### WIVES AND FAMILIES OF HINDUS TO BE ADMITTED TO CANADA UNDER ORDER

REGULATIONS WILL GIVE INDIA RIGHT TO EXCLUDE CANADIANS FROM THEIR COUNTRY—OTHER REGULATIONS GOVERNING RECIPROCIITY IN IMMIGRATION

(Special to The News via G. T. P. Telegraphs.)  
Ottawa, March 29.—An order-in-council passed March 26 with reciprocity of treatment of several communities of the British Commonwealth and allows certain modifications of the restrictive provisions of the Immigration Act. It allows Hindus residing in British Columbia to bring in their wives and families. It is, in part, as follows:

The Minister, therefore, with the concurrence of the Minister of Immigration and Colonization, recommends that a declaration, unanimously adopted at the Imperial War Conference, July 24, 1918, be approved, viz: It is an inherent function of the governments of several communities of the British Commonwealth, including India, that each should enjoy complete control of its own population and composition of its own population. Means of restriction of any of the other communi-

**For Visits.**  
British citizens, domiciled in British country, including those who should be admitted into any British country for visits, for the purpose of pleasure or recreation, including temporary visits for education. Concurrence of such visits should be based on the principle of reciprocity as follows:—

**Reciprocity.**  
The right of the Government of India is recognized to enact laws which shall have the effect of subjecting British citizens domiciled in any other British country to the same conditions in visiting India as those imposed on

(b) Such right of visitor shall, in each individual case, be embodied in a passport or written permit issued by the country of domicile, and be subject to visit there by an officer appointed by and acting on behalf of the country to be visited, if such country so desires.

**Laborers.**  
(c) Such right shall not extend to a visitor in temporary residence, for labor purposes or to permanent settlement.  
3. Indians already permanently domiciled should be allowed to bring their wives and minor children on condition:  
(a) That not more than one wife and her children shall be admitted for each such Indian and, (b) each Indian so admitted shall be certified by the Government of India as being the lawful wife or children of such Indian.

### RETURNED MEN FOR FISHERIES

Board of Trade Offers to Co-Operate in Placing Them if Government Will Allow.

(Special via G. T. P. Telegraphs.)  
The following telegram was sent to Lieut. Col. Peck, M. P., at Ottawa, last night by the Council of the Board of Trade:  
"Will the Government permit returned soldiers who may wish to engage in salmon gill net fishing in District 2 to use gas boats? If so and they will assist them financially along the same lines as it is proposed to assist those who may go on farms, this Board will take upon itself to co-operate in placing as many returned men as possible in these fisheries. Quick action is necessary."

### TRAITORS ARE DEPRIVED OF THEIR TITLES

Royal Dukes no Longer Bear Any British Honors—Both Were British Born.

(Special via G. T. P. Telegraphs.)  
London, March 29.—The Duke of Albany, Duke of Cumberland and Viscount Taaffe, who adhered to the enemy during the war have been deprived of their British peerages by a King's order-in-council. Albany is a cousin of King George and Cumberland a cousin of King Edward. Both served with the German forces for part of the war. Each man was a Royal Duke of Great Britain, and both were British born. Albany served the Kaiser under the title of Prince Charles Edward of Saxe-Cobourg and Gotha, and Cumberland as Duke of Brunswick and Leningburg.

Both Dukes had courtesy commands in the British Army, Albany being a full general.

### NAME CHOSEN FOR BUILDING SOCIETY HERE

"Prince Rupert Housing, Ltd.," is Choice of Board of Trade; Everyone Enthused.

At a meeting of the Council of the Board of Trade in their rooms last evening it was decided to adopt the name "Prince Rupert Housing, Ltd.," for the building society which is being formed by the citizens for the purpose of helping to solve the housing question here.

President McCaffery stated that it was the plan of the citizens' committee to carry on a campaign similar to that at the time of the Victory Loan. So far as he had been able to find out everyone was backing it. They were much enthused and expected to get the \$100,000 for which they were seeking.

**Incorporate at Once.**  
The plan as outlined was to incorporate a company at once for the purpose of loaning money or of building if it was found necessary. They would make loans to half the value of the property and charge eight per cent for it. They had been assured of ten houses being built by one man and a great many individuals had promised to build just as soon as they could get the money. It was ex-

### PRINCE RUPERT'S MEMBER DEALS WITH FISHERIES IN PROVINCIAL LEGISLATURE

HON. T. D. PATTULLO SAYS INDUSTRY SHOULD BE CONTROLLED FROM THIS CITY—RETURNED SOLDIERS SHOULD BE ENCOURAGED AND MONOPOLIES ABOLISHED

(Special to The News via G. T. P. Telegraphs.)  
Speaking to the report of the Select Committee on the Rehabilitation of Soldiers in the Legislature, Hon. T. D. Pattullo dealt, among other things, with the conditions obtaining in the salmon fishing industry, as follows:—

"As representative of the largest fishing district of this province, and one of the largest fishing districts on the continent, I wish to draw the attention of this House to the fact that the waters of the north are today the major sockeye waters. In 1918, the Fraser River pack was 75,000 cases, while that of the Skeena was 374,000 cases; the Naas, 144,000 cases, and Rivers Inlet, 103,000 cases.

**From Prince Rupert.**  
"In this connection I would point out that the fishing industry being almost entirely in the north, it ought to be controlled from Prince Rupert and not from New Westminster, as at present.

"I note that the Select Committee is of the opinion that the salmon fishing industry 'does not present the best possibilities for the successful employment of returned men.' Under present conditions in the industry this may be so, but I believe that these conditions could be remedied so that the salmon fishing industry will present one of the best possible opportunities for the returned soldier.

**Wide Open.**  
"As an initial step in this direction I believe that the salmon (Continued on Page Three).

**Fishermen Also.**  
It was further pointed out that there were many fishermen who wanted houses as well as shipyard workers.  
After deciding to get right down to work and raise the needed money the meeting adjourned.

**CHANGE OF TIME ON G. T. P. RAILWAY**  
Every Clock on the System, Including Prince Rupert, Goes Forward One Hour.  
Tomorrow, Sunday, at 2 a. m. the clocks on the Grand Trunk Pacific Railway will all be advanced one hour and the 11:30 train will leave here at 10:30 city time.  
For the present no change will be made in the boat time but it is possible that it may be made to conform with the railway before long.  
The suggestion is also made around town that the city should decide to advance the official time here to conform with the railway.

### Invest In The Prince Rupert Housing Scheme

**WHY?**  
Because it is your duty as a good citizen. Every man doing business in Prince Rupert or who expects to do business here tomorrow, and who declines or neglects to invest in the Housing Scheme is a parasite and will be making his living off the citizens who do. We expect to increase our population by 2,500 people, equivalent to 500 new families and five hundred single men. Each single man will spend here an average of \$100 per month, and each family an average of \$125 per month, making a total additional annual expenditure in Prince Rupert of \$1,350,000.

**EVERYBODY BENEFITS.**  
Every man doing business here, whether professional, manufacturer, wholesaler, retailer, or whether in legal or illegal business will get his share of the money, whether he invests in the housing project, which makes it possible, or not.

**NOT BLOOD-LETTING OPERATION**  
If the average profits are 25%, the advantage to us is \$337,500. This is not a blood-letting operation, nor a pocket book slitting stunt, it is the biggest money maker you ever put a dollar into. We are asking you to invest less than one-third of the profits you will make out of the project. It is the most sane business proposition ever offered to a citizen of Prince Rupert. The security is absolute. It should return you 7% per annum on your money, (2% more than Victory Bonds) and indirectly you will make 300% on your investment through the channels of your general business. You will get your share of that \$337,500.

**ARE YOU A DEAD ONE?**  
It is up to you. If you are wide awake, you can see the advantage. If you see and are honest, you will hasten to do your share. If you cannot see the benefits to you of this housing scheme, you are a dead one, and the good citizens of Prince Rupert should have charity enough to bury you. If you see, but refuse to meet your share of this general obligation, you should leave Rupert. We do not need you, and we do need the house you occupy. No honest man can stay in business upon the capital of his competitor. No man with honorable traditions behind or many purposes ahead can think of it. Our future is bright. Our Promised Land is in sight. We have been nearly forty years in the wilderness (it seems longer). Just a little courage, the old time optimism. Let everyone advance together and success is ours. Every dollar put in is invested in your business and returns you 307%.

INVEST! INVEST!! INVEST!!!

**CHANGE OF TIME**  
The G. T. P. Railway Company announces that at 2 a. m. on Sunday (tomorrow) morning, all railroad clocks will be advanced one hour. Trains will therefore run correspondingly one hour earlier, leaving here at 10:30 a. m. City Time, instead of 11:30 a. m.
