CITY COUNCIL WOULD EXPEL UNDESIRABLES

Vancouver Resolution is Endorsed
 After Considerable Debate
 and Strenuous
 Opposition.

A resolution regarding the expulsion of aliens from Canada was passed by the City Council last night on motion of Alderman McMeekin, seconded by Alderman Perry. The resolution was passed by the Vancouver City Council at a recent meeting and forwarded here for endorsement. Considerable debate ensued, but it was finally passed on the vote of Aldermen McMeekin, Perry, Rochester, Currie, Kirkpatrick and Barrie, with Alderman Casey opposing. The resolution was as follows:

The Resolution.
 "Whereas it is reported that the Minister of Finance of the Dominion of Canada has been directed by authority under the War Measures Act, to direct the expulsion, removal or deportation from Canada of all undesirable interned aliens, and
 "Whereas it is the firm opinion and belief of this City Council, representing the citizens of the city of Vancouver, that all alien enemies in the Dominion of Canada interned or otherwise, are 'undesirable' and detrimental to the best interests of the country, and
 "Whereas it is also our firm belief that in the best interests of this country economically and socially Canada's doors should be locked for some time at least to all subjects or citizens of Germany and her allies in the recent world struggle,
 "Be it, therefore, resolved that a memorial be prepared and forwarded to the Dominion Government urging upon said body the absolute necessity of enlarging upon the order directing the expulsion of aliens so that all enemy aliens in Canada shall be deported forthwith.

"Be it further resolved that the various municipalities of this Province be requested to take similar action and the Provincial Government requested to assist in order that at least the Province of British Columbia may be freed of a menace that will sooner or later have a demoralizing effect upon the country and militate against the rehabilitation and repatriation of the thousands of men who have suffered and who have bled to make this country possible."

Alderman Casey.
 In opposing the resolution Alderman Casey said it would be wrong to take men who conduct themselves properly and to persecute them. Many had carried out all that was required of them and now to say to them that they were to be subject to a penalty would be unjust.

The alderman instanced two neighbors of his. They had children who were born in this country. They were good citizens and had committed no offence. They worked honestly and paid their debts. He thought men should be dealt with individually. If a man was a menace or conducted himself in such a way as to merit it he should be punished.

Required Courage.
 Alderman Casey went on to speak of the fact that the Dominion was capable of furnishing the means of life to a great many more than were here. It was easy to get up and assail Austrians, Germans or Bulgarians but it required a great deal more courage to defend them. Had the war been with Russia or the United States the feeling would have been different. In that case Austrians and Germans would have been "jake" and the others bad. This was a cosmopolitan country and he thought it should develop in a cosmopolitan way.

Alderman Barrie did not see why they should endorse Vancouver's resolution. He favored drawing up one of their own, applicable to their own conditions.

Ald. Kirkpatrick.
 Alderman Kirkpatrick in favoring the motion said that many alien enemies had celebrated German victories here. It had been necessary to put guards on the railways and bridges and public buildings. The Germans and Austrians made fun of us when we were lenient. They had been laughing at us all the time. In

END THAT COUGH!

Peps will end it! Simply dissolve Peps tablets in your mouth. The Pine forest vapors which are thus released are breathed down to the remotest parts of the air passages and lungs, soothing and healing the inflamed membranes and bringing quick relief from that irritating and exhausting cough.

Mrs. Luther Brown, of Wilson's Beach, N.B., writes: "For two years I was troubled with a very bad cough. At nights it became worse and I coughed incessantly and could not sleep. I tried every remedy I had ever heard of, but nothing did me any good until I used Peps. Even the first few tablets gave me relief. I continued their use, with the result that my cough has entirely disappeared."

These breatheable Peps are also unequalled for colds, sore throat, bronchitis, catarrh, asthma and chest and lung troubles. 50c. box, 3 for \$1.25. All dealers or Peps Co., Toronto.

PEPS

Prince Rupert men had been taken with maps of the harbor on them. They came here and were promised the rights of citizenship but had not been true to it. They abused the rights in an underhand way, and they should be punished by expulsion.

Alderman Perry was not in favor of persecution. The resolution referred only to undesirable.

After an amendment had been defeated the main resolution was put and carried.

On the advice of the acting mayor Aldermen Casey and Perry were appointed on the Great War Veterans' Memorial Committee at the meeting of the City Council last night.
