**IS ARRANGING A DELEGATION**

Representative of Mining Convention Here Today to Discuss Interest in the Event; Meeting at 5.

In the interests of the mining industry of the province of British Columbia generally and of the International Mining Convention to be held in Vancouver on March 17, 18 and 19 in particular, Nicol Thompson, until recently the provincial fuel controller, arrived in the city this morning. Mr. Thompson, who knows this portion of the province intimately, and is interested in the New Hazelton Gold-Cobalt Mines, Ltd., one of the richest of the developed properties in the Hazelton district, will address a meeting in the city hall this afternoon under the auspices of the Board of Trade Mining Committee, and will tell of the forthcoming mining convention.

**Strong Delegation.**

Keeping in mind the fact that the central portion of the province is the richest, both in quantity and quality of its ores, and that the great proportion of its mineral deposits although proven, are yet undeveloped, it is the intention to organize a strong delegation from this district to attend the convention. Spokane will hold no convention this spring, and there will be many visitors there from across the line, as well as from the east.

**Opened by Sloan.**

The Convention will be opened by the Hon. W. J. Sloan, Provincial Minister of Mines, and during the three days' session, papers will be read on important subjects by the Government mining engineers from the various districts. Such subjects as gold mining, the better utilization of B. C. coal, the establishment of an iron smelter, and the reduction of ores within the province are among those to be discussed, as well as others pertinent to the industry.

A meeting to discuss the matter has been arranged for today at 5 p. m.

**FISH ARRIVALS.**

There were only two fishing boat arrivals this morning the catches of which will be sold tomorrow. They were the Director with 8,000 lbs. and the Swiftsure, a larger boat, with only 7,000 lbs. The small catch was because of meeting very rough weather on the Alaskan coast where she has been fishing. During one very bad snow storm she had the misfortune to lose three skates of gear

A party of about twenty friends of Geo. Eckerman paid him a surprise visit at his home at Seal Cove last evening. Mrs. Eckerman is at present south on a holiday visit, and the uninvited guests made themselves quite at home for the occasion. The evening was spent very pleasantly with music and dancing.

At a meeting of the Trades and Labor Council last night W. H. Montgomery and S. D. Macdonald, prominent labor men of this city, were appointed representatives of the Council to attend the Western Labor Conference at Calgary. Alderman Casey has already been chosen by the Fish Packers' Union to represent them so that there will be at least three delegates from Prince Rupert at the conference.

Another club has been chartered for this city. This time it is the Zero Club Limited.
