Invest In The Prince Rupert Housing Scheme

WHY?

Because it is your duty as a good citizen. Every man doing business in Prince Rupert or who expects to do business here tomorrow, and who declines or neglects to invest in the Housing Scheme is a parasite and will be making his living off the citizens who do. We expect to increase our population by 2,500 people, equivalent to 500 new families and five hundred single men. Each single man will spend here an average of \$100 per month, and each family an average of \$125 per month, making a total additional annual expenditure in Prince Rupert of \$1,350,000.

EVERYBODY BENEFITS.

Every man doing business here, whether professional, manufacturer, wholesaler, retailer, or whether in legal or illegal business will get his share of the money, whether he invests in the housing project, which makes it possible, or not.

NOT BLOOD-LETTING OPERATION

If the average profits are 25%, the advantage to us is \$337,500. This is not a blood-letting operation, nor a pocket book slitting stunt, it is the biggest money maker you ever put a dollar into. We are ask. ing you to invest less than one-third of the profits you will make out of the project. It is the most sane business proposition ever offered to a citizen of Prince Rupert. The security is absolute. It should return you 7% per annum on your money, (2% more than Victory Bonds) and indirectly you will make 300% on your investment through the channels of your general business. You will get your share of that \$337,500.

ARE YOU A DEAD ONE?

It is up to you. If you are wide awake, you can see the advantage. If you see and are honest, you will hasten to do your share. If you cannot see the benefits to you of this housing scheme, you are a dead one, and the good citizens of Prince Rupert should have charity enough to bury you. If you see, but refuse to meet your share of this general obligation, you should leave Rupert. We do not need you, and we do need the house you occupy. No honest man can stay in business upon the capital of his competitor. No man with honorable traditions behind or manly purposes ahead can think of it. Our future is bright. Our Promised Land is in sight. We have been nearly forty years in the wilderness (it seems longer). Just a little courage, the old time optimism. Let everyone advance together and success is ours. Every dollar put in is invested in your business and returns

you 307%. INVEST! INVEST!!

Retail Merchants Association meeting in the council chamber Tuesday night at 8 o'clock sharp. E. R. Tabrum, Secretary.

A few lads and lassies gathered on Saturday night in the K. of P. hall to dance away the hours at a delightful cinderella. The affair was given by Professor Harvey and it is understood will be repeated. Everyone voted the cinderella idea a good one and nearly all were home before the clock struck the hour of midnight, the last dance having been finished ten minutes earlier.
