## BUTTER AND EGGS CHEAPER

Green Onions and Radishes Are  
On Market and Rhubarb  
Selling Fast.

The advancing season has had the inevitable result of bringing down the prices of butter and eggs. This week there is a drop of five cents in eggs and the same amount on butter. Each of these commodities will go lower, but perhaps the drop may not come for some weeks.

Green onions and radishes from the south are seen here and they are not dear for they are going at about five cents a bunch. The new season rhubarb which came on the market last week is going fast, the demand being large and steady.

Celery is not in as good condition as it might be. It seems to be shipped in poor condition. As spring advances the celery will not tend to improve, especially if it is an early spring to the south.

"AFTER THE STORM"

## "After the Storm"

Buy War-Savings Stamps at \$4.01 each as often as you can. Build up a strong investment in Government securities bearing high interest—and help to finance the Reconstruction.

Our soldiers are being disbanded and returned to civilian life, as poster picture indicates. There is urgent need for the production of more food and other supplies, as well as the means to carry our products. All these things are for Canada's good, and are essential to Prosperity.

But they necessitate the Government spending large sums of money, and this money must be borrowed at high rates of interest.

In order to keep this interest in Canada and to give EVERYONE a chance to profit by it, the loan is floated in a denomination of only \$4.01, maturing on the first day of 1924, at \$5.00.

In order that even the smallest savings shall share the privileges of the War-Savings Stamp plan, THRIFT Stamps may be purchased for 25 cents each, sixteen of which affixed to a Thrift Card will be exchanged for a War-Savings Stamp.

## WARNING to the PUBLIC

It has come to my knowledge that the Harry Hanson Patent for Hot Water Coils has been infringed from time to time, by the installation of Harry Hanson Coils by unauthorized persons. They say the coil they sell is not a Harry Hanson coil, but if the firebox linings are removed and pipes in any placed in this space, this is an infringement of my patent. If this practice is persisted in by unauthorized persons, I will take steps to protect my interests. Householders should also note that by having a Harry Hanson coil installed by any unauthorized person, they also become liable under the patent laws.

Prices for Coils, made of Iron Pipe, \$20 with one Year Guarantee—Made of Brass, from \$25 to \$35, Five Years' Guarantee.

### In the Letter Box

#### A Shot By the Way.

The Editor,—  
I am glad to see that one of the police commissioners is looking after the interests of the workingmen. Sid Macdonald is all right and I'm with him when he says that it is unfair and hard on the workingman for him to be obliged to pay two dollars at every town he stops at. There is a lot of men being let out at Granby and some of them are coming to Prince Rupert and spending their money, which I think is enough for this place to get. They blow in all they have and then either go to work or move on. If they had been working here right along it would be very well for them to pay, but not for us as has not been here for more than a few days or a few weeks.

I have been in this town a little time and I do not see what they want such a lot of police for. There is nothing here for five or six constables to do. They just walk around and draw their pay and nobody can see that they do anything. Perhaps when the steel shipbuilding is starting up they may be able to work there, but why should the taxpayers here have to pay such a lot. I think I can see why they wanted that road tax collected, so as to pay the police who are not cleaning up the city nor offering to interfere with the crooked work that is going on.

Don't publish my name, Mr. Editor, or they might have it in for me and get two dollars out of me before I leave or the drydock starts. But I should like to see them policemen working for a living.

GRANBY GRUMP.

G. E. Sherrard of the 402nd Battalion who returned from overseas a short while ago on the Carmania and is a well known old timer here, formerly in the employ of F. W. Hart, returned from Vancouver on the Prince Rupert Wednesday morning.
