PRICE: FIVE CENTS

HITLER BIDS FOR CHANCELLORSHIP IMPROVED FINANCIAL CONDITION OF CITY IS ANNOUNCED

City Sells Bonds to Government; Taxes Are Coming in Nicely and Bank Debt Will Soon be Cleared

Mayor Cyril H. Orme reported to the city council last night that, as a result of recent sales of securities to the provincial government for sinking fund purposes, the city now had remaining on its hands only \$17,400 of unsold debentures. As a result of the sale of bonds, together with tax collections which were steadily coming in, the mayor declared that he hoped to be able to report within the next few days that the city's indebtedness at the bank had been completely wiped out. The mayor also hoped within a few days to be able to give the council a detailed statement in regard to city finances including collection of taxes.

In regard to the sale of bonds to the provincial government, \$69,000 had been disposed of at 75 for Workmen's Compensation Board sinking funds and \$25,000 more at 75 for other government sinking funds. These prices were not as good as the city would have liked to have obtained but they were a good deal better than would have been received if the city had had to go on to the open market at the present time. A further \$8,000 worth of bonds had been disposed of at seven percent to the Northern B. C. Power Co. leaving a balance of \$17,400 which it was being endeavored to dispose of through McDermid, Miller and McDermid.

CAMP IS CLOSED

Forty Single Men Moved to Town From Cloyah Bay—Shelter Provided For Them

Following the recent refusal of local single unemployed men to work out their board and clothes at 35c per hour as proposed by the provincial government, the Cloyah Bay relief camp, which has been in operation for the past year, was closed down yesterday and the men have moved into town to go on 40c per day direct relief.

At the request of the men that something be done to furnish them with shelter, Mayor Cyril H. Orme yesterday wired Victoria for permission to use the public works warehouse at Cow Bay for this purpose. The permission has been granted but it was stated this morning that only ten men had availed themselves of these premises.

About forty men came into town following the closing of the relief camp.

DORE NOT IN FIELD

Mayor of Seattle is Not Running For Governor

SEATTLE, August 2 — Mayor John F. Dore yesterday denied a rumor that he would be a candidate for governor of Washington this fall. He declared, however, that he would take the stump against President Hoover and Governor Roland H. Hartley if necessary.

Meantime, he had by no means completed his work as mayor and he intended to continue despite political influence, Dore declared.

Halibut Landings

LEADER OF FASCISTI

Rt. Rev. Monsignor Ignaz Seipel, Five Times Chancellor of Austria, is Dead Near Vienna

Rare Career

Was Combination of Politician and Churchman—Worked For Lawful Country and Church

VIENNA, Aug. 2.—Rt. Rev. Monsignor Ignaz Seipel, aged 58, former chancellor of Austria, died today at a sanitarium near here. He was the recognized head of the Fascist movement in this country.

A rare combination of politician and churchman, Monsignor Seipel used his talents for many years in unceasing labor for the greater glory of the Roman Catholic Church and the maintenance of law and order in Austria.

He was leader of the Christian socialist party in the war-born republic, was chancellor of the government five times and occupied several other responsible cabinet posts.

As head of the fascist movement in Austria, it was due largely to his support as chancellor that the "heimwehr," an unofficial body of thoroughly drilled men, became a rival of the social-democratic "shuetzbund" in Austrian politics. At times the tactics of the rival "armies" led the nation to the verge of civil war. The "heimwehr" had its chief strength in the provinces of the republic, while the "shuetzbund" held the fort in the socialist municipal government of Vienna.

Dr. Seipel had almost no political experience before the birth of the republic. Just before the collapse of the Austro-Hungarian monarchy he was made minister of social welfare in the last cabinet of Emperor Karl I and he was elected a member of the constitutional assembly of the new republic in 1919.

It quickly developed that the clerical party in the new state, which included all former employees of the monarchy, was willing to follow him blindly and this evidence of trust in his own country, coupled with respect for his priestly robes in other continental nations, gave him a wide appeal when he undertook to make a prosperous and going concern out of the German remnant of the old heterogeneous empire.

Although before he ventured into politics Dr. Seipel had been absorbed by the calls of his religion, he showed remarkable ability to grasp administrative, economic, financial and labor problems, but the obstacles laid in his path by influential sections of the public eventually halted his efforts and led to the failure of many of his policies.

On July 1, 1924, a fanatical workman member of Seipel's party, convinced that Austria's distress was due to inaction by the government, fired two shots at the chancellor. One bullet pierced Dr. Seipel's liver and the other penetrated his right lung. The wounds nearly caused his death, and he felt their effects for years afterwards.

Dr. Seipel was born in Vienna on June 19, 1874, of humble parentage. He studied theology at Vienna University and was ordained a priest in 1899.

VANCOUVER WHEAT

VANCOUVER, Aug. 2.—Wheat was quoted at 53 1/2c on the local exchange today.

President Von Hindenburg

Once more has political crisis on his hands in Germany.

Imperial Conference Anxiously Awaiting Canada's New Offer

Premier Bennett is Preparing to Make Adequate Concession For Adequate Concession—British Textiles, Autos and Machinery Mentioned

OTTAWA, Aug. 2.—Delegates to the Imperial economic conference are eagerly awaiting the full terms of Canada's new offer. The assumption is widely drawn that Premier Bennett is preparing to make adequate concession for adequate concession. Rumor particularly mentions British textiles, automobiles, iron and steel machinery but there is, as yet, no official statement.

IS NAMED TO BOARD VON GRONAU AT CHICAGO

S. J. Hungerford Appointed Director of Canadian National Railways

OTTAWA, Aug. 2.—Appointment of Samuel J. Hungerford, acting president of the Canadian National Railways, as a member of the board of directors was announced today.

CHICAGO, Aug. 2.—Capt. Wolfgang von Gronau and three companions landed here this afternoon from Detroit in the course of their flight to the Pacific Coast and thence around the world. The party intends to spend several days here.

Hitler Demands Control in Germany; Is Ready to Take Over Chancellor's Position

BERLIN, Aug. 2.—Despite the disappointing showing of his National Socialist (Nazi or Fascist) party at the polls in Sunday's general election, Adolf Hitler declared last night that he would accept the chancellorship of Germany should it be offered him by President Paul von Hindenburg. Despite the indecisive result, Hitler demanded that control of the Reich should be handed over to him.

Hindenburg and Hitler will confer today and the future political events in Germany will, it is understood, depend much upon the results of that conference.

Fifteen persons were killed throughout the country on the eve of polling in the election, it was revealed last night.

DELEGATION OF WOMEN

Milk, Clothing School Books and Increased Relief Allowances Demanded—Complaints Made to Council

Presenting demands for milk for babies of the unemployed, school books for children of unemployed and men receiving part time relief work, necessary clothing for unemployed men, their wives and families and an increase in the present relief allowances, a delegation of five women from the Women's Labor League appeared before the city council at its meeting last night. After a desultory discussion, the women were informed by the mayor and aldermen that steps were now being taken through funds made available by the Rotary and Gyro Clubs, to provide women and children with clothing. If any babies were shown to be in actual need of fresh milk, the city would endeavour, in the future as it had done in the past, to furnish same. As for school books, the council held out little hope of this request being met while the more important necessities of food and clothing remained a problem. The mayor and members of the aldermanic board impressed upon the woman that the city was doing the very best it could to meet the situation with the resources at its command. At the close of the discussion, it was decided to hold a meeting of the special relief committee on Wednesday night of this week when the women will be invited to present personally any complaints they may have in regard to administration of relief with a view to rectifying same if possible.

Members of the delegation referred to the necessity of the children being provided with proper food and clothing. They asserted that the present was a period of virtual "baby starvation." They cared not who provided the money so long as the necessities were forthcoming and they believed that it was the duty of the city council to give assistance.

City Doing Its Best

The mayor and aldermen then explained to the women how plans were being made to provide clothing for the women and children and gave assurance that, if fresh milk were found to be necessary in certain cases, it would, no doubt, be provided. It was only financial stress that prevented the city from doing more than it was doing. It should be remembered that the city must pay for everything it got and already it was having difficulty in paying for the goods which had been obtained. There was no lack of sympathetic feeling on the part of any member of the council, the mayor declared.

One of the women complained that her husband had been called a "beggar" by a city official when he had gone to get his relief. Another had been asked "why he did not support his own family?" Various members of the council expressed resentment at insulting remarks being made to citizens who were so unfortunate as to have to go on relief.

Some of the women complained of unequal distribution of relief. Some families were getting more than others irrespective of the number of children. Members of the council expressed surprise that relief was not distributed pro rata to the size of families. This is one of the matters that will be gone into at the special meeting tomorrow night.

DUTY OF PROVINCE

Premier Bennett Passes Buck on Unemployment—Dominion is Doing All it Can

OTTAWA, Aug. 2.—We are doing everything that this country can stand to assist the needy, which is primarily the duty of the provinces, and maintain our national life, Premier R. B. Bennett said today to a delegation of the national conference of unemployed councils.

The program of the deputation, the Prime Minister considered, would not achieve the desired aim.

TAXES ARE REFUNDED

R. Eston Phye to Get Part of Improvement Levy Back in View of Building Being Burned

On recommendation of the finance committee, the city council last night decided to refund to R. Eston Phye of Hartford, Conn., a proportionate amount of general taxes amounting to \$41.23 with respect to a building on lots 13 and 14, block 22, section 1, which was destroyed by fire as from May 17, 1932. Mr. Phye had paid his taxes on the property prior to the building being burned down.

Ald. S. D. Macdonald questioned the wisdom of making such a refund but was informed that the Municipal Act provided specifically for such refunds being made if the city so desired.

City Saves Money Under Bond Deal

Transfer of Securities Recommended By Finance Committee is Adopted By Council

The city council last night adopted a recommendation from the finance committee that \$8,000 Province of Ontario bonds (six percents) held in the hydro-electric fund be sold and that the proceeds be invested in Prince Rupert hydro-electric bonds as per offer of W. Ross Alger Corporation Limited, Edmonton, to yield the city eight percent.

The city stood to gain \$180 on saving in interest and a further \$1800 if United States exchange rate was the same next April as it was now. Ald. Collart, chairman of the finance committee, informed the council.

THREE DOLLARS FOR ONE IS RELIEF PLAN

It was pointed out during a discussion on unemployment relief matters at last night's city council meeting that the policy was still in effect whereby, for every dollar expended by the city on direct relief such as food, shelter and clothing, the provincial and federal governments were each pledged to put up a dollar. Therefore, for every dollar made available locally for relief purposes, three dollars could be actually spent.

OTTAWA DEMONSTRATION IS QUELLED BY POLICE

OTTAWA, Aug. 2.—The police dispersed a crowd of seven hundred demonstrators here today, making ten arrests. The demonstration was part of the program of the Workers Economic Conference.

LABOR MAN PRESIDENT

J. S. Woodsworth, M.P., Named Head of Merger of Laborites and Farmers

CALGARY, August 2 — J. S. Woodsworth, M.P. for Winnipeg-North Centre, was yesterday elected president of the Co-operative Commonwealth Federation at a conference of Laborites and Farmers from five Canadian provinces.

WEATHER REPORT

Triple Island—Overcast, light southerly wind; sea moderate. Langara Island—Overcast, light southerly wind; sea choppy. Dead Tree Point—Raining, light southeast wind; barometer, 30.10; temperature, 55; sea smooth.

FEDERAL GOVERNMENT NOW COMING THROUGH

VICTORIA, Aug. 2.—Premier Tolmie has advised Acting Premier R. H. Pooley that an order-in-council was brought down in Ottawa on Monday for \$2,000,000 on account of unemployment relief costs incurred by the British Columbia government in 1931.
