City Council Asked to Make Report On Situation.

That there is more ice being put up this year along the line of the G. T. P. was reported to the City Council last night when the question of the city taking steps to provide ice was mooted.

Alderman Casey suggested that they were likely to be in the same position this year as last. He moved that the fish committee of the Council take up the matter at once and find out if the Cold Storage Company was taking steps to increase its capacity or if the company fathered by ex-Alderman Dybhavn was likely to do anything.

Alderman McMeekin asked if any reply had been received to a recent resolution of the Council sent to the Government, and the city solicitor said that acknowledgements had been received from both the Minister of Lands and the Premier.

MARY MACLAREN IS DRAMATIC SUCCESS

Well Known Star Enthus Enthus Large Audience at Empress Theatre Last Night.

"Bread" was a great success and a well pleased audience left the Empress Theatre after the showing last night. The drama is one having to do with life under modern conditions and has a moral lesson which is easy to appreciate.

Mary MacLaren, the star, was a most pleasing personage and her part was taken with great effect. Seldom has a more powerful play been shown here. The hungry girl who was trying to make her way in the world and the rich young man who had everything he wished, formed a strong contrast and made a lasting impression on the audience.

"Bread" is being shown at the Empress again tonight with an L-KO comedy.

JAPANESE STAR IS AT THE WESTHOLME

Famous Sessue Hayakawa Plays Part of English University Man on Coast of Africa.

There was a large and well pleased audience at the Westholme Theatre last night. The famous Japanese player, Sessue Hayakawa, was seen in "The White Man's Law" and it is indeed a strong play with a splendid cast.

The scene of the play is laid on the West Coast of Africa and Hayakawa takes the part of an English university man. He does it to perfection and the result of the whole is a fine drama.

It is a love story and smacks somewhat of tragedy. It is a good clean play and one not to be missed.

The question of having a member of the police force always on duty at the police station was discussed by the City Council last night. Alderman Rochester told of trying to get in touch with the police after midnight on Sunday and it was an hour before he was able to get an officer. The matter is to be placed before the Police Commission.

Harry Meagher who was appointed as delegate from this city to attend the International Seamen's Convention at Galveston, Texas, a couple of weeks ago, is reported on his way home now.

War to Peace

Bringing Our Soldiers' Dependents to Canada

IN England, there is a colony of Canadian women who went overseas in order to be near their husbands. There are also in England and France many women who married Canadian soldiers and have never seen Canada.

It is one of the duties that Canada has incurred through the war to bring back these dependents of our soldiers with all speed, and to help establish their home life.

Up till the time the Armistice was signed, some 22,000 women and children were returned. There still remain about 50,000 to be brought back.

These 50,000 soldiers' dependents will be returned to Canada at the public expense. Those who have already arrived in Canada since November 11th, 1918, will have their ocean and railway fare refunded by the Government.

The facilities for transporting soldiers and their dependents are limited to about 30,000 monthly. Therefore, women and children will be returned to Canada at the rate of about 5,000 to 7,000 each month. Many of the women will be accompanied by their husbands. On every boat carrying 200 or more unaccompanied women there is a Y.W.C.A. secretary.

At the Ports.

To these 50,000 returning women and children every care is being given. Until they reach the shores of Canada they are in charge of the Overseas Militia Department.

At HALIFAX they are welcomed by the Women's Reception Committee, composed of women who have been engaged in war activities. This committee has been organized for nearly two years and has been doing splendid work.

At ST. JOHN there is also a committee representing all the organizations interested. This committee, although more recently formed, is giving excellent service. The National Y.W.C.A. has assigned two secretaries for work at this port.

On each of these Committees there is a trained nurse to give necessary attendance.

At the ports the organizations meet every boat. Locate the women's luggage. Take charge of the babies. Bring the women to a cosy rest room. Here cots and baths are provided for the children. Hot lunch can be secured. Overnight accommodation is arranged.

Women who are too sick to proceed on their journey are taken to the local hospitals. Women who are without

money receive assistance from the Patriotic Fund; are provided with lunch baskets and money to buy meals on the train.

These organizations also secure the railroad tickets for the women, get their money changed, give them such information as they need. The workers accompany the women to the train.

The Repatriation Committee have a nurse, trained in social work, lent by the Victorian Order of Nurses to act as the committee's representative at each port.

On the Train.

On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses. This nurse carries with her first aid supplies and an emergency fund of money furnished by the Red Cross Society.

Telegrams are sent ahead to the local branch of the Patriotic Fund and to the local Reception Committees giving the number who will arrive.

On Arrival.

The Rotary Clubs of Canada have undertaken to provide motor cars to take the women and children from the station to their homes.

The Patriotic Fund have undertaken to provide temporary accommodation and other necessary assistance at cities and towns en route and at points of destination.

The main function of this nation-wide organization is to care for soldiers' dependents. It is therefore fitting that they should be responsible for arrangements for all the returning women and children.

Many other well-known organizations have been doing admirable work—meeting trains, providing rest-rooms, canteens and hostels and generally caring for the women and children. It is important that these organizations continue this work and co-operate as closely as possible with the Patriotic Fund.

The Repatriation Committee
