Since He Commenced to Take "Fruit-a-tives"

78 LEAS AVENUE, OTTAWA, ONT.
"Three years ago, I began to feel run-down and tired, and suffered very much from *Liver and Kidney Trouble*. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising.

I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

JUNEAU GETS PLENTY OF CHEAP HERRING

Juneau has been enjoying a feast of fresh herring at the unheard-of price of 25 cents a water bucketful. The gasboat Albatross, Capt. W. R. Hanlon, arrived in port recently with 150 barrels of fresh herring which Capt. Hanlon expected to sell to the Juneau Cold Storage Company. The latter company could not use the herring. On account of the strike at Seattle and the fact that it had a supply of frozen herring on hand sufficient to supply the boats in port with bait, the Juneau Cold Storage Company had wired to Capt. Hanlon at Sitka that it could handle no more herring. Capt. Hanlon, however, did not get the cablegram, and he arrived at Juneau with a cargo of fresh fish that he could not dispose of. He proceeded at once to sell the fresh fish to people about town at 25 cents a water bucketful.

Attention to Salmon Trollers

The finest and most economical engine on the market today is the

Doman Engine for Trolling

Made of the finest materials possible, by a firm who have the whole interest of the fisherman at heart, it is an Engine hard to beat.

Made in all sizes, from 5-7 H.P. to 85 H. P., the Doman engine has been put on the market specially for fishing boats. It burns distillate as well as gasoline, and a mechanical turn of mind is not necessary to run a "DOMAN" fishing boat engine.

For heavy duty, the "N. & S." engine with reversible propeller is the best.
