## NEW PROPOSAL FOR CITY MARKET

Committee Recommends Renting Building and Reserving Three Stalls For Local Producers.

A report of the market committee to the City Council last night in regard to the renting of the City Market was laid on the table for a week for consideration. Alderman Casey who fathered the scheme and Alderman Kirkpatrick were for immediate adoption and the acting mayor said that he was prepared to vote for it, but the other aldermen wanted to consider it well before voting and on a vote of three to two this was decided upon.

**The Scheme.**  
The proposal is to lease the building for \$25 a month for one year, the tenant to pay all charges such as telephone, light and heat, which are at present paid by the city, and to run it as an independent concern.

The tenant is to take out a license in the usual way but to put up a \$2,000 bond and to sell local produce at a profit of 7½ per cent. Also three stalls would be reserved for anyone who wished to rent them to sell local products.

**Vancouver Market.**  
Alderman Casey intimated that he already had a tenant who was ready to go in on these terms. He said that he considered it a fair working proposition and ought to satisfy the community. While in Vancouver recently he had looked into the market proposition there and the scheme which he was proposing was based on the one in use there.

The alderman went on to quote a number of articles which he had seen on sale with prices attached and they seemed wonderfully cheap with some exceptions. The whole scheme seemed to be satisfactory.

Acting Mayor McRae said that he liked the proposal and he thanked Alderman Casey for his interest in the matter.

Alderman Currie, who is a member of the Market Committee, said he was not yet prepared to sign the recommendation until he looked into it thoroughly.

Ald. McMeekin also thought a week would give time to examine it. He had no kick coming, in fact he always supported the market and thought it should be a success. He wondered, however, if three stalls would be a sufficient number to reserve for local sellers.

**Object to Dictation.**  
Alderman Casey said that the retail merchants claimed the right to dictate the policy of the council, but he objected to that. They could not expect to reserve the whole of the market.

Alderman McMeekin again expressed the opinion that the matter should be discussed freely and not rushed through. A man to go into this business would need some capital if he had to put up a \$2,000 bond and also pay for a big stock of goods. There were a lot of things to consider.

### INDIANS BUILD BOAT

Juneau, April 23.—Natives are busy constructing a 49-foot seino boat which is nearly ready to be launched. Jack Clark and his assistants, all natives, have had no technical experience in boat building, outside of that secured in running and repairing their own fishing boats.

The boat they are building is said to be the largest one yet built in Juneau, outside of the Anita Phillips, which was built by George Phillips, a white man. The new boat will be launched about May 15.
