TENNIS CLUB IS EXPECTING ACTIVE SEASON

Meeting Yesterday Afternoon Elects Officers and Makes Preliminary Arrangements for Tournament.

On Saturday afternoon, provided the weather is suitable, the Tennis Club will open the season with several scratch games, one being a match between the lawyers and school teachers and the other between the bankers and the army. This was decided on at the meeting of the club yesterday afternoon at the offices of Patmore & Fulton with President Fisher in the chair.

It was further decided that there would be a number of interesting tournaments during the season, including a ladder tournament, the same to be arranged by Principal J. C. Brady of the High School.

Revival of Interest.
 The Club looks forward to a very successful season. Much interest is being taken in the game and the general revival of interest here in things commercial, it is thought, will have a reflex action on the club and its activities. The courts are to be put in the best of shape, a telephone installed at once, and a good stock of balls ordered.

What will prove somewhat of an innovation in connection with the game will be the serving of tea by the ladies under the superintendence of Miss Tingley. This will be on Saturday afternoons, when many of the tournaments will be played.

Officers Elected.
 Officers elected for the coming year were as follows: President, W. E. Fisher; vice-president, J. C. Brady; secretary, W. O. Fulton; additional members of the executive, Miss Tingley and C. T. Heward.

Some of the members spoke of the need of the club to provide necessary exercise and recreation for those whose work was of a sedentary nature. It was the most healthful and enjoyable game going.

Mr. Brady expressed his intention to give a good deal of attention to encouraging and coaching the young people of the High School who receive special privileges from the club and who use he courts a good deal.

WAS SPEAKER AT WESTHOLME ON THE BUILDING QUESTION

W. E. Williams was the speaker at the Westholme Theatre last night, giving three minutes to urging the people to support the building proposition. He stated that as a result of the canvass they had secured \$25,000 for the new company which was being formed for the purpose of encouraging building here.

Mr. Williams told of the necessity of erecting buildings and of all working together for the purpose of pushing the city ahead. The need of unity of purpose was especially urged.

ALLEN T. FRASER KILLED IN SLIDE

Chief Engineer of the Canadian National Railways Victim Near Mount Robson.

(Special via G. T. P. Telegraphs.)
 Edmonton, April 2.—Allen T. Fraser, chief engineer of the Canadian National Railways, was killed by a snowslide near Mount Robson. The train on which Fraser was proceeding west was stopped by a slide. Fraser and the section crew went ahead to examine the slide when another mass of snow and rock came down, burying the party. The section hands dug them out, badly injured, but when Fraser's body was recovered life was extinct.

REFUSE TO STRIKE
