DAILY EDITION.  Saturday, March 4, 1919.

Demand for Houses Becomes Imperative.

The demand for houses is such that if the city of Prince Rupert is to grow steps must be taken to erect some at once. Men bring their families here and then send them away because there is nowhere to put them. Others are rooming here and leaving their families in the south whereas they would like to send for them at once.

The mayor has promised that in case private enterprise fails to supply the need the city will consider the question of erecting houses on city lots and selling them to those who are willing to purchase on time.

Cold in Rupert, But Oh You Prairies!

It is cold in Prince Rupert but the returns received daily from the prairies indicate that it is very much colder everywhere east of this point. While the thermometer here registered well above zero for the past few days, all prairie points showed degrees of cold ranging from ten below to over forty below.

If we had a few days of thirty below with a breeze we should all freeze and there would not be a waterpipe left sound in the town.

Fishermen Refuse To Sign Agreement.

The fishermen who operate the trawlers are taking a holiday while the big boats are being overhauled. The holiday has already lasted a month and there seems to be no sign of the boats going out. The weather certainly is not propitious as yet but there is no income for the men or the boats while the operations are stopped.

The difficulty is that the old agreement between the fishermen and the boat owners has expired and the men refuse to sign up again on the same terms.

According to report the men averaged last year something like four hundred dollars a month. How much the owners of the boats made we do not know. It is a pity that arrangements cannot be made for the work to proceed as the season is advancing and the whole community is losing money which might be brought here if the boats were operated.

Important Bill Is Introduced.

Premier Oliver has introduced a bill to provide for the initiative and referendum in the matter of securing legislation and for testing public opinion on important measures. This is the most modern method of legislation that obtains anywhere and will make the Government of this province the most democratic there is.

To make the government thoroughly democratic is the only way to prevent social upheavals. There is now a constitutional way of obtaining any kind of redress that may be needed. There is no license for small numbers of agitators to try to upset the social fabric, but what the majority of the people want can easily be obtained. There is hardly any limit to the possibilities.

Premier Oliver and his cabinet are to be congratulated on their determination to carry out pre-election pledges. It will make them stronger when they again are ready to go to the people for a verdict on their record.

IS YOUR SKIN BROKEN OUT?

Are you troubled with blotches, pimples or blackheads? Mr. O. M. Smith, of 630 21st St., Edmonton, says: "For skin troubles there is nothing can equal Zam-Buk. My skin was so blotchy I was ashamed of it, and could think of it got no better until I used Zam-Buk. This herbal balm has worked wonders—my skin is now perfectly clear and smooth."

Such ailments, although apparently on the surface skin, really arise in the underlying tissues, and Zam-Buk's success in such cases is due to its wonderful power of penetration, which enables it to reach the root of the trouble. The stimulative quality in Zam-Buk rouses the sluggish cells to healthy action. This promotes a vigorous circulation which carries off all impurities and a smooth, clear skin is the result.

Zam-Buk is equally good for eczema, ulcers, blood-poisoning, piles, burns, cuts, chapped hands and chills. All dealers, at 50c. a box.

the "sweetest" story that ever was told

It came from home to "her man" in the trench, it started visions; smacking of lips—almost a stampede for home. It was a wonderful letter; painting word-pictures of the cakes, tarts and pies that were all to be the prize of this fighting man upon his return.

AND WILD ROSE PASTRY FLOUR is going to help you keep your word. It will bake such short and light pastries that you will never want to use bread flour for this again. Milled from soft wheat, it is easier handled and requires at least 25 per cent. less shortening. Can be had in 10-lb. sacks upwards—at all grocers.
