

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia
Corrected by "Fruit-a-lives"

ST. MARTIN'S, N.B.
"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.
Tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."
MRS. HUDSON MARSHBANK.

In the Letter Box

"TUPPER'S TIPPLERS"

It has been reported that the leader of the Moderation Party made the statement upon the public platform that "God and His Son made intoxicating liquor."

If this report is correct let me remind the speaker that the same manufacturers that he so disrespectfully alluded to also made the influenza germ and cooties and further He also allowed some politicians to be woeful failures in certain lines of activity.

It is a pitiable spectacle when a would be superman descends to the use of language offensive to cultured taste to say nothing of the disrespect shown to things considered by many as sacred. Such an exhibition of coarseness might by an extreme critic be considered not inconsistent with emanations from the moderate drinkers' brain, since long continued use of alcohol has the effect of injuring the nerve cells and stunting the finer sensibilities. Would it not be more fitting that he who has felt the touch of a monarch's sword, should feel the touch of the Kingly spirit of reverence and service. We have heard of knighthood being trailed in the dust, surely that trail does not lead to British Columbia.

Degeneracy and Decay.

Let me remind this moderate "scion of noble ancestry" that alcohol is not formed by the process of growth and development, but only in the process of degeneration and decay. It is not found in living, growing nature, but is found when destruction of the organic compound begins. Alcohol is the product of death, and too often leads to death.

Please remember, Sir Hibbert, that the Creator made intoxicating liquor by the same process that he made other decaying, rotting gangrenous substances, many of which vultures feed upon.
ERNEST A. HALL, M.D.

Red Cross Notes
