

FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-TIVES" Conquered Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C. B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'.

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous".

GRAND TRUNK BOAT LEAVES FOR STEWART

Run Between This City and Mining Camp Initiated Yesterday by Steamer Prince John.

The Grand Trunk Pacific Railway Co. has initiated a service to Stewart with the steamer Prince John. That boat went to the mining town yesterday with passengers and freight, and while she will not run on schedule for a short time she will make frequent trips and it will not be long before a regular time card will be issued.

Ore to Tacoma.

The John not only took freight and passengers north, but she will load with ore and run south to Tacoma with it. The ore has been shipped from the Bush mine and is now at the dock at Stewart ready to load.

R. Beaumont, superintendent of steamships, left on the John in order to look over the situation at Stewart and make arrangements for the service.

Great Development.

Great developments are expected at Stewart during the coming spring and summer. Already a number of people are going in and more will follow soon. The fact that the Bush mine is shipping rich ore to Tacoma and is getting good returns is giving others confidence in the district.

Sir Donald.

No word has yet been received from Sir Donald Mann as to whether he will develop his properties this coming summer, but it is generally expected that he will do so. At any rate there will be enough mines working to make things hum there and to keep a good steamship service going.

VETERANS' CONCERT PROMISES VERY WELL

Theatre and Film Donated by Westholme Management for Tuesday Evening Next.

The management of the Westholme Theatre has donated the building for Tuesday night's concert to the Great War Veterans. The proceeds of the entertainment will go to the building fund for the war memorial. Besides the theatre Paul Aivazoff, the lessee of the building, will give the use of a Mary Pickford film and all the appurtenances of the theatre so that the soldiers will be under no expense in that regard.

The concert promises to be first rate in every particular and doubtless there will be a full house when the curtain rises.

PEACE ARMY PLAN DEFEATED BY VOTE

Paris, Feb. 14. — The Bourgeois proposition for an Inter-allied military force to enforce peace was defeated by an overwhelming vote at a meeting of the Society of Nations yesterday. The French and Czecho-Slovaks were the only representatives voting in the affirmative.

Attention to Salmon Trollers

The finest and most economical engine on the market today is the

Doman Engine for Trolling

Made of the finest materials possible, by a firm who have the whole interest of the fisherman at heart, it is an Engine hard to beat.

Made in all sizes, from 5-7 H.P. to 85 H.P., the Doman engine has been put on the market specially for fishing boats. It burns distillate as well as gasoline, and a mechanical turn of mind is not necessary to run a "DOMAN" fishing boat engine.

For heavy duty, the "N. & S." engine with reversible propeller is the best.
