## WAR VETERANS' CONCERT WAS FINE EFFORT

Musical and Dramatic Selections  
All Well Received by Large Audience.

To say that the concert last night given by the Great War Veterans in aid of their funds was a success would be putting it too mildly. In spite of the rain and blustering wind there was a good attendance and the program was distinctly high class. Unfortunately owing to the bad weather Dr. Large found it impossible to come over from Port Simpson until late, but much as he was missed the entertainment was excellent.

The theatre orchestra played with good spirit and ensemble and showed excellent balance and precision. John Davey who has been heard often, sang "Nirvana" with authoritative delivery and dramatic fervour and on being recalled gave "Absent," putting into it that strain of tender longing which indicated the artist. He was in good voice and sang well.

**Instrumental.**  
Will Edmunds played the cello solo "The Broken Melody" in masterly style, and followed with the charmingly tender "Mother Macree." He was accorded a great reception, as was also Wm. Balagno, who is a veritable wizard with his fiddle. Twice Mr. Balagno was recalled and then the audience was not satisfied.

Miss Taylor who made her debut here at the Red Cross concert recently, had acquired considerable more confidence since that time and last night she sang well and was well received. A second song was demanded by the audience and gracefully accorded.

**Dramatists.**  
It is difficult to speak with sufficient enthusiasm of the Shakespearean recital by Mr. and Mrs. J. C. Brady. The scene chosen was the choosing of the caskets from the "Merchant of Venice" and with both characters the sketch was most effective.

At the close the pictures "In His Own Home Town" and Chaplin in "The Rounders" was shown.

**Everybody Thanked.**  
At the conclusion of the musical part of the entertainment Dr. McNeill speaking on behalf of the veterans thanked Paul Aivazoff for the free use of the theatre, the films and the service, all of which had been given for the occasion. He also thanked all the others who had contributed to the success of the evening.

## POWERS ARE AT SEA REGARDING RUSSIA

(Special via G. T. P. Telegraphs.)

Paris, Feb. 18. — The Associated Powers today apparently are completely at sea regarding Russian policy. Although the supreme war council has reopened the question it is understood that no progress has been made toward a definite solution.

## VANDERHOOF

A son was born recently to Mr. and Mrs. Fleming of this place.

Archie Stewart has purchased the Bowers farm from E. Chatterton and is bringing in a number of cattle and horses.

P. H. Neufeld has returned from an extended trip to Winnipeg.

Mrs. J. M. Johnston has returned from a visit to the coast.

A telegram was received by J. F. Ritchie yesterday afternoon from his son Bob who is on his way west. He expects to arrive here by Thursday night's train.

## Creating Opportunities for Employment

BESIDES helping to distribute employment through a chain of Employment Offices, the Government has developed plans to create opportunities for employment.

Briefly, these plans cover the following phases:—

### 1. Public Works

During the war, many important Public Works have been held up. The Minister of Public Works, has his plans and preparations made to proceed with the more necessary of these in the near future. This Committee has also been in touch with Provincial Governments and Municipalities, with a view to impressing upon them the necessity for similar action. The building and public works programme now in sight will provide employment for many returned soldiers and war-workers.

### 2. Railways

During the past four years, a great deal of work necessary to keep our railways up to standard has been postponed. Some millions of dollars must be expended on improving road-bed, constructing bridges, buildings and other improvements. Vast quantities of ties are being got out this winter. Equipment of various kinds must be secured. The Minister of Railways states that as soon as weather conditions will permit, some thousands of men will be absorbed in various railway undertakings. The supplies and materials required will also provide employment.

### 3. Shipbuilding

The shipbuilding programme arranged for by the Government will provide employment for many men during 1919. It is expected that arrangements will be completed to keep the shipbuilding yards in active operation throughout the year. The Government recognises that this ship construction is one of the best means of providing suitable employment for many skilled and other workers.

### 4. Export Trade

The Government has established a Canadian Trade Commission. This Commission has an office in Canada and a "trade mission" overseas. Through this trade mission it is anticipated that Canada will secure an important share in the business of providing materials and manufactured products required for reconstruction work in Europe. A short time may be required before final details are completed and definite results are announced. The business so secured will be distributed through the regular channels of trade and thus afford extra opportunities for employment.

### 5. Housing

The Government has set aside the large sum of \$25,000,000 to be loaned through the Provinces in order to encourage the building of workmen's houses. When the season for building arrives, this work should give employment to many hundreds of men both in construction work and in the supply of materials.

### 6. Land Settlement

The Government, as already explained in a former announcement, has developed plans to help soldiers to become farmers, providing land, granting loans and giving training and supervision where necessary. It is expected that a large number of returning soldiers will take advantage of these opportunities. The scheme will involve the expenditure of some millions of dollars, a good deal of which will find its way into building materials, supplies, machinery, etc., all of which will assist in providing employment.

### 7. Road Building

The Government now has under consideration the question of joining the provincial governments in financing the construction of public highways. Should a favorable decision be reached, a large field for employment opportunities will be opened up. Regardless of Federal action, provincial governments are preparing their own road-making programmes.

The Government is alive to the necessity for providing employment opportunities, and stands prepared to assist in every way possible. If corporations and private citizens will join in this feature of Repatriation Work, Canada should have little difficulty with the employment problem.
