**250 TONS OF  
RICHEST ORE  
EVER SHIPPED**

G. T. P. Steamer Prince John  
Brought Cargo From Stewart  
En Route to Tacoma.

With 250 tons of the richest ore that has been shipped from British Columbia in her hold the S. S. Prince John arrived from Stewart yesterday and later in the evening continued to Tacoma smelter.

**Road Bad.**

The ore came from the famous Bush mine, it having been brought down from the mine on sleighs. Owing to the bad state of the road it has been difficult to get ore out this winter. The horses were 15e getting in, the snow being about ten feet deep when they arrived. As a result it was almost impossible to get a good road. The method usually adopted is to break the road directly the snow begins to fall and keep it broken all winter. It is probable that no ore would have been shipped this winter except that the owners felt that they owed it to the district to show that they had the ore and that it was very rich.

**Large Influx.**

It is expected that as a result of the operations of the Bush mine and of the other developments and tests which have taken place in the district, there will be a large influx of mining men into the Stewart district this coming summer. Many of the mines are preparing to ship and it is expected that the Dominion Government will build a wharf there as soon as the weather is ready for work.

**Cobblestones.**

The Prince John loaded 28 tons of cobblestones here which came right through from Denmark for use in the crusher of the concentrator at Surf Inlet. The boat will go from there to Seattle and Tacoma and then call at Vancouver on the return trip.

The Prince Albert will be here before Thursday to take the regular run to the Islands.

**COLLECTION NETTED  
\$498.16 TOWARDS  
FUND FOR THE BAND**

Meeting to Be Held During Week  
to Arrange for Purchase of  
Instruments.

The sum of \$498.16 was collected on Saturday by the girls for the fund towards buying band instruments. This insures that the instruments will be forthcoming and during the week a meeting will be held for the purpose of arranging for the purchase. The committee is naturally anxious that any who can play and would be willing to join the band should communicate with them at once in order that the necessary instruments may be secured.

In making the collection the first prize was won by Miss Florence Rose, who collected \$60.30, and her largest amount was received from Ben Self who gave a

J. T. B. BOOTE

D. B. Mulligan, superintendent of Grand Trunk hotels, has announced the appointment of J. T. B. Foote, who for five years has been the chief clerk at the Fort Garry, to the position of assistant manager of the hotel.

Mr. Foote is well known in Winnipeg and the west, as prior to 1914, when he came to the Fort Garry, he was in the C. N. R. hotel service at Port Arthur and Fort William.

cheque for \$25. The second prize was won by Winnifred Montgomery with a collection of \$24.65.

The leading spirit in the band movement has been R. T. J. Rose, who has worked indefatigably to arouse interest in the scheme. Principal Brady also did good work in organizing the collectors.

J. Budden, representative of the Imperial Tobacco Co., came back from Haysport and Port Essington last night. The natives there report that at the time of the flu epidemic they did not have a single case among them.

Commissioner Sowton of the Salvation Army arrived from Edmonton last night on the train and after preached on the street corner with the army squad at Third Ave. and Sixth St.

Dr. R. W. Large will sing "Men of the Northern Zone" at the G. W. V. A. concert at the Westholme on Tuesday.

**SYNOPSIS OF**

**LAND ACT AMENDMENT**

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but pre-emption of four or more acres for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 1 year, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

**PRE-EMPTORS' FREE GRANTS ACT.**

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

**TOWNSITE PROPERTY ALLOTMENT ACT.**

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will entitle them to, in proportion to the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to

Victoria, B. C.

**A Song for Every Mood**

Music gives expression to every human emotion. All that is happy and beautiful in life, has been expressed in music.

When things seem bright and cheerful because a ray of happiness has come into your life, you need an outlet to give vent to your feelings.

When sorrow or depression comes, the need of consolation is even greater.

It is at such times that you derive the greatest comfort from

**The NEW EDISON**

"The Phonograph with a Soul"

Then one sweet note of the voice of Anna Case, or one ripple of melody from the bow of Albert Spalding, puts your soul in harmony with the world. Music—real music—is one of life's greatest boons. Edison music is real music because the New Edison does not merely imitate, it re-creates. One never tires of the New Edison, the novelty never wears off, because there is no novelty to wear off. It is not just another "talking machine". It is decidedly different. To appreciate the difference you must hear it.

We will gladly submit the New Edison to your musical judgment either here or in your own home.
