WATER NOTICE

DIVERSION AND USE.
TAKE NOTICE that Thos. J. Kirkpatrick, whose address is Terrace, B.C., will apply for a licence to take and use 1 cubic foot per second of water out of Thornhill Creek which flows north and drains into Skeena River about 100 feet west of Ferry Landing.

The water will be diverted from the stream at a point about 1500 feet south-east of the Skeena River, and will be used for power purposes upon the land described as Lot 839, Range 6, Coast District.

This notice was posted on the ground on the 9th day of January, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THOS. J. KIRKPATRICK, Applicant.

The date of the first publication of this notice is January 28, 1919.

MANY WATCH ALICE ARM DEVELOPMENT

Working of Dolly Varden Railway Would Mean Opportunity For Eight Mines To Ship.

Miners and prospectors who are interested in the country around Alice Arm and the Kitsault River are looking forward to hearing favorable news from Victoria in regard to the settlement of the Dolly Varden Railway mixup and the renewal of the charter for the line. These men nearly all make Prince Rupert their headquarters and base of supplies and naturally this city is interested.

According to those who have prospects and mines in the district there should be no less than eight shipping mines this summer along the eighteen miles of the Dolly Varden Railway. This, in addition to the working of the Dolly Varden, will cause great activity in the district.

Prospectors are asking that the Government shall construct a trail which later may be converted into a wagon road from the head of the Dolly Varden railway to the head of the Kitsault river.

This would be about six miles long and would serve a number of valuable mining properties which promise to develop into mines. Most of the ores contain large percentages of silver, a metal which is now selling at a high price.

There is no doubt but that the Alice Arm country will prove very rich and in the near future it is expected that the district will be a hive of industry.

News of the Mines

There are but three mines on the Queen Charlotte Islands that are being worked just now. They are the Producer's Mine, just outside Jedway Harbor where a small concentrator has been installed. At present a crosscut is being driven from the beach and very soon it is expected this will be a shipping mine.

Work is still going on at the Southeaster mine under the management of A. S. Holmes and it is understood that diamond drilling may be undertaken there soon.

The Ikeda mine has been shipping regularly and will continue, according to the latest accounts.

At Surf Inlet the output of gold for the year 1918 amounted to over \$1,000,000. This mine is situated on Princess Royal Island. It has a 300-ton concentrator at work and the concentrates are treated at the Tacoma Smelter. The flotation process is used in reducing the ore.

REV. FATHER M'GRATH PREACHES ON MARRIAGE

At the Catholic Church last evening Rev. Father McGrath gave an interesting sermon on the subject of marriage. He dwelt on the importance of home life and of the manner in which God had sanctioned it. With this purpose he had raised matrimony to the position of a sacrament by which mankind secured to itself some of the benefits to be obtained from the life and death of the Saviour.

It was fitting, Father McGrath said, that the function of life should be so blessed, as it was the most important thing in the world. God had blessed the matrimonial state and it was fitting that right at the beginning of life God should have set one of his blessed sacraments.

The series of sermons on the subject, especially dealing with the sacrament of holy matrimony, will be continued next Sunday evening.

Oh say! The News Print Shop does its work about as cheap as most shops and quite as well, gives you the work on time whenever possible and hands it out with a pleasant "Thank you." What do you say to giving them trial on your next job?

War to Peace**Training the Invalided Soldier**

WHEN the first Canadian casualties were announced every heart in Canada thrilled with the thought—"What will the country do to help these men overcome the handicaps they have suffered?"

Since that day Canada has been quietly developing a wonderful organization to help restore the strength and earning capacity of her invalided soldiers.

This work is in the charge of the Department of Soldiers' Civil Re-Establishment. It is divided into three classes.

Ward Occupations.

Soldiers who, on account of their injuries, are confined to wards or to their beds in hospitals are taught handicraft work of various kinds. This work is not meant to train a man in work by which he could earn a living. It is encouraged rather because it diverts the soldier's mind from his disability, and gives him light exercise. In this way it assists wonderfully in the soldier's recovery.

Occupational Therapy.

This work is conducted in hospitals. It is intended mainly to help in the cure of the patient. But it often serves as the ground-work for a course in Industrial Re-training. The following gives some idea of the breadth and scope of the subjects taught in these classes:—Mechanical drawing, woodworking, boot and shoe repairing, machine shop practice, gardening, poultry raising, civil service instruction, book-keeping, stenography, telegraphy.

Industrial Re-Training.

When a man is so injured by war service that he cannot follow the occupation or trade that he worked at before

enlisting, the Department trains him for a new occupation.

For this work, use is made of Technical Schools and Universities at fourteen centres throughout the Dominion. Here primary training is given by specially planned courses. This helps a man begin his actual re-training work intelligently.

Most of the re-training is given in actual factories and shops. Hundreds of large and small concerns have co-operated whole-heartedly in this work—placing at the disposal of the Department, without charge, their equipment and the services of many of their staffs.

Ninety-five per cent of those who have been granted "Industrial Re-training" courses by the Department have been successful in becoming self-supporting in a new trade or occupation.

These benefits are given by the Department to ex-members of the Canadian, British and Allied forces living in Canada, who come within the classes for which these benefits are provided.

During the period a man is being "Re-trained" he and his dependents are granted adequate pay and allowances.

To any one interested in the work of this Department information will be gladly given on application to—

The Department of Soldiers' Civil Re-Establishment—OTTAWA, 22 Victoria St.—HALIFAX, N.S., Leith House, Hollis St.—FREDERICTON, N.B., Royal Bank Building—MONTREAL, P.Q., Room 301, Drummond Building, Cor.
