AMBITIOUS SCHEME FOR A MEMORIAL

Committee Last Night Decided to Erect Building—Sub-Committee is Chosen.

At the meeting of the general committee to discuss the memorial to the soldiers who fought and died overseas held at the War Veterans' rooms last night, Judge Young presiding, it was decided that the memorial should take the form of a building to be erected on the property recently donated for the purpose by the city.

A committee consisting of Judge Young, George Hill, W. E. Thompson, S. D. Macdonald and Major McMullin to act in conjunction with five members of the Great War Veterans was chosen and this committee will examine plans and make recommendations as to the type of building which would be suitable.

It seemed to be the general opinion of the members present last night that if possible a large public auditorium and a swimming tank for the use of the public should be included in the structure, as well as a clubhouse for returned men.

The committee will meet again soon to receive the report of the building committee.
