BIRTH.

There was born to Mr. and Mrs. George Hill, of Green Street, at the Prince Rupert General Hospital on April 1, a daughter.

The question of repairing the road at Cow Bay and bridge in sand and gravel for the use of those engaging in building operations was referred to the Board of Works.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption, with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted immediate certificate of improvement and transfer his claim. Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSHIP PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding unimproved allotments to purchase from the Crown of such proportion of the land, if divisible, as the payment already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such allotments may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has been made to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

WAR SPECTACLE AT EMPRESS THEATRE

Crowded Audience Present Last
Night Was Delighted With
Thrilling Picture.

The show given at the Empress Theatre last evening was one of the most thrilling war spectacles ever displayed upon the screen. "Crashing Through to Berlin" drew a crowded audience last evening, and will do the same again tonight.

With remarkable fidelity to detail, the pictures conveyed a vivid impression to the onlookers of what the actual conditions at the front have been for the soldiers. The pictures were not those of a sham fight, but of the actual battle where men were out to kill each other.

The sinking of the Lusitania was one of the most realistic parts of the film, and to see the gigantic liner being torpedoed before their eyes, and her thousands of men, women and children being sent to their death sent quite a thrill of horror throughout the theatre.

This great war panorama is succeeded by a comedy drama "All Night, starring Carmel Myers, and Billy West also appears in "His Day Out," which is a scream. The thirteen big reels permit of only one show, and it is a winner.

WILL NOT SUPPRESS RED LITERATURE

Motion of Alderman Perry Asking
for Action is Voted Down by
City Council.

At the meeting of the City Council last night a resolution of Alderman Perry's asking that the Police Commission investigate the revolutionary propaganda which is said to be going on and report, was voted down, the council taking the view that no good result would follow such action.

In speaking to his resolution Alderman Perry said that in the absence of Alderman Casey he would not deal with the matter as fully as he had intended. He spoke of the insidious propaganda which was going on throughout the west in the form of I. W. W., Bolshevism and Soviet literature. It was designed to overthrow the established institutions of the country. He did not intend to knock labor but he did not want to see the propaganda here to the detriment of the city. It often got into the hands of well meaning men who were led away.

Mayor McClymont said the Dominion Government were attending to the matter. After a short discussion the vote was taken, the resolution being defeated by a majority of four to two.

WHAT TIME IS IT? POPULAR QUESTION

The natural inclination to put everything off as long as possible made a number of people cling to the old time today in spite of the fact that the new time became legal Sunday morning at 2. The schools this morning commenced at old time but dismissed at new. The boarding houses put on lunch at noon new time and there were a few stragglers, but most of the people were up to date and obeying the law of the province.

N THE MATTER OF THE ADMINISTRATION ACT

AND -
N THE MATTER OF THE ESTATE OF ALBERT COLE, DECEASED, INTESTATE. NOTICE IS HEREBY GIVEN TO WHOM IT MAY CONCERN of an Order made by His Honor F. McB. Young, Local Judge, in the above matter on the 20th day of January, A. D. 1919, as follows: IT IS ORDERED that the said John H. McMullin shall be allowed to swear to the death of the said deceased as occurring on the 27th day of October, 1917, after the expiration of one month from the date of the first publication of notice of this order, unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, B. C., that the said deceased was alive subsequently to the said 27th day of October, 1917. AND IT IS FURTHER ORDERED that the said John H. McMullin do publish notice of his order in the Prince Rupert Daily News, a newspaper published at Prince Rupert, B. C., for a period of one month. DATED at Prince Rupert, B. C., this 6th day of February, A. D. 1919.

Official Administrator.

TIMBER SALE X 1605.

Sealed tenders will be received by the Minister of Lands not later than noon on the 11th day of April, 1919, for the purchase of Licence X 1605, to cut 4,299,000 feet of fir and cedar on northerly portion of Lot 821, South Bentinck Arm, Range 3, Coast District.
Two (2) years will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

ZAM-BUK

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. It prevents blood-poisoning and inflammation. Its rich herbal essences quickly ease pain and build up healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matter. Take no substitute. See the name on every box before paying.

ZAM-BUK HEALED SEVERE CUT

Mrs. J. E. Bierwirth of Carnduff, Sask., writes: "My little son cut the end of his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain, I applied some Zam-Buk. This stopped the bleeding and gave him such relief that he ceased crying and seemed quite at ease. I therefore decided to see if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure resulted."

Zam-Buk sold by all drug stores and stores. See name on every box before paying.

CANCELLATION OF RESERVE

NOTICE IS HEREBY GIVEN that the reserve existing over vacant Crown Land in the vicinity of Chelashie River, Range 4, Coast District, by reason of a notice published in the British Columbia Gazette of 26th May, 1910, is cancelled.

Deputy Minister of Lands,
Department of Lands,
Victoria, B. C.,
11th March, 1919. M 18

LAND REGISTRY ACT (Sections 36 and 134.)

Re Application No. 40,728-1 File 6,134. TAKE NOTICE that application has been made to register Thomas Trotter of Prince Rupert, B. C., P. O. Box 333, as owner in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 9th day of December, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situated, lying and being in the City of Prince Rupert, more particularly known and described as lots forty-four (44) and forty-five (45), Block fifteen (15), Section five (5), (Map 923). You are required to contest the claim of the said purchaser within 35 days from the date of the service of this notice (which may be effected by advertising), and your attention is called to the provisions of the Land Registry Act, with amendments, and to the following extract therefrom:-

"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served will notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above mentioned lands, in the name of Thomas Trotter, AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1917, (the date on which the said lands were sold for taxes) the said lands were the registered owner thereof, FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Thomas Trotter unless you take and prosecute the proper proceedings to establish your claim, or, to the said lands, or to prevent such registration on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 25th day of March, 1919.

H. F. MACLEOD,
District Registrar of Titles.
To Alfred Gendron,
Prince Rupert, B. C.

The capacity of the reservoir to be created is about 200,000,000 cubic ft., and it will use 200 cubic feet per second and to store 4,000 acre feet of water in the vicinity of water out of Cascade and Silver Creeks (streams), also known as draining Long Lake and other small lakes in the vicinity of the Big Missouri Group, which flows in a southerly direction and drains into the Salmon River about one mile south of the International Boundary Line. The storage dam will be located at Long Lake and other small lakes adjacent. The capacity of the reservoir to be created is about 200,000,000 cubic ft., and it will use 200 cubic feet per second and to store 4,000 acre feet of water in the vicinity of water out of Cascade and Silver Creeks (streams), also known as draining Long Lake and other small lakes in the vicinity of the Big Missouri Group, which flows in a southerly direction and drains into the Salmon River about one mile south of the International Boundary Line.
