(Special to The News via G. T. P. Telegraphs.)
Budapest, March 24.—The Hungarian cabinet headed by Count Karolyi has resigned, leaving the government to the proletariat. This action was taken after Count Karolyi had communicated to the cabinet the Entente note outlining the new boundary between Hungary and Rumania.

London, March 24.—The new Budapest Government is reported signing a proclamation acknowledging a state of war between Hungary and the Entente, says a despatch to the Exchange Telegraph Company from Vienna. The Czecho Slovak Government is preparing to issue mobilization orders.

Copenhagen, March 24.—Alexander Gorbai has assumed the presidency of the revolutionary government of workers, peasants and soldiers' councils, according to a despatch from Budapest Saturday. Bela Kun becomes Foreign Commissary and Joseph Pogany War Commissary. It is reported that Kun has fled to Lenine for armed resistance.

Copenhagen, March 24.—The Berlin Lokal Anzeiger's Budapest correspondent says an army of 70,000 men has been formed under the command of Major Georgey, of non-Socialists, those from the rural population supporting the new Government. It is reported that the extreme Socialists intend to proclaim a soviet republic. Red Russian troops are reported to have moved at Tarnopol.

Allied With Bolsheviks.
Copenhagen, March 24.—The new Hungarian Government proclaimed a solidarity with the Russian Soviet Government and an armed alliance with the proletariat of Russia.

Paris, March 24.—Hungary's alliance with the Bolsheviks facilitates the occupation of strategic centres in Europe, is the opinion of the peace delegates today. CHINESE NOT TO BE ALLOWED TO COME INTO COUNTRY AND THOSE HERE MAY LEAVE—ORDER PASSED AT THE REQUEST OF B. C. MEMBERS

(Special to The News via G. T. P. Telegraphs.)
Ottawa, March 24.—Hon. J. A. Calder, Minister of Immigration, following representations of British Columbia members, has decided to put regulations in effect to enforce the order prohibiting the entry into Canada of skilled and unskilled labor. Shipping companies are to be instructed not to carry new Chinese immigrants. The head tax of 120 Chinese now in China awaiting transportation will be returned and entry refused. All the Chinese who were in Canada three months before the armistice was signed and who wish to return to China will be deported and the head tax returned. All Chinese now in the country who have paid the head tax as students and cannot show definitely that they are bona fide students will be deported. Further admission of Chinese disguised as students, merchants, or otherwise will be effectively prohibited. The period of return of Chinese having the right to return to Canada from China will be extended so that they will remain in China during the period of reconstruction.

TAXATION IS REPORTED ON

Board Headed by Robert Haig of Columbia University Makes Many Recommendations.

(Special via G. T. P. Telegraphs.)
Victoria, March 24.—After two years the Taxation Board, headed by Prof. Robert Haig of Columbia University, brought in a report. It recommends that a permanent board of taxation be appointed and that the property tax be abolished and the income tax extended as the most equitable means of provincial taxation. The banks, salmon canneries and such institutions should be placed under the income tax. Farm taxation is said to be too high, but the report favors continuance of the mineral tax. The report agrees with Vancouver's proposal regarding the business tax in addition to a tax on land values, but opposes the collection of an amusement tax.

NEWMAN ERB ASKS PRINCE RUPERT TO BACK HIM GETTING TEN SHIPS TO PLY FROM HERE TO ORIENT

Says Great Railway Back of Us and Foundation of Great Shipyard But Need Oriental Traffic As a Vitalizer; Housing Must Be Attended to by Municipality.

JEWS WERE MASSACRED

Bolshevik Invasion of Ukraine is Disastrous to Members of Semite Race.

(Special via G. T. P. Telegraphs.)
New York, March 24.—In the Bolshevik invasion of the Ukraine resulting in a program in which thousands of Jews were massacred, 5,000 were killed or wounded in Proskurov. Hundreds of Jews were killed in Berdichev, Zhitomir and other places. They were instigated by Polish anti-Semites.

"I have been in the transportation business for the past forty years and am one of the oldest transportation businessmen in the United States. Based on my experience during that time I consider the possibilities of transportation here are first rate. There is a great railway back of Prince Rupert, but the business consists so far of ninety per cent possibilities and ten per cent reality." This was the way in which Newman Erb, chairman of the Board of Directors of the Prince Rupert Drydock and Engineering Co., opened a conversation with a Daily News representative at noon today.

Shipbuilding Plant.
Continuing Mr. Erb said that they had the foundation of a great shipyard here, but it too consisted of ninety per cent possibilities and ten per cent reality. The whole project needed a vitalizer in the way of Oriental traffic.

Discussing this further Mr. Erb said that he wanted the people of Prince Rupert to stand back of him to get the Dominion Government to assign ten of the ships which they are building to operate between this port and the Orient. He wanted to enlist the best efforts of the community with this end in view. If the Government would not operate the boats then they might let them acquire the vessels on reasonable terms.

Housing Necessary.
Turning to the matter of housing, Mr. Erb said he wanted the people here to help in the matter. The company could undertake to do only part of the work, the municipality should do the rest. As the News representative entered the private car Toledo Mr. Erb and Messrs. Mullen and Schellenberg were looking up some data on housing schemes at Portsmouth, New Hampshire, where the Government had spent from three to four million dollars on it.

Built Many Miles.
Mr. Erb would not talk about himself except to say that he had built more miles of railway than any living man, with one exception. Transportation is his line and that is what he is interested in.

At the Canadian Club.
Mr. Erb will address the Canadian Club tomorrow at one o'clock in the Prince Rupert Hotel when he will further elaborate his schemes and suggestions. He is full of energy, says what he has to say and then stops.

As a railway man Mr. Erb has been connected with a great many, and he has made them successful. He has also had to do with other business concerns, but he likes transportation best. He was at the shipyards early this morning, having arrived in his private car shortly before midnight last night.

This morning Mr. Erb was waited on by J. D. McAuley, secretary of the Canadian Club who made arrangements for him to attend the luncheon.
