## ASK FISHING LICENSES FOR BRITISH ONLY

Great War Veterans Pass Resolution Which is Forwarded to Ottawa.

(Special via G. T. P. Telegrams.)

Victoria, B. C., April 7. — A resolution calling for the granting of fishing licences to British subjects only and including clauses calling for the operation only by British subjects of purse seine and drag net, etc., was endorsed by the Great War Veterans' Association at its recent meeting here. The following is the resolution in full, with its preamble:

"Whereas, many men are returning daily who are desirous of taking out fishing licences for the salmon fishing along the coast of British Columbia; and whereas, the bulk of licences in the past have been granted to alien foreigners; and whereas, in certain areas the licences are attached to canneries instead of being free fishing licences,

"Therefore be it resolved that this branch of the G. W. V. A., acting through the Provincial and Dominion executives as well as independently through our British Columbia members of Parliament at Ottawa, request that all fishing licences be granted to British subjects only; that the licences in British Columbia be free in place of being attached to any special cannery or group of canneries;

"Be it resolved, that in the event of purse seine and drag net licences being issued by the Dominion Government, that it be explicitly ordered that no one but a British subject be employed in operating them, and be it resolved, that the Vancouver branch of the G. W. V. A. and their branches on the Coast of British Columbia be informed of our action and their earnest and energetic support be requested.

"Be it further resolved, that all British naturalization be denied to any of the unassimilable races who have not served overseas with the C.E.F., and that stringent action be taken to prevent the illegal trafficking in naturalization papers.

Mr. and Mrs. H. McCall are both ill with influenza at the hospital at Edmonton and will in all probability not be home for some weeks. Mr. McCall was taken ill last Monday on his way from Winnipeg and Mrs. McCall sickened soon after. It is probable that both will take a short holiday in order to recuperate before returning to Prince Rupert.

Work was started today preparing to move the old Bank of British North America building which stands on the corner of 3rd Avenue and Fulton street, to a lot next to Spurr's Market owned by Mr. Benfer. H. S. Wallace has taken a ten year lease on the lot and is having the building moved on to it.

William S. and Tom Jeffrey, who were charged with evading the military draft law, a short while ago, were brought before Magistrate McMullin this morning and each fined \$500, or two years in default.

The Rev. W. S. A. Crux left this morning for Vernarsdol near Copper City, and expects to be back on Thursday night's train.

## SALVAGE CONCERN WILL REORGANIZE

Old Company Being Wound Up and Larger One Taking Its Place.

Victoria, April 7. — With a capital of \$550,000, the Pacific Salvage Company has been incorporated in place of the B. C. Salvage Company, which has gone into voluntary liquidation. This move has been taken owing to the decision of the company to increase considerably its scope and equipment. Fore-seeing a great shipping development along the Pacific Coast, the officials are reorganizing with a greater capitalization, to be in a position to handle all salvage needs along the coast line.

A meeting of creditors has been called for April 14, when the affairs of the old company will be wound up. A. C. Burdick will continue as manager of the salvage concern.

The Pacific Salvage Company has now quite a fleet of vessels. Completely outfitted as salvage ships, the Tees, Alaskan and Santa Cruz lie at the wharf in the Inner Harbor, while if the sloop-of-war Algerine, recently acquired by the salvage concern, is found to be suitable, she too will be added to the fleet, which is ready to render marine first aid and look after shipping accidents.

## MORE STOCK FOR THE GRAND TRUNK

Commons Railway Committee Reports Bill Granting Company Permission.

There was opposition to the bill authorizing the Grand Trunk Railway to issue new consolidated debenture stock not exceeding \$12,500,000 at the session of the Railway Committee of the Commons at Ottawa.

W. F. Cockshutt referred to a report that the company was willing to carry on for four years if it should receive a grant of \$7,000,000.

Hon. J. D. Reid, Minister of Railways, said that no such proposal had been made by the Government.

The Minister said it was the desire of Sir Thomas White that the bill should pass. Mr. Minister assured the Committee that the negotiations for the purchase of the Grand Trunk would be continued but not prolonged. He expressed the conviction that the Grand Trunk should be joined to the Government system of railways, making two first-class railways.

Dr. Reid criticized Grand Trunk financing methods. He was not disposed to criticize the Grand Trunk management in Canada, but his fight was with certain financial manipulators in London who had raised the bogey of the credit of Canada. They always took care to get their dividends, he said. The Grand Trunk was so overloaded that it could not succeed, and it was not proposed to load it up with more capital indebtedness. It would, he said, all come back on the people of Canada.

The Committee, in view of the request of the Minister of Finance, and the statement that the money it is proposed to raise, will be required even if the system should be taken over by the Government, reported the bill, Mr. Richardson alone objecting.
