WARNING to the PUBLIC

It has come to my knowledge that the Harry Hanson Patent for Hot Water Coils has been infringed from time to time, by the installation of Harry Hanson Coils by unauthorized persons. They say the coil they sell is not a Harry Hanson coil, but if the firebox linings are removed and pipes in any placed in this space, this is an infringement of my patent. If this practice is persisted in by unauthorized persons, I will take steps to protect my interests. Householders should also note that by having a Harry Hanson coil installed by any unauthorized person, they also become liable under the patent laws.

Prices for Coils, made of Iron Pipe, \$20 with one Year Guarantee—Made of Brass, from \$25 to \$35, Five Years' Guarantee.

SMALL BOAT SERVICE OUT OF THIS PORT

Question of Regular Calls At the Canneries and Other Points Discussed With G. T. P. Officials.

The matter of putting on a small boat service between Prince Rupert and points nearby was discussed at the meeting of the Board of Trade yesterday afternoon with the officials of the G. T. P. G. W. Nickerson introduced the subject by saying he thought the company was neglecting an opportunity in not giving a frequent service to nearby points by a smaller boat than was at present in the service.

F. G. Dawson said because there was no service to Essington last year he had to ship goods to that place by way of Vancouver. He felt sure that if a boat were put on it would prove a paying proposition. The salmon from the Skeena and the Naas might come this way if there was suitable transportation. At any rate there would be a great deal of business if the service were put on. The service would be good for the town and for the railway company.

In reply Mr. Duperow said it was simply a matter of expense. If they could be shown where they could make revenue the company would be only too willing to put on a boat.

STEAMSHIP OFFICES SHOULD BE THIS PORT

Board of Trade Takes Matter Up with Officials Who Were Here Yesterday.

At the meeting of the Board of Trade yesterday afternoon the matter of having the head offices of the Grand Trunk Pacific Steamships in this city was discussed and there were a number of expressions of opinion by members favoring the move. The members intimated that they would not be satisfied until the change was made. As long as offices and the head of the commissary department remained in Vancouver this port would never get a proper deal.

The line of steamships was a Grand Trunk line and this was a Grand Trunk town and the headquarters should be here. This port was now in a position to handle the supply end and as this was the terminal point of the Grand Trunk Railway the offices should be here.

GRACE D'ARMOND CAPTURED AUDIENCE

Talented Actress Seen at Empress for First Time Beautifully and Splendidly Gowned.

"In the Balance" at The Empress Theatre last night was a great success. The theatre was well filled and the film was one of the real good kind. Grace D'Armond was a great surprise. This is the first time this beautiful and talented actress has been here and not only was she a first-rater but her gowns were something to make every woman envious.

Billy West, Charlie Chaplin's double, in "The Slave" was ex-cruciating. Peals of laughter followed his antics. The show was an all round good one and the crowd tonight is bound to be a theatre filler.

ST. ANDREW'S DANCE

Enjoyable Time Spent by Large Number of People at Informal Affair.

There was a very enjoyable gathering last evening in the St. Andrew's Hall, when the St. Andrew's Society gave an informal dance. There were about one hundred and fifty couples present, and one and all enjoyed the proceedings to the fullest.

During the evening, supper was served by the Ladies' Auxiliary, of the Society in their usual dainty manner, which was much appreciated. W. Kerr as M. C. was kept on duty until the early hours of the morning.

\$5.00 for \$4.00 and each Dollar worth more

GROWING!
GROWING!
GROWING!

Price of W-S.S. in February \$4.01 in March \$4.02

W-S.S. are sold wherever you see this sign.

Thrift Stamps are sold at above places, and by patriotic storekeepers.

What is \$4.00 today? It is a question of purchasing power. What will \$4.00 buy at present prices? Just over one third of a barrel of flour. Before the war flour was selling at \$5.00 a barrel.

No one can say just how much more the purchasing power of the dollar will be in 1924, but you can see that the four dollars you put into War-Savings Stamps now, will grow, not only in number, but in value.

Your investment in War-Savings Stamps is like the snowball rolling down a slope. You give it a start and it grows by itself!

Your four dollars becomes five, and every dollar will be worth more.

Whether you buy one W-S.S. each day, or each week, or each month, or only two or three in a year, your money is growing, growing, GROWING all the time.

Those who cannot invest \$4.00 at a time, can buy Thrift Stamps at 25 cents each. Sixteen of these on a Thrift Card will be accepted as \$4.00 in exchange for a W-S.S.

AMERICAN CONSUL IN MAIDEN SPEECH

E. A. Wakefield Speaks Hopefully of Development of Port at Board of Trade Meeting.

At the special meeting of the Board of Trade yesterday E. A. Wakefield in a short but interesting address spoke of the future of the Oriental trade through this port. Hundreds of millions of people in the Orient were learning to use the products of the west. He hoped and expected that before long a line of steamers would be plying out of this port to the Orient. If these ships should be as good as the G. T. P. steamers operating between Rupert and Vancouver and Victoria they would be thoroughly up to date, for those vessels were the equal of any on the coast.

Mr. Wakefield said he anticipated that his stay here would be an extremely pleasant one. He hoped the businessmen would use the offices of the American Consulate in any way which would be to their advantage and if he could give his personal services it would give him great pleasure. He was most heartily grateful for the hospitality which had been shown him here.
