

20 MILLION GERMS

According to a scientist, are freed every time a person coughs! If you happen to be in the vicinity it is impossible for you to breathe without inhaling some of them. Yet there is one sure way to avoid infection—Keep your mouth and throat bathed with the pleasant but germ-destroying vapor that is liberated from a Peps pastille as it dissolves in the mouth.

Not only as a preventive but as a cure for bronchitis, sore throat, coughs and laryngitis. Peps are equally good. All dealers, 50c. box.

PEPS

**Pure Cream
Makes the
Richness**

There is a pure cream richness about Pacific Milk that is the only secret behind its goodness for cooking.

You see, all we do to the rich, fresh milk as it comes from the farm is to evaporate water out of it.

This leaves the natural butter fat and other cream solids as they were.

Then we seal it up so it remains fresh and sweet.

Try it in the next recipe which calls for milk or cream.

AIRPLANE SERVICE FOR ALASKA TOWNS

Proposal to Carry Mails From Seattle North if Contract Secured.

A hydroplane service between Seattle and Juneau is contemplated, according to Lieut. T. J. Finnegan, of the United States aviation service, and brother of Capt. J. J. Finnegan, head of the military branch of the Governor's office in Alaska.

W. E. Boeing, of the Boeing Airplane Company of Seattle, is making arrangements to furnish the capital necessary, should the hydroplane service be able to secure the mail contract, between Seattle and Juneau, according to Lieut. Finnegan. A representative of Mr. Boeing has been in Washington working with Gov. Thomas Riggs, Jr., with the Post-office Department in the interest of the hydroplane service.

"It is feared that a hydroplane would encounter difficulty in the fog along the coast," said Lieut. Finnegan, and the service could hardly be a success until it was determined whether or not this hindrance could be overcome.

Lieut. "Tom" Finnegan is an old timer in Alaska, having been in Seward and residing at different times in other Westward towns. He joined the United States Aviation service a year ago, and went into training in California. He won a commission as Lieutenant several months before the end of the war, and was engaged as a trainer at the aviation fields.

Tolman to Remain in Service.

Lieut. Crit. C. Tolman, also of Seward and a friend of Lieut. Finnegan, whom he trained for the service, well known throughout Alaska, who joined the aviation service shortly after America entered the war, expects to remain in the service, according to the latter. Lieut. Tolman has made a great record as a trainer.

Lieut. Finnegan is in Juneau on business for his brother. He will remain there about ten days.

"RICH MAN, POOR MAN" AT THE WESTHOLME

Marguerite Clark, The Sweetest Girl in Motion Pictures, is Star—Good Support.

"I regard the role of Betty Wynne, which I portray in this really splendid picture, as one of the best I have ever had," said Miss Clark to an interviewer recently.

MARGUERITE CLARK in "Rich Man, Poor Man" A Paramount Picture

"Betty is a nice girl whose birth is enshrouded in some mystery, and she finds herself perfectly at home in the mansion of a grouchy financier when she is introduced as his grandchild through forged documents, of which she is completely in ignorance.

"Betty dissolves the icicles in the old man's heart and he learns to love her deeply, so that when it develops that Betty isn't his granddaughter after all, he doesn't want to give her up. Of course everything ends happily, and the development of this attractive story, which is based upon Maximilian Foster's successful novel, is responsible for many situations of real dramatic power. Frederick Warde plays the part of the old financier in his usual artistic manner."

The play will be seen at the Westholme Theatre tonight.

A scow of paper pulp arrived from Swanson Bay yesterday morning, which will be shipped east from here.

War to Peace

Free Artificial Appliances for Disabled Soldiers

EVERY returned soldier, who is an amputation case, is provided by the Government with an artificial limb. He can have that limb repaired, and if necessary, replaced, without expense.

This is one of the many services rendered by the Department of Soldiers' Civil Re-Establishment to the returned soldier.

Medical Representatives

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT.

NOTE.—At places marked (*) there are Medical Administrative Offices of the Department with Medical Officers in charge. Otherwise reference is given to Medical Representatives. Additions are being made to this list constantly.

This department also supplies free "orthopaedic" appliances to correct as far as possible injuries to the feet, legs and arms; also special boots, splints, braces, etc. To those who need them, it also gives free surgical appliances such as trusses, spectacles, spinal supports, glass eyes, abdominal supports.

A Government factory has been established at Toronto to make artificial limbs. Here standard patterns, embodying the best ideas known, are manufactured.

In this work expert advice is given by surgeons who have seen overseas service, and who are in constant touch with similar work in other countries.

An experimental department is maintained for developing practical applications of new ideas, and for testing out all new appliances that become available in Canada or foreign countries.

Repair parts for standard patterns are kept in stock at fitting depots in the following centres: Halifax, Fredericton, St. John, Montreal, Ottawa, Kingston, Hamilton, Toronto, Winnipeg, Regina, Moose Jaw, Saskatoon, Calgary, Edmonton, Vancouver, Victoria.

At these depots there are experienced fitters who make repairs and adjustments under the supervision of surgeons. They also fit to individual patients appliances received in the rough from the factory.

These depots are so located that those requiring renewals, repairs or adjustments can get them free without travelling long distances. If there is no fitting depot in the patient's town, he is instructed by the Department's Medical Officer to travel to the nearest depot. He is furnished with free first class railway tickets, an allowance to cover meals and other expense, and an allowance to apply against loss of time from his work. If he must remain there for longer than a week he is maintained at the Department's expense, and he and his dependents receive the same allowances as if he were in hospital.

Artificial limbs, orthopaedic and surgical appliances are furnished free only when their issue is authorized by a Medical Officer of the Department. These representatives are listed alongside.
