## Seamless Wedding Rings

There's a difference in wedding rings. Some are rolled out in strips and joined after bending.

Some are cast in a mould, which may leave the gold porous.

Ours are hammered from one solid piece by a patented machine which produces a perfect ring without a seam and of a hard, even texture which will keep its polish and will not wear away quickly.

From now on all our wedding rings will be made this way. They cost no more than the others.

Good rings usually run from \$6.00 to \$10.00, according to weight.

Mary Pickford will show you how to hold your cook.—Westholme Theatre tonight.

Miss Munro, formerly of the Canadian Fish & Cold Storage office staff, left for Seattle last night on the "Rupert."

The Prince Albert left last night for Nakat Inlet on the Alaskan border with a large shipment of freight, including 400 tons of coal.

See Clara Kimball Young and John Bunny in "Pirates," a whirlwind of laughter from start to finish, at the Empress Theatre tonight only.

J. S. Roberts of the Royal North West Mounted Police force, left last night on the Prince Rupert for Vancouver after visiting some of his friends in town.

Ben Self left for Vancouver last night on the Prince Rupert on business. Mrs. Self will return with him after a short vacation with her relatives in Washington State.

Hearing a conversation in a private residence the other day the talk came around to pianos and Canada's master piano, Heintzman & Co., was mentioned. All agreed that it was the best, but someone volunteered the information that the local representative handled only second-hand instruments and was having trouble with them, as one was sent back after being sold. That is a half truth. It was not uttered in malice but if let stand at that may give a very wrong impression. I am the direct representative of Heintzman & Co. by personal arrangement with Mr. Geo. Heintzman, the president of the firm, on whom I called in Toronto at New Years on my way back from overseas. I did sell a used piano and the buyer quite understood he was getting a used instrument and was satisfied that he had value, but on consideration decided that he would pay the difference and get a new one. I allowed him all he had paid out and wired to the factory for a new one for him, so everyone is thoroughly satisfied. The buyer has settled his piano problem for life. I have made a friend and another new Heintzman & Co. piano has settled down in one more home to be the pride and satisfaction of its owner for a generation.—Signed, W. J. PITMAN, the Prince Rupert Music Store. 11

Hearing a conversation in a private residence the other day the talk came around to pianos and Canada's master piano, Heintzman & Co., was mentioned. All agreed that it was the best, but someone volunteered the information that the local representative handled only second-hand instruments and was having trouble with them, as one was sent back after being sold. That is a half truth. It was not uttered in malice but if let stand at that may give a very wrong impression. I am the direct representative of Heintzman & Co. by personal arrangement with Mr. Geo. Heintzman, the president of the firm, on whom I called in Toronto at New Years on my way back from overseas. I did sell a used piano and the buyer quite understood he was getting a used instrument and was satisfied that he had value, but on consideration decided that he would pay the difference and get a new one. I allowed him all he had paid out and wired to the factory for a new one for him, so everyone is thoroughly satisfied. The buyer has settled his piano problem for life. I have made a friend and another new Heintzman & Co. piano has settled down in one more home to be the pride and satisfaction of its owner for a generation.—Signed, W. J. PITMAN, the Prince Rupert Music Store. 11
