GERMANS HAVE ACCEPTED THE ALLIES' TERMS

They Will Have Plenipotentiaries in Attendance.

(Special via G. T. P. Telegraphs.)
Paris, April 22.—The German government has notified the Allies that they are prepared to accept all the conditions on which the plenipotentiaries may attend the peace conference. They will endeavor to act as fully accredited plenipotentiaries and in every way will conform to the regulations laid down by the "Big Four."

The Germans wished to send plenipotentiaries who would have no authority to act, but this the Allies refused. Last night word was received of the acquiescence of the German government in the demands of the Allied governments.

The plenipotentiaries will be sent to Versailles under guard and will be under close surveillance until the treaty is signed.

ROUMANIANS ADVANCING ON HUNGARY

Excitement is Caused at Budapest by News—Appeal To the People.

(Special via G. T. P. Telegraphs.)
London, April 22.—The Roumanian army is advancing against Hungary where the Bolsheviks are now in control.

Budapest, April 22.—News of the Roumanian advance caused intense excitement here. The government has issued a series of appeals to the people to arm themselves and complete the revolution which is now declared to be in great peril. All reserve officers and soldiers have been ordered to join the Red Army immediately and every effort is being made to organize a view to repelling the invaders.

MUCH DAMAGE FROM TEREDO TO CUT LOGS

Big Loss Will be Occasioned to Aeroplane Spruce Estimated At \$100,000.

Loss to the extent of approximately \$100,000 has been caused by the depredations of the teredo to spruce logs which were assigned to be cut at the Prince Rupert mill, according to an estimate made by J. Golden, a Government scaler and timber expert who is at present appraising the damage.

Some of the logs are so badly affected that the pulp mill at Ocean Falls will not accept them. They are practically wasted.

The large rafts are being opened and arrangements are being made to store the logs in Silver Creek where the fresh water kills the teredo and stops their depredations.

COMMISSION TO REPORT ON REORGANIZATION OF CANADIAN MILITIA

Prominent Military Men Appointed To Report After Thorough Investigation.

(Special via G. T. P. Telegraphs.)
Ottawa, April 22.—A commission has been appointed by the Militia Department to visit every military district in Canada to investigate and report upon a scheme for the reconstruction of the Canadian "peace" militia, which will link up the pre-war and war records of militia units already existing.

The commission is to consist of Major General Sir William Dillon Otter, Major General Sir Archibald C. MacDonald, officer commanding the First Canadian Division; Brigadier General Ernest Alexander Cruikshank, director of the Historical Section of the Canadian militia regiments, and General Andrew G. L. McNaughton of the Canadian artillery corps.

OPTIMISM PREVAILS IN YUKON TERRITORY

Navigation Expected to Open on River About May 15 to 20.

(Special via G. T. P. Telegraphs.)
Dawson, April 22.—Great optimism prevails here and throughout the Yukon on account of the extensive preparations being made for the Klondike dredging and hydraulic operations which open next month. Several new companies have been formed and the season promises to be a busy one.

One hundred men, the steamboat crews and the shipyard employees for the Yukon River fleet, have arrived at Whitehorse. The first steamboat from Labarge is expected to arrive between May 15 and May 20 and the first through steamers from Whitehorse should arrive about June 1.

THE MAD DOG OF EUROPE.

The Park-Keeper: "You can't bring that dog in here with you, Madam."
Mrs. Germania: "But I bred him myself."
The Park-Keeper: "Well, go and drown him."

RETALLACK IS NEW UTILITIES COMMISSIONER

F. A. Robertson Appointed Chairman of Provincial Returned Soldiers' Commission.

(Special via G. T. P. Telegraphs.)
Victoria, April 22.—Major John Ley Retallack, a veteran of the Great War, has been appointed the first Utilities Commissioner for B. C. Retallack served for five years with the Royal Northwest Mounted Police and in 1889 he settled in the Kootenay District. He has had experience in railway construction, banking and mining, corporation accounting and public service. He was at Ypres and on the Somme and during the later stages of the war was at the Canadian Railway Headquarters in France.

The Provincial Government first appointed Mayor Gale of Vancouver as Utilities Commissioner, but owing to the demonstrations of returned soldiers Gale refused to accept the position and the appointment of Retallack, a returned man, followed.

Another appointment made was that of Major F. A. Robertson, D. S. O., of Victoria, to be chairman of the reorganized Provincial Returned Soldiers' Commission. Major Robertson lost his right eye at Regina Trench and his right leg at Amiens.

NEW CUSTOMS HOUSE ON STIKINE RIVER

C. Tervo, of the Victoria customs staff, formerly sub-collector for the outport of Stikine, has been appointed to undertake the erection of a new customs office on the Stikine River.

The new offices will be built about a mile and a half farther up the river than the previous customs house. At this point there is a suitable site and there is water and wood for fuel close by. The steamship men on the river have also indicated the suitability of the spot for landing.

300,000 LBS. OF HALIBUT NOW AWAITING SALE

Shortage of Cars Causes Delay in Discharging—Six Expected Tonight.

Seventeen fishing schooners are in port today and on account of a shortage of cars, will probably sell tomorrow morning. Six cars are expected in tonight.

The catches of the boats are as follows: The Panama, 60,000; Atlantic, 40,000; Minnie V., 4,000; Tide, 4,500; Muirnac, 5,500; Atli, 6,000; Molly May, 6,500; M. M. Chris, 3,000; Giffen, 9,500; Wanderer, 6,000; Eastern Point, 4,000, making a total of 270,500 pounds of halibut ready to be sold.

Salmon.
Of salmon there are three boats with catches of the following amounts: The Jean with 600 pounds of reds and 200 of whites, the Ruth with 1,500 reds and 500 of whites, and the St. Elroi with 800 lbs.

WILL LECTURE ON ATROCITIES OF THE ENEMY

R. Crowe-Swords Here on Tour And On Return From Prince George Will Give Address.

R. Crowe-Swords, acting special representative of the Soldiers' Re-establishment, vocational branch, is here in the course of a lecturing tour. He has a double duty, that of depicting from first hand observations the atrocities of the Huns during the war, and also of interesting employers of labor and the public generally in the work of the vocational branch of the department and of educating disabled men.

Mr. Crowe-Swords proposes delivering a lecture here in the Westholme Theatre on Sunday, May 4. He is on his way up the line as far as the boundary of the province and will lecture here on his return.

Speaking of the work with which he is connected, Mr. Crowe-Swords said they were inviting close co-operation between employers and returned men. They were now in a position to supply men in any vocation who were qualified to fill the positions which might become vacant.

Mr. Crowe-Swords is said to be an excellent lecturer and he handles without gloves the matter of atrocities. Before undertaking his present work he was industrial adviser to the Dominion Government under the Military Service Act. He has seen active service both with the Imperial and Canadian forces and is also a veteran of the South African war.

EMPLOYMENT FOR RETURNED SOLDIERS

Many soldiers desiring to farm for themselves find it necessary to work on a farm for a few months to renew experience, to get new experience or to learn a district. They are to be dealt with by the farmer as a farm help, and paid according to their experience and ability by the farmer. Anyone requiring one or more should drop a line to Lieut. R. L. Ramsay, Soldiers' Settlement Board, Birks Building, Vancouver, B. C.

Applicants should give full particulars of the class of man wanted, married or single, experienced or otherwise, what wages paid and state the class of farming; also state length of time position can be held. It will help the soldiers and the reconstruction problem if this is done.

INCREASE TO CAPACITY OF COLD STORAGE

Tenders Being Called for Work On Completion of Two Upper Storeys.

Tenders are being called for the completion of the interior of the two upper flats at the plant of the Canadian Fish & Cold Storage plant at Seal Cove and it is understood that the work will be proceeded with almost immediately. T. H. Johnson, the local manager, is in the east in connection with this, and while there is nothing authoritative to be said in his absence, it is understood that the work will proceed at once if the cost is not too high and that also the freezing capacity of the plant is to be increased by the addition of powerful machinery which will enable an increased supply of ice to be manufactured.

The improvements which are contemplated will mean an outlay of close to \$100,000 and will increase the cold storage capacity of the plant to from three to three and a half million pounds. This means a great thing for the port as it will enable the plant to handle all the fish that is offered.

The installation of new machinery will mean a great increase in the ice manufacturing capacity so that all boats which come here may be able to get their ice right at Prince Rupert. It will solve a difficult problem for the fishermen during the summer months.

The increase to the plant was forecasted in The News last autumn but it is only now that action has been finally decided upon.

SURVEYOR OPENING OFFICE AT STEWART

D. B. Morkill, provincial land surveyor of Vancouver, is opening an office at Stewart May 1. He says that a very keen interest in the reports from Salmon River District is being displayed by mining men from all quarters and predicts that the activity which is sure to follow the present phenomenal developments in that vicinity will materially add to the prosperity of Prince Rupert and district.
