

A Song for Every Mood

Music gives expression to every human emotion. All that is happy and beautiful in life, has been expressed in music.

When things seem bright and cheerful because a ray of happiness has come into your life, you need an outlet to give vent to your feelings.

When sorrow or depression comes, the need of consolation is even greater.

It is at such times that you derive the greatest comfort from

The NEW EDISON

"The Phonograph with a Soul"

Then one sweet note of the voice of Anna Case, or one ripple of melody from the bow of Albert Spalding, puts your soul in harmony with the world. Music—real music—is one of life's greatest boons. Edison music is real music because the New Edison does not merely imitate, it re-creates. One never tires of the New Edison, the novelty never wears off, because there is no novelty to wear off. It is not just another "talking machine". It is decidedly different. To appreciate the difference you must hear it.

We will gladly submit the New Edison to your musical judgment either here or in your own home.

WALLACE REID IS SEEN TO ADVANTAGE

"The Man From Funeral Range" is Dramatic Play With Many Interesting Situations.

The story concerns itself with the experiences of Harry Webb, a young prospector who angers two sharpers by refusing to sell his claims. He leaves the Funeral Range, where he has been isolated from humanity and goes to the city where in a cafe he is attracted by a cabaret girl's voice and later comes to love the girl herself.

One of the sharpers turns up as an admirer who is despised by Janice, the girl. Dixie, another entertainer, is jealous, having been cast off by the villain, Brenton.

All sorts of exciting times follow, but in the end all comes out well.

The story is at the Westholme Theatre tonight.

KAISER IS SEEN IN HIS TRUE COLORS

Beast of Berlin Shows Late Ruler Of Germany as He Really Was.

A full house greeted "The Beast of Berlin" last night at the Empress Theatre and it was a show that was well worth going to. The spirit which made the Germans set out to conquer the world is well illustrated in the many scenes representing the inner councils of the former government.

Following close on the play and really seeming like a part of it as the natural sequence, was the surrender of the German fleet to the Allies. The great dreadnoughts which had never fired a shot in self defence paraded before the eye and the British vessels are seen there with their guns pointed on the enemy to safeguard against treachery.

It is safe to say that with such an attractive lot of films the theatre will be well filled again tonight for the repeat performance.

MOUNTED POLICE OF BRITISH COLUMBIA

Headquarters to be Established at Vancouver with Strong Detachment in Central B. C.

Regina, Feb. 14. — The establishment of headquarters for the Mounted Police in British Columbia at Vancouver with Superintendent Harrigan in charge has been officially confirmed. Dawson is to be the headquarters for the Yukon and it was also proposed to have another headquarters at Prince George but this was overruled.

It is likely that there will be a strong detachment stationed in Central British Columbia with Prince George as the logical centre of the interior and Prince Rupert for the coast district.
