PRICE FIVE CENTS

TUNNEL WILL JOIN FRANCE WITH ENGLAND

Daily Mail Claims to Have Infor-
mation That the Work is
Going Ahead.

(Special via G. T. P. Telegraphs.)
London, March 11.—The Daily
Mail claims it has definite infor-
mation that the British and
French Governments have agreed
upon the construction of a tun-
nel under the English Channel,
and that the details are now being
discussed by a special commis-
sion in Paris which is also con-
sidering building tunnels under
the Bosphorus and Straits of
Gibraltar.

The proposal to build a tunnel
to join England and France has
been mooted many times, but the
English people have been afraid
of interfering with the safety of
their island home. With the ad-
vent of air and submarine war-
fare the channel is no longer
much protection, hence the pro-
posal becomes practicable.

McCLYMONT PARK

Work Commenced on Cleaning up
of the City Property at Corner
of McBride and Eleventh.

At the City Council meeting
last night Mayor McClymont an-
nounced that they had commenced
to clean up the park property at
McBride and Eleventh St. around
McBride Creek to make it available
for park purposes. Some people
had been cutting down the trees
and this would have to stop.
The work will be under the charge
of S. Clements, city engineer, who
has orders to spend about \$500
on the work.

This park will prove most pic-
nicsque and valuable and when
properly cleaned up should be
a good deal. It has been
suggested that as the work on it
is being commenced under the
present mayor it should be named
McClymont Park.

A resolution sent to the City
Council by the Board of Trade
asking for a subsidy for a boat
going in and out of this port was
endorsed by the City Council last
night.

On a resolution of the City
Council last night the salary of
the city engineer was increased
from \$175 a month to \$200.

REID ENTERS ON DUTIES AS RECEIVER

Officers of G. T. P. are Required
to Facilitate Carrying out
Provisions of Order.

(Special via G. T. P. Telegraphs.)
Ottawa, March 11.—Hon. J. D.
Reid entered on his duties as of-
ficial receiver for the Grand
Trunk Pacific Railway yesterday.
The operation of the road is be-
ing carried on as heretofore.

W. P. Hinton, general manager,
is in charge of the management
and has agreed to conform to the
requirements of the order under
which Dr. Reid was appointed.
All other officers of the system
are required to facilitate the
carrying out of the powers and
duties of the receiver.

Provision was made under the
order that nothing done under its
provisions "shall render the Gov-
ernment of Canada or the Gov-
ernment receiver or any one act-
ing under the authority of the
receiver liable to the Grand
Trunk Railway Company or any
creditor or holder of bonds for
any claim by reason of the mak-
ing of this order or of anything
done under the authority of the
Government receiver."

TWO FISH CATCHES SOLD THIS MORNING

There was only one fish arrival
this morning, the Viking with
4,000 lbs. of halibut. The catch
was sold along with that of the
Constance a power vessel owned
by the National Independent Fish-
eries which was in dock yester-
day forenoon. The price obtain-
ed was 12.8 and 8c. from Cana-
dian Fish & Cold Storage Com-
pany Ltd.

The King and Winge, also an
independent boat, is expected in
with a large catch.

ST. ANDREW'S DANCE

Delightful Affair Held Last Night
Under Auspices of the Ladies'
Auxiliary.

An invitation dance given by
the Ladies' Auxiliary of the St.
Andrew's Society last night pro-
ved to be a very delightful affair.
Something like two hundred peo-
ple tripped the light gymnastic
until well on into the morning,
and all expressed themselves as
having enjoyed the event im-
mensely.

Refreshments were served by
the ladies and Harvey's orchestra
provided the music. Howard
Steen and W. R. Martin were the
doorkeepers and Wm. Kerr as
master of the ceremonies man-
aged things in his inimitable
manner.

ble. I believe I can see little wings sprouting already."

MILITARY TERMS OF DISARMAMENT FOR THE GERMANS

Paris, March 11.—The
Supreme War Council has
finally adopted the military
terms of the German dis-
armament. It provides, as
before indicated, for an
army of 100,000 men en-
listed for twelve years.

SILVER CROSS FOR MOTHERS AND WIVES

Hon. H. C. Mewburn Tells of Si-
berian Force and of Decora-
tions Won by Canadians.

(Special via G. T. P. Telegraphs.)
Ottawa, March 11.—Hon. H.
C. Mewburn, Minister of Militia,
on resuming the debate on the ad-
dress in the House of Commons,
described the Siberian expedition.
At the present time there are 4-
434 Canadian soldiers in Siberia.
The balance of the force is still
in Canada and is being demobil-
ized as rapidly as possible. The
men in Siberia will be brought
home at an early date.

Mr. Mewburn presented a list
of decorations won by the Cana-
dian force in the field: Victoria
Crosses, 61; Distinguished Ser-
vice Order, 605; Military Crosses,
2,312; Distinguished Conduct
Medals, 1,453; Military Medals,
7785.

The question of giving a medal
to all members of the expedition-
ary force is under consideration.
He recommended that the Gov-
ernment should issue to mothers
and wives who had lost sons or
husbands, a silver cross which
might be known as the Cross of
Service.

SOPHIA INQUIRY

(Special via G. T. P. Telegraphs.)
Victoria, B. C., March 11.—The
Princess Sophia wreck inquiry
has been adjourned until Thurs-
day. A man named W. L. Hamil-
ton of a vessel called the Esta-
beth, will be heard then.

A communication from Walter
Shaw relative to the disposal of
city garbage in such a way as to
allow of the ashes and manure
being taken to Porcher Island for
fertilizer was referred to the
Health Committee by the City
Council last night.

FINAL SCENE IN THE TRAGEDY OF KISPIOX

Body of Captain Jack is Found in
Ice Near Hazelton.

With the finding of the body of
Captain Jack near the Hevenor
ranch on Sunday, there was en-
acted the last scene in a tragedy
of the Kispiox of a year ago, in
which three Indians perished,

says the Interior News.
Captain Jack had been working
at the Silver Standard mine, and
with his wife and brother-in-law
started for their home, to reach
which it was necessary to cross
the Kispiox river. At that time
the stream was swollen by spring
freshets, and when the party set
out to cross, the frail canoe cap-
sized, spilling the occupants into
the raging waters. Some time
later the bodies of his wife and
brother-in-law were picked up at
Terrace and Pacific respectively,
having drifted down the Kispiox
and into the Skeena, but the river
guarded the secret of the where-
abouts of Captain Jack's body.

Last Sunday some people at the
Hevenor ranch were down to the
river's bank and one of them no-
ticed a dark object in a cake of
ice. Closer examination proved
it to be a human body and the
police were notified. Constable
Cline went out and brought the
body to town in its ice coffin, and
at the hospital the ice was melted
when for the first time identifica-
tion was possible, which proved
it to be that of the missing Cap-
tain Jack.

IMPROVEMENTS TO THE CEMETERY ROAD

The road to the cemetery is to
be improved at a cost of \$3,500.
This was decided on at the meet-
ing of the City Council last night.
Part of it will be replanked at a
cost of \$2,805 and the remainder
graded.

It was decided to purchase a
quantity of lumber from the
Prince Rupert mill at \$20.75 a
thousand feet and the work will
be commenced at once.

WAGES REDUCED CENT PER HOUR

Lowering of Cost of Living at
Vancouver Brings First cut
At Shipyards.

(Special by G. T. P. Telegraphs.)
Vancouver, March 11.—Effec-
tive March 1 a reduction in wages
of one cent an hour in all local
shipyards and contract shops will
take place, resulting from an
award by Adjustor W. L. Mac-
donald based on the cost of liv-
ing clause in Senator Robertson's
agreement under which the shops
are operating. The base rate of
pay at local yards and contract
shops to February 8 was \$6.24 per
day. This will be reduced under
the new award to \$6.16 a day.

PRIZES AWARDED FOR ESSAYS ON THE FLAG

Son and Daughters of Local
Clergymen Are Winners in
Navy League Competition

Some weeks ago the Navy Lea-
gue offered prizes to the students
of the High School for the three
best essays written on "The
Flag." The essays were written
at the school and afterwards
handed over to J. H. McMullin,
representative of the Navy Lea-
gue. Judges in the persons of
F. McB. Young, Judge of the
County Court and A. R. Lord, In-
spector of Public Schools exam-
ined the essays, and selected the
following as prize winners:

Catherine Collison, 1st prize;
Ruth Rix, 2nd prize; Archie Grant,
3rd prize.

It is a curious coincidence that
the three prize winners are the
children of three resident clergymen.

SHIPYARDS NOT YET WORKING FULL TIME

(Special via G. T. P. Telegraphs.)

Seattle, March 11.—Although
today is the time set for reopen-
ing the shipyards at Tacoma, Ab-
erdeen and Seattle following the
calling off of the strike of the
metal trades workers, the ship-
yard owners estimated it would be
several weeks before the yards
again are in full swing.

The electric light plant was
ordered reinsured by the City
Council last night, the amount
carried being \$20,700.

NOTICE

All those found cutting
timber in the city park re-
serve between McBride St.
and Hays Cove Circle will be
prosecuted, and those
who wish to take away any
fallen timber must get a
permit from the city clerk.
T. McClymont,
Mayor.

FUEL BOARD IS OFFERED CHEAP COAL

City Council Refuses to Purchase
Because of Lack of Facilities
to Handle.

The Fuel Control Board last
night recommended the City
Council to purchase 1800 tons of
coal from the Coastwise Barge &
Steamship Co., at Vancouver, the
same to be delivered alongside
the dock here at \$7.00 a ton. The
quality of the coal was to be run
of the mine similar to that sold to
the Canadian Fish & Cold Stor-
age Co., Ltd. recently. Ten days
were to be allowed for discharg-
ing from the barges after which
a fee of \$50 a day would be charg-
ed for demurrage. The report
was signed by S. M. Newton,
chairman, and G. B. Casey. The
third Commissioner John Currie
refused to sign the recommenda-
tion.

Mr. Newton was present in per-
son in connection with the mat-
ter and he explained that requests
had been sent to the mines for
prices and he assumed that was
the reason they had obtained this
quotation. The Fuel Board had
no means of undertaking the un-
loading of the coal or the hand-
ling so they made the recom-
mendation to the Council.

Mayor McClymont explained
that the matter had been before
the Finance Committee and they
had decided that it would not be
wise to tie up fifteen thousand
dollars, especially when they did
not know what the exact cost
would be. The simplest part of
the coal business was obtaining
prices from the mine and the
towing companies.

There was considerable dis-
cussion on the matter but no
supporters of the proposal which
was by resolution unanimously
turned down. It was shown that
the city had no facilities for
handling and no place to store
the coal.
