

THE FULLERIZED STORE

I'm running a Fuller-ized store, I wouldn't go back any more for a car-load of seeds, to the way of our dads, To the sloppy old methods of yore. You ask what does Fuller-ized mean? Well, firstly, it's making things clean, in a Fuller-ized store there's no junk on the floor, No dirt or disorder is seen.

SPECIALS

Good Prunes, 3 lbs. for 50c
Oranges, 3 doz. for \$1.00
Lemons, large, 3 doz. for \$1.00
Tea 50c per lb. 5 lbs. for \$2.25

SPECIALS

Coffee, fresh, 3 lbs. for \$1.00
Little White Beans, per lb., 10c
Palm Olive Soap, per doz. \$1.35
Good Vinegar, per gal. 50c

The goods are protected from fleas, The mice do not know at the peas, The rat never gloats o'er the Fuller Rolled Oats And the cat does not roost on the cheese. Folks come to my Fuller-ized store And when they have looked the place o'er, They murmur, Gee Whiz; How delightful it is; We've seen nothing like it before. The customer cheerfully spends And when from our place he wends, He gives us no knocks, but boasts as he talks our Fuller-ized store to his friends.

DELEGATES WILL ATTEND THE VANCOUVER MINING CONVENTION

NICOL THOMPSON TELLS OF INTEREST TAKEN IN MINES OF THIS DISTRICT AND POSSIBILITY OF A SMELTER BEING ERECTED HERE SOON

That a delegation be sent from here to attend the mining convention at Vancouver and that it be left to the Mining Committee of the Board of Trade to organize the forces and arrange for sending them. That was the resolution which was passed by the meeting held yesterday afternoon in the council chamber with M. P. McCaffery, president of the Board of Trade, in the chair. The passing of the resolution followed a general discussion on the question. Nicol Thompson who came from Vancouver for the purpose of interesting the people here in the convention explained its scope. He showed that it was held at this time because the usual convention at Spokane was omitted. It would cost about eight thousand dollars, but they had arranged to finance it.

Richer Than South.

The speaker told of the value of the convention to the province and the desirability of sending a strong delegation from here to interest the mining people in the district, which he believed was richer in mines than the southern part of the province. It was proposed to make the convention an annual one and to hold it at different points in British Columbia from year to year.

Smelter Here.

Mr. Thompson said that he was personally more interested in the north than the south. He had shipped ore out of Atlin ten years ago and he was interested in the mines of Hazelton. He had taken a lively interest in the complex ores of Hazelton because molybdenite and cobalt entered into the manufacture of steel more than ever before. They had the ores here and he thought they should have a smelter close at hand. He had a personal friend coming from the east to look into the zinc and silver-lead ores with a view to smelting them here. If this could be done it would be to the advantage of the district.

Natural Centre.

A. C. Garde, chairman of the Mining Committee of the Board of Trade, said that he was beginning to think they were not altogether neglected by the people of the south. They had a greater field here both as to quantity and to quality. He was optimistic more than ever before. This was the natural centre for those mining activities. Vancouver and Victoria were just on the fringe of the province and very narrowly escaped being in the state of Washington. Here there was everything that was required for mining. There was splendid waterpower and the matter of wages which was so often used as an argument against the district he thought would not obtain long after the Peace Conference had dealt with it.

Coming Into Its Own.

L. W. Patmore suggested anything that would help mining would help us, as we are in the centre of a rich mining district. The Portland Canal was coming into its own and Salmon River was busy. He thought we should send a delegation.

W. E. Williams thought it desirable to go on record as favoring sending delegates to the convention. Messrs. Mobley and Manson were in Victoria and they might represent us. There doubtless would be others who could attend.

W. E. Fisher suggested that the Government had got an expert to examine the iron ores to the south and he had reported that electric smelting would be too expensive because of lack of water power and of suitable fluxes. This part of the country had been sidetracked. He suggested sending Mr. Garde as a delegate because he was an authority on these matters and could give expert information.

Representations.

After some further discussion the resolution was passed as above with the suggestion that A. C. Garde should be sent directly and that credentials be sent to A. M. Manson, M. P. P., F. H. Mobley, M. P. P., L. W. Patmore, Geo. Frizzell, Norrie-Lowenthal and any other suitable local men who might be in the south at that time.

The meeting then closed after President McCaffery had thanked Mr. Thompson for coming here and showing so much interest in the district.

ETHEL CLAYTON STAR WINSOME AND CHARMING

Romantic Story "Stolen Hours" at Empress Theatre Tonight; Role Unique.

Winsome Ethel Clayton is the star in the romantic story of London life which is being shown at the Empress tonight. The story is full of interest from start to finish.

The scenes are laid in hovels of the city, in a sumptuous gambling house, in the home of a member of Parliament, in a middle-class apartment house and in the great outdoors.

Miss Clayton's role is unique. She appears as Diana Lester, the unconventional, but sweet and pure daughter of a professional gambler. She falls deeply in love with a young member of Parliament, and the way that her unconventional life causes her to act when she finds that the man she loves is married, constitutes some of the most startling and pleasing phases of the play.

NOTICE TO DOG OWNERS

Dog licences are now due for the year 1919. If same are not paid by the 15th of March, 1919, dog owners will become liable to prosecution. 51 WM. ADAMS, Police Constable, Authorized Pound Keeper.

WARNING to the PUBLIC

It has come to my knowledge that the Harry Hanson Patent for Hot Water Coils has been infringed from time to time, by the installation of Harry Hanson Coils by unauthorized persons. They say the coil they sell is not a Harry Hanson coil, but if the firebox linings are removed and pipes in any placed in this space, this is an infringement of my patent. If this practice is persisted in by unauthorized persons, I will take steps to protect my interests. Household owners should also note that by having a Harry Hanson coil installed by any unauthorized person, they also become liable under the patent laws. Prices for Coils, made of Iron Pipe, \$20 with one Year Guarantee—Made of Brass, from \$25 to \$35, Five Years' Guarantee.

Can You Lead Men and Women

WAR-SAVINGS Societies need leaders—organizers—men and women with initiative. Who will start a War-Savings Society? Who will lead the way?

War-Savings Societies Help Thousands To Save

War-Savings Societies have been, and are, a tremendous success in Great Britain. Thousands who were never able to save their money have accumulated Government certificates worth hundreds of dollars.

In the United States, millions of people are members of War-Savings Societies, which are organized in factories, offices, stores, farming communities, sections of towns and villages, schools, and clubs.

Everywhere throughout Canada, War-Savings Societies are in process of formation. Everyone who can save an occasional quarter should belong to a society; first, for his or her own direct benefit; second, because Canada can use the money to excellent advantage, as in the case of the War Loans.

For details of the organizing of War-Savings Societies and particulars regarding War-Savings Stamps or Thrift Stamps, address:

NATIONAL WAR-SAVINGS COMMITTEE
Room 615 Metropolitan Building, Vancouver, B.C.

and put O.H.M.S. at top of envelope. No postage is required.

War-Savings Stamps are sold at \$4.01 this month at Money-Order Post Offices, Banks and other places displaying this sign.

Thrift Stamps are sold at 25 cents each wherever War-Savings Stamps are sold and at many stores.
