

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

TANKER ARRIVED ABOUT MIDNIGHT

J. A. Moffatt Brought 60,000 bbls. of Crude Oil for Fuel Purposes.

With fuel oil for the boats and locomotives operating out of Prince Rupert the tanker J. A. Moffatt, Capt. Sorely, arrived here at midnight and tied up at the Imperial Oil Company's dock. She came direct from California and carried in her hold 60,000 barrels of crude oil.

Immediately on arrival the work of pumping out was commenced and as soon as she is empty she will leave southbound, probably on Monday morning.

PRINCE ALBERT WITH COAL AND MACHINERY

Had Been Laid up Several Weeks Before Leaving for This Port.

The Prince Albert arrived in port yesterday afternoon after docking and laying up for five weeks at Vancouver. She brought north a cargo consisting of 600 tons of Ladysmith coal and about 25 tons of machinery to be shipped up river.

Mr. Vice was the only passenger on the boat, he is bound for Port Clements with three head of stock.

The Prince Albert reports this her smoothest trip northbound since last September. She sails for the Queen Charlottes tonight at 10 o'clock.

NOTORIOUS CAREER

Countess Markievicz, Only Woman Elected to British Parliament, Has Had Extraordinary Experiences.

A curious feature of the recent Parliamentary election results in Great Britain was the return of only one woman candidate, Countess Markievicz, in one of the Dublin seats. She became notorious by reason of her connection with the Sinn Fein rebellion in 1916. She is an Irishwoman by birth, and a daughter of Colonel Gore Booth. Her age is about forty-two years. She is a great sportswoman, war for a time on the stage, and then associated herself in a prominent manner with all Sinn Fein movements.

During the Irish rebellion in May, 1916, she created a sensation by appearing in an extraordinary costume of green satin, and taking a very active part in the rising. She ultimately surrendered, was sentenced to death, but the sentence was commuted to one of penal servitude for life. She was released some time later and despite her experiences has since shown a pronounced militant spirit in favor of her cause—Sinn Feinism. Her husband is a Russian nobleman, who received severe injuries while fighting for the Allies in the early days of the war.

Mr. and Mrs. W. J. Smithers, late of Prince Rupert, have left Vancouver and are now located at Lethbridge, Alta. Mr. Smithers is still with the Bank of Montreal.

Ever play with building bricks when a kid? Think! Pretty easy, was it not? As easy as building your own home the 20th Century way. Phone 478. tf

Attention to Salmon Trollers

The finest and most economical engine on the market today is the

Doman Engine for Trolling

Made of the finest materials possible, by a firm who have the whole interest of the fisherman at heart, it is an Engine hard to beat.

Made in all sizes, from 5-7 H.P. to 85 H. P., the Doman engine has been put on the market specially for fishing boats. It burns distillate as well as gasoline, and a mechanical turn of mind is not necessary to run a "DOMAN" fishing boat engine.

For heavy duty, the "N. & S." engine with reversible propeller is the best.

For particulars and terms, see
