ALICE ARM
The following is from the re-
port of the District Mining En-
gineer just published:
The United Metals Mining Co.
has a number of claims up the
Illianee river, fourteen miles from
tide-water. Considerable surface
work has been done, exposing
several small high-grade silver-
lead veins, from which probably
50 tons of ore has been sorted
ready for shipment. The select-
ed ore should run 120 oz., or bet-
ter, in silver.

Silver Bell.
The Silver Bell group adjoins
the United Metals further up the
river, and also shows a number
of small high-grade veins on
which little surface work has been
done. The country is rather flat
and a suitable tunnel-site hard to
obtain. It is hard to size up the
possibilities from an ore-produc-
ing standpoint because of the de-
tached croppings and the fact
that no sinking has been done on
any of them; however, the num-
ber of the showings and the grade
of the ore would lead one to think
that sufficient tonnage could be
obtained to make operating profit-
able.

Farther up—in fact, over the
summit on the Naas River slope
—the Bromley claims have a little
work done on a small vein show-
ing from 8 to 12 inches of the
characteristic high-grade silver
ore of this section. The exten-
sion of this vein is located across
the creek on the Ingraham-Bone
claims, which, unfortunately, I
did not know of while in that
neighborhood.

Monarch.
The Monarch group of four
claims lies just on the summit, on
the south bank of the Illianee.
Extensive surface work has been
done, exposing the vein for sev-
eral hundred feet along the sur-
face, in which there is some fine
ore. A tunnel was driven to tap
this showing a distance of 162
feet, but failed to get it. Further
work is fully warranted.

Silver Star.
The Silver Star group, just
across the creek from and adjoin-
ing the United Metals property,
has a tunnel driven in from the
bottom of a deep gulch to cross-
cut the vein, which was then drift-
ed on for 14 feet. The vein in
the tunnel is 8 inches wide, but
pinches in the face of the drift,
where, the country-rock is in-
tensely twisted and displaced.
The vein crops about 40 feet
farther down the gulch from the
tunnel, and better judgment would
have been shown had the vein
been drifted on for 42 feet in-
stead of cross-cutting that dis-
tance to get it. The surface shows
6 inches of ore assaying 170 ozs.
silver and 25 per cent. lead.

Farther up the hill from the
Silver Star the Silver Cliff group
shows some croppings of ore, but
no work has been done.

"BEANS" PROVES TO BE A SPLENDID COMEDY

"Brimful of Laughter and Excite-
ment" is the Way in Which
It is Described.

"One of the best comedy pro-
grams ever here" was the verdict
of those who saw the photoplay
"Beans" at the Empress Theatre
last night. There was a good
crowd present and it would have
been larger had they known the
show would have been so good.
It was brimful of laughter and
excitement from beginning to end.
"Beans" will be repeated to-
night and it is expected that the
report of the excellence of the
program will fill the house to-
night.

The management of this house
has arranged a matinee for Wed-
nesday in order that everyone may
have an opportunity to see "The
Fall of the Romanoffs."

MARGUERITE CLARK CAPTIVATES AUDIENCE

With "Rich Man, Poor Man" the
Crowd That Attended the
Westholme Last Night
Were Delighted.

"The World's Sweetheart,"
Marguerite Clark, was the draw-
ing card at the Westholme last
night in "Rich Man, Poor Man,"
a most delightful comedy, a work
of art and one of the finest plays
that Miss Clark has starred in.

To say that it was above the
average or that it was most en-
joyable is not half enough praise
for so delightful an actress and
such an excellent picture. It is
well described as "the play of a
thousand throbs and a thousand
thrills."

The Mack Sennett comedy too
was excellent and showed a most
versatile company and delightful
girls.

There may be something you
want. See the classified column
on Page 5.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed
lands only.
Records will be granted covering only
land suitable for agricultural purposes
and which is non-timber land.
Partnership pre-emptions abolished,
but parties of not more than four may
arrange for adjacent pre-emptions, with
joint residence, but each making neces-
sary improvements on respective claims.
Pre-emptors must occupy claims for
five years and make improvements to
value of \$10 per acre, including clearing
and cultivation of at least 5 acres, be-
fore receiving Crown Grant.
Where pre-emptor in occupation not
less than 5 years, and has made propor-
tionate improvements, he may, because
of ill-health or other cause, be granted
intermediate certificate of improvement
and transfer his claim.
Records without permanent residence
may be issued provided applicant makes
improvements to extent of \$300 per an-
num and records same each year. Fail-
ure to make improvements or record
same will operate as forfeiture. Title
cannot be obtained on these claims in
less than 5 years, with improvements of
\$10 per acre, including 5 acres cleared
and cultivated, and residence of at
least 2 years.
Pre-emptor holding Crown Grant may
record another pre-emption, if he re-
quires land in conjunction with his
farm, without actual occupation, pro-
vided statutory improvements made and
residence maintained on Crown granted
land.
Unsurveyed areas, not exceeding 20
acres, may be leased as homesteads;
title to be obtained after fulfilling res-
idential and improvement conditions.
For grazing and industrial purposes,
areas exceeding 640 acres may be leased
by one person or company.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to
include all persons joining and serving
with His Majesty's Forces. The time
within which the heirs or devisees of a
deceased pre-emptor may apply for
title under this Act is extended from
one year from the death of such person,
as formerly, until one year after the
conclusion of the present war. This
privilege is also made retroactive.
**TOWNSITE PROPERTY ALLOTMENT
ACT.**
Provision is made for the grant to
persons holding uncompleted Agree-
ments to Purchase from the Crown of
such proportion of the land, if divisible,
as the payments already made will
cover in proportion to the sale price of
the whole parcel. Two or more persons
holding such Agreements may group
their interests and apply for a propor-
tionate allotment jointly. If it is not
considered advisable to divide the land
covered by an application for a propor-
tionate allotment, an allotment of land
of equal value selected from available
Crown lands in the locality may be
made. These allotments are conditional
upon payment of all taxes due the
Crown or to any municipality. The
rights of persons to whom the pur-
chaser from the Crown has agreed to
sell are also protected. The decision of
the Minister of Lands in respect to the
adjustment of a proportionate allotment
is final. The time for making applica-
tion for these allotments is limited to
the 1st day of May, 1919. Any applica-
tion made after this date will not be
considered. These allotments apply to
town lots and lands of the Crown sold
at public auction.
For information apply to any Provin-
cial Government Agent or to
G. R. NADEN,
Deputy Minister of Lands,
Victoria, B. C.
