

BOAT UP RIVER BADLY NEEDED

Board of Trade Favors Idea of Mosquito Fleet Connecting Prince Rupert With Outside Points.

The question of river transportation came up at the meeting of the Prince Rupert Board of Trade last night, when a letter was read from Hoomes K. Freeman asking that the Board do not put any obstacle in the way of his running a tri-weekly service up the river to the canneries. Mr. Freeman said that he had offered to carry the mail from April 1.

The general opinion was expressed by the members that a service of this kind should be encouraged, but that it would be necessary to carry freight in order to make the business a profitable one.

Badly Needed.

D. G. Stewart said this was a service that was badly needed and he thought Mr. Freeman would do it well. It must, however, be a freight service or it would not pay, neither would it properly serve the purpose required.

After some discussion it was decided that the committee on trade and commerce should take the matter up with Mr. Freeman.

Mosquito Fleet.

This communication precipitated a general transportation discussion in which opinions were freely expressed that there should be a mosquito fleet running in and out of this port to keep the place in touch with the canneries and camps. A boat up the river that would carry freight and passengers, a service to Surf Inlet, proper connection with Stewart and other points were discussed and it was decided to refer this whole matter to the transportation committee for report.

LIQUOR MEN HAVE \$2,000,000 TO SPEND AGAINST PROHIBITION

Rev. Hugh Dobson of Regina, speaking Sunday evening in the Highlands Methodist Church, Edmonton, stated that the Dominion vote on national prohibition would not be taken till all the soldiers had returned and that he was confident they would be largely in favor of putting Canada dry.

A liquor deputation is now overseas, he said, representing to the soldiers that the slackers at home had put prohibition over while they were away fighting, whereas the fact was prohibition had been enforced to save food to send to the soldiers. Mr. Dobson informed his hearers that with the signing of the armistice, a determined effort had been made to discredit prohibition throughout the country and that a fund of \$2,000,000 had been set apart by the big liquor interests for this purpose. Of this, \$200,000 is for newspaper propaganda under an expert agent.

Referring to child welfare, the speaker said while the war had cost Canada 60,000 lives, we had lost in Canada 120,000 children from preventable causes.
