Walters. High jump, 5 feet, 5 inches, B.

Thurber.

Skidegate Man Coming

It is possible that George Brown, trip to Skagway. well known athlete of Skidegate, will try out with the local boys in the jumps while Albert (Sonny) Stiles, big C. N. R. basketball and softball star, will try his hand, or rather his feet, at the mile run.

Should these two qualify they will Should these two qualify, they will at the same time automatically qualify for membership in the Spartan Athletic Club.

Phil Edgcumbe will run in the 220 and 440 in order to pace Smith and Vance respectively, while Norman Kinslor will pace Stiles in the mile. It is hoped that this will push them to better times than they might make if running alone.

Starting will be in the capable hands of Corporal J. H. McClinton while the times will be caught by no less than six watches in the hands of members of the Trades and Labor Council who are kindly giving at_ their assistance.

Two of the Spartan stars, Alex Walters and Ronnie Allen, have already assured themselves of the trip south by turning in impressive performances here on Dominion Day. Walters stepped the century in 10 2-5 seconds, two-fifths of a second faster than the qualifying time, while he easily qualified in both the broad jump and the polevault. Allen covered the gruelling half-mile course in 2 minutes, 7 3-5 seconds, 3 2-5 seconds inside the necessary time.

To Get New Shirt

Each of the boys who qualify will be presented with a new sweatshirt with the club's crest on the breast, thus ensuring a neat and uniform appearance while in Vancouver.

Perhaps the public of Prince Rupert does not fully realize the effort these boys are making. Besides sticking faithfully, rain or shine, to their regular training, they have for the past month, put in a good hour of hard physical jerks every day. They are in tip-top condition | . and are determined to win the honor of representing their club and city in Vancouver. They have done all they can do and it now remains for the people of Prince Rupert to show them that they are right behind them by turning out next Saturday and Monday and giving them whole-hearted encouragement and support.

DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.
