IRISH CONCERT STRICTLY HIGH CLASS EFFORT

Dancing of Children Was Most Effective and Other Features Meritorious.

An altogether first rate Irish concert was enjoyed by a crowded house at the Westholme last night, the chief feature being the dancing and singing of the children who had been trained in the dances by Mrs. H. O. Crewe. The only other new entertainer was H. Graham Harris, whose baritone was a treat.

Orchestra.
The Westholme orchestra under the conductorship of William Balagno was a great feature of the entertainment and two of the members, the conductor and Will Edmunds, both gave solos, one on the violin and the other on the cello. Both were well received and each deserved the reception he got.

Madame Aivazoff in Irish ballads was at her very best. She was thoroughly at home in this field of art and her efforts to please were much appreciated.

Mr. and Mrs. Brady gave a delightful little Irish sketch, showing the courtship of an Irish widow, which was picturesque and amusing.

Address on Ireland.
E. A. Wakefield in an address on Ireland and St. Patrick spoke of the way in which the Irish had invaded every walk of life in almost every country. They were noted for their tenacity, honesty and their religious convictions. He spoke some words of praise of the work of the priests, including St. Patrick.

Of the dancing and singing of the young people it is difficult to say enough. The Minims were the most attractive because of the cute way in which they went through their dances. The sunshade dance was very pretty and the little girls did their parts well. The chorus by the children was excellent and the gavotte by four senior girls was physically perfect and most gracefully executed. The choir also sang well.

BOARD OF TRADE TO GET \$50 A MONTH

Two Aldermen Plead for More Liberal Treatment But are Voted Down.

At the council meeting last night a recommendation from the Finance Committee that the sum of \$50 a month for the rest of the year be set aside for the Board of Trade was adopted. Alderman McMeekin and Alderman Perry both favored more liberal treatment, the former arguing that by getting a donation from the council was the only way to make the absentee owners pay their share.

Alderman Perry thought the Board of Trade should be encouraged. They were working for the good of the city and they were putting a good deal of ginger into their efforts. Now that they had plenty of pep was the time to keep them going. He moved that the report be tabled for a week. He did not think \$50 a month enough.

Alderman McMeekin seconded the motion. Alderman Rochester said that if it was found that this was not enough there would be a come back. He did not believe in publicity just now. For the time being the least said about the city the better. He moved an amendment, seconded by Alderman Kirkpatrick, that the report be adopted. This was carried with McMeekin and Perry voting against.

Soldiers desiring to make their homes here with their families will receive every help possible from the secretary, George Logan.

"If high rates of interest must still be paid on Canadian Government borrowings, ALL the people should have the opportunity to earn this interest".
—SIR THOMAS WHITE, Minister of Finance.

Why They Are Buying WAR-SAVINGS STAMPS

The housewife is economizing in comfortable ways and investing in War-Savings Stamps at \$4.02 each this month. In 1924, when these stamps are redeemed at \$5.00 each, every dollar will have greater purchasing power.

The business man is cutting off small and unnecessary expenditures and buying War-Savings Stamps. He knows his money is available any time he really needs it, with added interest. \$5 for \$4 in five years is an excellent return on money otherwise idle.

School children are buying Thrift Stamps at 25 cents each and are filling their Thrift Cards in order to acquire a War-Savings Stamp. They are helping their country and acquiring the habit of Thrift.

Men on the farms are buying W.S.S. because the Government uses the money to finance export orders for the food raised on Canadian farms. This makes their market sure.

Men, women and children of all ages and conditions of life, are investing in W.S.S. because it is a convenient way to "build a bond". The security is absolute and the interest is unusually high. Some day they will look back with great satisfaction to the day when they bought their first War-Savings Stamps.
