

33

years ago an ulcer appeared on my ankle, writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper an account of a bad ulcer having been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

Zam-Buk

Heintzman & Co. pianos are made of the best materials. So are a few other pianos, but that is where the similarity ends. You have only to hear the Heintzman & Co. tone to realize that here is a balance, a depth, a fullness, a sweetness, a delicacy of tone that is unequalled.

The price is standard throughout Canada from authorized dealers. Phone me. W. J. PITMAN, Hotel Prince Rupert.

For Debutante and "Little Sister"

FASHION and fortune both travel on the circuit plan and their followers are never quite sure just what is going to happen next. Good luck may be in the ascendancy to-day and ill luck to-morrow and what is in vogue one season is out of style the next. But rise and fall as they may, fortune and fashion are two of the most sought after things in the world. Not a soul among us wants to be out of pocket or out of date. Lost to sight for a time, the wheel of fashion has turned to give ribbon a prominent place once more, and making the best of its opportunity it gives of itself without stint.

Its favorite rôle is quite evidently as trimming upon the formal frock, and when it takes this turn it must be confessed that it adds much dainty charm to the garment.

There is something about ribbon that is essentially feminine, and because it is so, it is loved by all.

Just now we are more prone than ever to evince a fondness for the feminine type of clothes, due, no doubt, to the fact that we have been restricted to the severe sort of apparel for so long. This pretty frock of canary colored tulle over taffeta, with its bands of narrow ribbon, is sure to make a very direct appeal to the heart of the debutante.

As for her small sister, the dress of chiffon and satin is just the very thing. In this case ruffles of chiffon substitute—and

ably—for the ribbon on the neck, sleeves and skirt.

Evening dress is an all absorbing topic of the day, and even the simplest frock is fascinating. During the last year there was little time or thought spent upon it. More vital things occupied our hearts and minds, but now that there is peace it has once more come into its own and it has met with a welcome reception at the hands of the world and his wife.

The uncrushable resourcefulness and optimistic ingenuity of the designers and modelists have resulted in creations that are things of beauty and joy—not forever, but as long as they last.

And the best part of it all is that they are so varied that every one is sure to find just what she needs as a complement to her particular type of beauty.

COUNCIL WILL NOT INTERFERE WITH BUSINESS

Motion of Alderman Perry to Have Committees Consulted Regarding Appointments is Defeated.

The resolution of Alderman Perry's which was designed to give the members of the committees a more direct interest in the matter of hiring or dismissing employees and increases of salary was voted down at the meeting of the City Council last night, the proposal not getting a single supporter.

Definite Rules.

For the purpose of getting it before the Council, Alderman Casey seconded it but later voted against it. He explained that he

thought the committees should lay down rules for the heads of departments to follow. One example of this was in regard to the employment of returned soldiers. It would be easy to lay down general regulations and it must always be understood that the work of the heads of departments was subject to the committees because the heads were liable to go wrong. He would have nothing to do with hiring and firing, but he was always ready to take up the grievances of any workmen. He thought the amendment would put too much detail on the committee.

In Support.

In support of his motion Alderman Perry when moving it said it was introduced to avoid the criticism which had been made regarding dismissals, appointments and increases in salary. He thought they should be made aware of what was going on by way of reports.

No Club.

Alderman McTae saw no reason for an addition to the present by-laws. The excuse for it was that the work was now done by a general committee instead of by separate committees for each department. The heads of departments would have a club held over their heads. He did not believe in tying the hands of the heads of departments in any such manner. The superintendent of utilities had practically always taken the committee into his confidence and advised with them. He saw no occasion for a change.

The Mayor explained that the heads did the hiring and firing but the Council set the salaries. He found that this same plan obtained in Vancouver, only there it was arranged by bylaw.

Foreign System.

Alderman Rochester expressed the opinion that the present by-law covered the cases. The proposed system was foreign to this Council and was not used in any commercial business. It would have a tendency to bring about a patronage system under which the Aldermen would be pestered by applicants. The heads of the departments must be the heads. If a man was unjustly dealt with

he had the right of appeal to the Council.

The vote was then taken only Alderman Perry voting for the motion.

PROPOSAL TO GIVE FILIP TO MINING HERE

(Continued from Page Three)

sufficiently steady and copious supply of ore had been proven.

The Cost Small.

"A sampling plant and assay office would not cost a great deal, certainly not nearly so much as an experimental farm, for instance, and considering the proportion of the revenues of the province contributed by the mining industry such an expenditure for the benefit of mining would only be just.

"For all the good the Minister of Mines' annual report seems to do the mining industry, it might as well be abolished, except merely as a record of production in the various districts. The money thus saved could be used in the construction of such plants and good roads to mining properties, and other practical means of assisting the miner.

Prince Rupert's Interest.

"As Prince Rupert on account of its geographical position would be the logical place for the location of such a plant and future smelter, the project should interest the citizens of Prince Rupert especially.

"DONALD C. SIMPSON,
"Smithers, B. C."

The members of the commission of inquiry into the wreck of the "Princess Sophia" went north yesterday on the Princess Mary. They were Mr. Justice Morrison, Commander Martin and Capt. J. D. McPherson. With them were Capt. Neourtos and J. E. McMullen representing the C. P. R.; E. P. Luxton and Mr. McKay for the Government and E. P. Davies watching the case on behalf of some of those whose relatives were lost in the disaster.

There may be something you want. See the classified column on Page 5.
