The matter of the Borden St. water supply was referred back to the engineer for further report. The general opinion of the Aldermen was that the difficulty in regard to the supply at the school arose from faulty piping in the building as there was a separate two-inch main leading to it without any other service interfering.

The Value of Good Glasses

G LASSES have a value only so far as they represent the skill of your optician.

THE all important thing is that they correct and overcome the defects that cause visual trouble and discomfort. Nothing else will satisfy. No other standard is high enough.

MEASURE the worth of your glasses by what they do—not by what they are.

WHEN we make glasses, it is after a deliberate and careful examination, estimating accurately the amount of the defect, and grinding the lenses to cancel and eliminate it.

FOOTBALL MATCH ON GOOD FRIDAY

International Game Between England and Scotland Will Open The Season.

On Friday next the Sons of England football team will play the opening match of the season against the St. Andrew's Society at the Athletic grounds. That will be the first of the season's games for adults. It is looked upon as more or less of an international match and for that reason will be of considerable interest.

Last year the Scotsmen carried everything before them, but the south of the border crowd seem to think they can reverse things this year. There are a lot of new men in town and some of them are players of standing. For that reason the first game will be pretty much of a gamble.

FUNERAL OF LATE SIR WILFRID LAURIER

Procession Shown in Pictures at Empress Tonight—Also June Elvidge in "Broken Ties."

The funeral of the late Sir Wilfrid Laurier will be shown at the Empress Theatre tonight. It is the first time this has been shown here and is the only official film.

The big film at this show is "Broken Ties," starring June Elvidge. Miss Elvidge is seen in the role of Marcia Fleming, a loving wife, who, through a peculiar train of circumstances, is brought into a position of great peril. Her husband, John Fleming—played by Montagu Love—is forced to add to her peril through his desire to do the best possible for his client, Arnold Curtis—played by Arthur Ashley—who is accused of murder. Fleming is forced to probe into his wife's connection with the crime and the deeper he probes the more it looks as though his wife herself was guilty of the deed.

The developments are surprising and speedy. The character delineation is, of course, perfect. It could not be otherwise with such a superb cast.

The picture is a startlingly interesting drama. It moves with top speed all the time. The interior scenes are rich and elaborate.
